Lost Men:

The Lost Men Kelly Tyler-Lewis, 2007-03-27 The untold story of the last odyssey of the heroic age of Antarctic exploration Sir Ernest Shackleton's 1914 Antarctic endeavor is legend but for sheer heroism and tragic nobility nothing compares to the saga of the Ross Sea party This crew of explorers landed on the opposite side of Antarctica from the Endurance with a mission to build supply depots for Shackleton's planned crossing of the continent But their ship disappeared in a gale leaving ten inexperienced ill equipped men to trek 1 356 miles in the harshest environment on earth Drawing on the men's own journals and photographs *The Lost Men* is a masterpiece of historical adventure a book destined to be a classic in the vein of *Into Thin Air*

Statistical Abstract of the United States, 1933 *The Four Lost Men* Thomas Wolfe, 2008 This is the never before published extended version of Wolfe's short story in memory of his father *The Four Lost Men* is the first publication of the long version of Wolfe's story of familial and national reflection set during World War I Wolfe supplies a moving portrait of his dying father as well as a rich mediation on American history and ambitions on the verge of America's entry into a broadening global conflict Discussion of the title characters Presidents Garfield Arthur Harrison and Hayes provides opportunity for assessment of the mood and promise of the nation as well as reflection on the obstacles that had obscured paths toward untapped American potential Garfield Arthur Harrison and Hayes the four Republican presidents who followed Grant during the Reconstruction and post Reconstruction eras were all Civil War generals and self made men though none experienced a particularly distinguished term in office These presidents are iconic figures in the stories and political musings of the narrator's dying father In his efforts to understand their importance to his father the teenaged narrator comes to appreciate the act of storytelling that redefines these men in his father's memory and in turn redefines his father in his own memory Originally published as a short story of 7 000 words in Scribner's Magazine in 1934 and later abridged by 1 000 words for reissue in the 1935 anthology *From Death to Morning* Wolfe's expanded tale is published here for the first time in its intended form and full length of some 21 000 words Editors Arlyn and Matthew J Bruccoli have employed the same methods to reestablish this text as they used to wide acclaim in their centennial edition of *O Lost The Story of a Buried Life* the unabridged version of Wolfe's *Look Homeward Angel* The reestablishment of the long version of *Four Lost Men* opens an undeveloped area of scholarship into Wolfe's short fiction and serves as a model for restoring other such works

Weill's Musical Theater Stephen Hinton, 2012-04-10 This book the first scholarly consideration of Weill's complete output of stage works is without doubt the most important critical study of the composer's oeuvre to date in any language Hinton's scholarship is superior and his insights original and illuminating The product of several decades of engagement with Weill's works their sources and reception as well as the secondary literature the book is a stunning achievement Brilliantly conceived and executed it will take its place as one of the cornerstones of Weill studies Kim H Kowalke University of Rochester and President Kurt Weill Foundation for Music In *Weill's Musical Theater Stages of Reform*

Stephen Hinton reminds us that Kurt Weill was always a revolutionary. The composer's insistent dedication to a provocative, constantly evolving lyric theater that spoke directly to audiences meant that Weill remained as controversial as he was popular. The celebrity that endeared him to Broadway made him anathema in Berlin. Some sixty years after Weill's death, Hinton is finally able to demonstrate the consistent brilliance, theatrical power, and coherence of a composer who revolutionized every genre he touched or used and whose collaborators read as a who's who of twentieth-century theater.

David Savran, author of *Highbrow Lowdown: Theater, Jazz, and the Making of the New Middle Class*, presents us with an image of Weill that is at once monumental yet still alive. A truly Protean figure, Weill is not an easy man to grasp in his totality. Brecht once wrote that a man thrown into water will have to develop webbed feet, and as a refugee from Nazi Germany, Weill had to become a cultural amphibian. But in Weill's Musical Theater, we see the composer from every angle, through the gaze of countless critics and reviewers, through Weill's own eyes, and finally through the filter of Hinton's judicious, focused prose. This account will stand.

Daniel Albright, author of *Untwisting the Serpent: Modernism in Music, Literature, and Other Arts*, *The Golden West*, 1920. By Himself. Deborah Kestin Van den Hoonaard, 2010-01-01. What happens when older men become widowers? Popular books, movies, and television present widowers as lost and unable to cope or care for themselves. These stereotypes do not encapsulate the experiences of real widowers: how their daily lives change and what being a widower means to individuals in both sociological and practical ways. *By Himself* is based on in-depth interviews with twenty-six widowers over the age of sixty living in the United States and Canada. Using these interviews, Deborah K. van den Hoonaard explores masculine identity and traces the stories that widowers tell about their wives' illnesses and deaths. She also focuses on the widowers' changed relationships with their children and friends, as well as with women, and details the men's encounters with tasks such as housework and cooking. An eminently readable and accessible book, *By Himself* sheds new light on the social meaning of being a widower.

Proceedings of the fourth National Conservation Congress at Indianapolis, October 1-4, 1912. United States. National Conservation Congress, 2023-07-10. The Proceedings of the Fourth National Conservation Congress at Indianapolis, October 1-4, 1912, serves as a vital historical document that encapsulates an era of heightened awareness about natural resource management in early 20th-century America. With meticulous attention to detail, this compilation presents speeches, discussions, and resolutions from key figures in conservation, illuminating the urgent dialogue regarding sustainable practices and the stewardship of America's vast natural resources. The literary style is formal and reportorial, reflective of its genesis in a time when conservationism began to emerge as a critical theme in American public policy, setting the stage for future environmental legislation. The National Conservation Congress, representing a diverse coalition of scientists, policymakers, and activists, found itself at the forefront of a national movement aimed at safeguarding America's natural landscapes from unchecked exploitation. This period of social reform was marked by influential figures including President Theodore Roosevelt, whose administration emphasized conservation as a moral

imperative guiding the Congress's discourse on the need for unified action I highly recommend this book to scholars students and anyone interested in the foundations of the modern conservation movement It not only chronicles pivotal moments in environmental advocacy but also offers insights into the challenges and triumphs that continue to resonate in contemporary discussions about ecology and sustainability The Athenaeum, 1913 **A Dictionary of the Holy Bible** John BROWN (Minister of the Gospel at Haddington.), 1807 *Hilaire Belloc - Premium Collection* Hilaire Belloc, 2022-01-04 Musaicum Books presents to you this meticulously edited collection of Hilaire Belloc's most influential works Nonfiction History The Book of the Bayeux Tapestry The Path to Rome The Old Road The French Revolution Blenheim Tourcoing Cr cy Waterloo Malplaquet Poitiers First and Last Europe and the Faith Survivals and New Arrivals The Old and New Enemies of the Catholic Church The Jews The Historic Thames A Change in the Cabinet A General Sketch of the European War The First Phase The Two Maps of Europe Economics Servile State Essays Avril Essays on the Poetry of the French Renaissance Hills and the Sea On Nothing and Kindred Subjects On Everything On Anything On Something This and That On The Free Press Fiction Novels Short Stories The Mercy of Allah The Green Overcoat Poetry A Moral Alphabet Bad Child's Book of Beasts More Beasts For Worse Children The Modern Traveller Cautionary Tales for Children More Peers
