The Transfiguration of Christ and Creation John Gatta, 2011-01-01 The biblical story of Jesus Transfiguration on a high mountain bristles with meanings germane to present day concerns and spiritual longings Together with its later artistic representations this episode from the synoptic gospels seizes the imagination as an icon of mystical hope beauty and possibility What might such an iconic episode long honored liturgically in the Eastern church disclose not only about Jesus but also about the prospect of seeing our human nature transformed And as interpreted by Christian tradition since the patristic era what might it tell us about the worth of envisioning not just a conservation or preservation of natural resources but a transfiguration of all creation and about how this feast of beauty could re energize current discussions of Christianity s relation to environmental attitudes and policy Such questions are addressed in this book through an original blend of personal reflection with commentary on relevant theological and scriptural texts literary works music and art.

The Oxford Handbook of Anglican Studies Mark David Chapman, Sathianathan Clarke, Martyn Percy, 2016 The Anglican Communion is the third largest Christian denomination and claims a membership of some 80 million members in about 164 countries Given that there are only around two hundred countries in the world this makes the churches of the Anglican Communion the most geographically widespread denomination after Roman Catholicism The 44 essays in this volume embrace a wide range of academic disciplines theological historical demography and geography and different aspects of culture and ethics They are united in their discussion of what is effectively a new inter disciplinary subject which we have termed Anglican Studies At the core of this volume is the phenomenon of Anglicanism as this is expressed in different places and in a variety of ways across the world This Handbook covers a far broader set of topics from a wider range of perspectives than has been hitherto attempted in Anglican Studies At the same time it doesn't impose a particular theological or historical agenda The contributions are drawn from across the spectrum of theological views and opinions It shows that the unsettled nature of the polity is part of its own rich history and many will see this as a somewhat lustrous tradition In its comprehensive coverage this volume is a valuable contribution to Anglican Studies and helps formulate a discipline that might perhaps promote dialogue and discussion across the Anglican world

Happiness and Holiness Denise Inge, 2008-09-01 The 17th century writer Thomas Traherne is increasingly being recognised and studied as a theologian as well as a poet The discovery in 1997 announced by the author of this volume of five new prose works and a poetic work has given huge impetus to the study of Traherne in literature and theology This affordable concise introduction to Traherne's life and work concerns Traherne primarily as a theologian and places him in an historical and intellectual context he has thus far lacked It demonstrates his distinctive contribution to Anglican theology Consisting of a 10 000 word introductory essay and biography it is followed by extracts from Traherne's work under the following headings Creatures and Powers Holiness and

outside the monastery Organized around topics such as prayer community and the vows each of Day's reflections begins with memories of her monastic experience and then presents a perceptive and often humorous critique of the contrasting values of our present culture For each topic she chronicles with honesty and humility her subsequent struggles to apply back home the alternative approaches learned from the sisters she lived with and offers a wealth of practical suggestions Filled with stories from her own life and fascinating details of daily life in the monastery her book is sure to strike a spark with all those seeking to live in a fully human and Christ centered way

Laughter Vinoth Ramachandra, 2020-05-31 Sarah's Laughter provides a reflection on suffering that is deeply personal and both theologically and philosophically astute. Vinoth Ramachandra draws on his distinctive positioning as a Sri Lankan Christian theologian, one who has lived and ministered in contexts shaped by the destruction of natural disasters and the violence of human evil, to confront the intellectual, moral, and political challenges posed to faith in the increasingly broken world of the twenty-first century. Yet far from being an abstract discussion of theodicy, this book is intimate and vulnerable, embracing the biblical practice of lament and inviting an authentic response to grief, one that makes space for serious doubt and profound questioning. Sharing his own ongoing journey with suffering and a questing faith, Ramachandra reminds us that lament and joy, faith and protest, clarity and ambiguity belong together in faithful Christian discipleship. It is not in bypassing the darkness of the world but in embracing it in imitation of the incarnate God that we may glimpse the new creation.
