Hall,2009-09-22 A high ranking Mason offers a fascinating glimpse into the Western world s most secretive society Hall traces the path followed by initiates to the ancient craft He also recounts the ethical training required of a Freemason and profiles the character traits a Mason must build within himself **The Lost Keys Of Freemasonry (The Sacred Books)** Manly P. Hall,2012 Freemasonry though not a religion is essentially religious Most of its legends and allegories are of a sacred nature much of it is woven into the structure of Christianity We have learned to consider our own religion as the only inspired one and this probably accounts for much of the misunderstanding in the world today concerning the place occupied by Freemasonry in the spiritual ethics of our race A religion is a divinely inspired code of morals A religious person is one inspired to nobler living by this code He is identified by the code which is his source of illumination Thus we may say that a Christian is one who receives his spiritual ideals of right and wrong from the message of the Christ while a Buddhist is one who molds his life into the archetype of morality given by the great Gautama or one of the other Buddhas All doctrines which seek to unfold and preserve that invisible spark in man named Spirit are said to be spiritual Those which ignore this invisible element and concentrate entirely upon the visible are said to be material There is in religion a wonderful point of balance where the materialist and spiritist meet on the plane of logic and reason CONTENTS Foreword Introduction Prologue In The Fields Of Chaos Temple Builders Chapter I The Eternal Quest Thoughtlessness Chapter II The Candidate Chapter III The Entered Apprentice Chapter IV The

Manly P. Hall,2021-06-14 Manly Palmer Hall was a writer lecturer mystic philosopher founder of the Philosophical Research Society an expert in tarot readings and a Freemason He wrote a series of occult books that became famous due to the author s breadth of knowledge Among his books The Lost Keys of Freemasonry and The Secret Teachings of All Time An Encyclopedic Exposition of Hermetic Kabbalistic and Rosicrucian Symbolic Philosophy are best known His books are primarily informational and contain numerous illustrations and original texts describing mystical components Freemasonry symbols Rosicrucians documents recipes by alchemists and Kabbalistic rules The Lost Keys of Freemasonry The Secret Teachings of All Ages *The Lost Key* Robert Lomas,2011-06-09 Robert Lomas is the bestselling co author of The Hiram Key and other international bestsellers on Freemasonic mysteries Many say he is the model for Dan Brown s hero Robert Langdon The Lost Key contains revelations that only an initiate of the highest orders of esoteric Freemasonry is in a position to make Here is the truth behind the hints in Dan Brown s The Lost Symbol that Freemasonry is concerned to reawaken the hidden potentialities and powers of the human mind The thrilling narrative of this new book follows a candidate for initiation as he rises through the different grades of initiation taking part in ceremonies that are sometimes terrifying but always revealing of new knowledge and presenting new mysteries which will only be solved when the next stage of initiation has been achieved Dramatic episodes include the re enacting of an ancient murder from 3 000 years ago in full gory detail lowering the candidate on the end of a rope into a dark vault under the floor of the temple

holding a dagger to the candidates naked breast and making the candidate attend his own funeral In the secret teachings revealed to some high level initiates there is a type of instruction which seems curiously similar to religious and mystical teachings Astrology angels chakras and the powers of the mind to operate independently of the body such as in remote viewing are all a part of Freemasonic lore Robert Lomas is both a physicist he teaches physics at Bradford University and a Freemason Here he reveals to a wider public and also explains these secret teachings for the first time He shows that while they are dismissed as superstitious by campaigners for atheism such as Richard Dawkins they are very much part of the strange paradoxical world opened up by the latest thinking in quantum physics This is why he prefers to call them Supranatural
