Lost Innocence Folk Craft Potters Of Onta Japan:

Lost Innocence Brian Moeran,1984-01-01 **Folk Art Potters of Japan** Brian Moeran,2013-12-19 This is a study of a group of potters living in a small community in the south of Japan and about the problems they face in the production marketing and aesthetic appraisal of a kind of stoneware pottery generally referred to as mingei or folk art It shows how different people in an art world bring to bear different sets of values as they negotiate the meaning of mingei and try to decide whether a pot is art folk art or mere craft At the same time this book is an unusual monograph in that it reaches beyond the mere study of an isolated community to trace the origins and history of folk art in general By showing how a set of aesthetic ideals originating in Britain was taken to Japan and thence back to Europe and the United States as a result of the activities of people like William Morris Yanagi So etsu Bernard Leach and Hamada Sho ji this book rewrites the history of contemporary western ceramics *Bamboo in Japan* Nancy Moore Bess,Bibi Wein,2001-05-18 This is a fully illustrated guide to the art craft and design of bamboo as demonstrated by the Japanese It demonstrates how to use inexpensive materials to create sophisticated effects in the home and garden A list of bamboo collections gardens and research sources is included For centuries bamboo has fascinated legions of craftspeople plant lovers and devotees of the handcrafted object And nowhere is bamboo used more elegantly and distinctly than in Japan Its presence touches every part of daily life art crafts design literature and food Its beauty Daniel Johnston Henry Glassie,2020-03-03 DANIEL JOHNSTON raised on a farm in Randolph County returned from Thailand with a new way to make monumental pots Back home in North Carolina he built a log shop and a whole of a kiln for wood firing Then he set out to create beautiful pots grand in scale graceful in form and burned bright in a blend of ash and salt With mastery achieved and apprentices to teach Daniel Johnston turned his brain to massive installations First he made a hundred large jars and lined them along the rough road that runs past his shop and kiln Next he arranged curving clusters of big pots inside pine frames slatted like corn cribs to separate them from the slick interiors of four fine galleries in succession Then in concluding the second phase of his professional career Daniel Johnston built an open air installation on the grounds around the North Carolina Museum of Art where 178 handmade wood fired columns march across a slope in a straight line 350 feet in length that dips and lifts with the heave while the tops of the pots maintain a level horizon In 2000 when he was still Mark Hewitt s apprentice Daniel Johnston met Henry Glassie who has done fieldwork on ceramic traditions in the United States Brazil Italy Turkey Bangladesh China and Japan Over the years during a steady stream of intimate interviews Glassie gathered the understanding that enabled him to compose this portrait of Daniel Johnston a young artist who makes great pots in the eastern Piedmont of North Carolina **Family and Social Policy in Japan** Roger Goodman,2002-11-26 Table of contents **Women, Media and Consumption in Japan** Brian Moeran,Lise Skov,2013-12-16 First book of its kind to examine images of women in Japanese consumerism Explores a variety of media targeted at women in particular magazines but also television popular literature and consumer trends Covers visual

P. Martinez,2004-04-30 Through her detailed description of a particular place Kuzaki cho at a particular moment in time the 1980s D P Martinez addresses a variety of issues currently at the fore in the anthropology of Japan the construction of identity both for a place and its people the importance of ritual in a country that describes itself as nonreligious and the relationship between men and women in a society where gender divisions are still very much in place Kuzaki is for the anthropologist both a microcosm of modernity and an attempt to bring the past into the present But it must also be understood as a place all of its own In the 1980s it was one of the few villages where female divers ama still collected abalone and other shellfish and where some of its inhabitants continued to make a living as fishermen Kuzaki was also a kambe or sacred guild of Ise Shrine the most important Shinto shrine in modern Japan home to Amaterasu the sun goddess Kuzaki's rituals affirmed a national identity in an era when attitudes to modernity and Japaneseness were being challenged by globalization Martinez enhances her fascinating ethnographic description of a single diving village with a critique of the way in which the anthropology of Japan has developed The result is a sophisticated investigation by a senior scholar of Japanese studies that while firmly grounded in empirical data calls on anthropological theory to construct another means of understanding Japan both as a society in which the collective is important and as a place where individual ambitions and desires can be expressed **Unwrapping Japan** Eyal Ben-Ari,Brian Moeran,Jim Valentine,2010-10-18 Recent years have witnessed an explosive growth in the literature published about Japan Yet it seems that the more that is written about Japan and Japanism its culture society people the more mysterious it becomes As well as exploring issues relating to advertising tourism women festivals and the art world the book depicts how the study of Japanese society contributes to anthropological theory and understanding The editors use the term unwrapping to provide insights into Japanese culture and relate these insights to broader problems and questions prevalent in contemporary anthropological discourse The issues explored include the contribution of applied anthropology to theory the relationship between tourism and nostalgia the interplay of marginality and belonging the role of advertising in gender relations status in the art world and the place of Japanese genres of writing within anthropology texts *Making Japanese Heritage* Christoph Brumann,Rupert A. Cox,2009-12-16 This book examines the making of heritage in contemporary Japan investigating the ways in which

particular objects practices and institutions come to be seen as forms of heritage which are ascribed public recognition and political significance
