British Theatre and Performance 1900-1950 Rebecca D'Monte, 2015-02-26 British theatre from 1900 to 1950 has been subject to radical re evaluation with plays from the period setting theatres alight and gaining critical acclaim once again this book explains why presenting a comprehensive survey of the theatre and how it shaped the work that followed Rebecca D Monte examines how the emphasis upon the working class angry drama from the 1950s has led to the neglect of much of the century s earlier drama positioning the book as part of the current debate about the relationship between war and culture the middlebrow and historiography In a comprehensive survey of the period the book considers the Edwardian theatre the theatre of the First World War including propaganda and musicals the interwar years the rise of commercial theatre and influence of Modernism the theatre of the Second World War and post war period Essays from leading scholars Penny Farfan Steve Nicholson and Claire Cochrane give further critical perspectives on the period s theatre and demonstrate its relevance to the drama of today For anyone studying 20th century British Drama this will prove one of the foundational texts

British Literature in Transition, 1940-1960: Postwar Gill Plain, 2018-12-20 Postwar is both a period and a state of mind a sensibility comprised of hope fear and fatigue in which British society and its writers paradoxically yearned both for political transformation and a nostalgic re instatement of past securities From the Labour landslide victory of 1945 to the emergence of the Cold War and the humiliation of Suez in 1956 this was a period of radical political transformation in Britain and beyond but these changes resisted literary assimilation Arguing that writing and history do not map straightforwardly one onto the other and that the postwar cannot easily be fitted into the explanatory paradigms of modernism or postmodernism this book offers a more nuanced recognition of what was written and read in the period From wartime radio writing to 1950s travellers cold war poetry to radical theatre magazine cultures to popular fiction this volume examines important debates that animated postwar Britain

research data Adopts an original and creative thematic approach to the subject with concepts such as race law gender class time and ideology forming the structure of the collection Explores current and ongoing debates on the links between the aesthetics and praxis of authors and modernist theoreticians Reveals the profound ways in which modernist authors have influenced key thinkers and vice versa
