

The background of the cover art features a man with a serious expression, wearing a dark blue military-style uniform with gold epaulettes and buttons. He is holding a glowing purple orb with both hands. Behind him is a large, dark, gothic-style castle with multiple towers and spires, set against a night sky with a full moon and clouds. The ground in the foreground is covered in a complex, glowing blue and yellow maze pattern.

The Labyrinth of Time Anthony Peake, 2017-07-19 Time is one of life's great mysteries From sand passing through an hourglass to time's winged chariot hurrying near we often perceive it as an unrelenting force which exists outside of ourselves And yet anyone who remembers the long summers of childhood or has sat watching an agonisingly slow ticking clock feels that time is elastic So which is it Anthony Peake puts forward an incredible hypothesis about the relationship between time and consciousness His theory explains many enigmatic phenomena including déjà vu precognition near death experience and altered states Building upon the ideas of his groundbreaking *Is There Life After Death* and drawing upon a remarkable breadth of science philosophy and literature his utterly compelling theory may change the way you view your life forever Praise for Anthony Peake Peake has the gift to explain complex theories in simple words Evelyn Elsaesser Valarino author of *Lessons from the Light* I found Peak's theory to be as thought provoking an exhilarating as a great film Colin Wilson author of *The Outsider*
