Mexican American In School A History Of Educational Neglect:

Mexican Americans in School Thomas P. Carter, 1970 **Chicana/o Struggles for Education** Guadalupe San Miguel, 2013-06-03 Much of the history of Mexican American educational reform efforts has focused on campaigns to eliminate discrimination in public schools However as historian Guadalupe San Miguel demonstrates in *Chicana o Struggles for Education* Activism in the Community the story is much broader and more varied than that While activists certainly challenged discrimination they also worked for specific public school reforms and sought private schooling opportunities utilizing new patterns of contestation and advocacy In documenting and reviewing these additional strategies San Miguel s nuanced overview and analysis offers enhanced insight into the quest for equal educational opportunity to new generations of students San Miguel addresses questions such as what factors led to change in the 1960s and in later years who the individuals and organizations were that led the movements in this period and what motivated them to get involved and what strategies were pursued how they were chosen and how successful they were He argues that while Chicana o activists continued to challenge school segregation in the 1960s as earlier generations had they broadened their efforts to address new concerns such as school funding testing English only curricula the exclusion of undocumented immigrants and school closings They also advocated cultural pride and memory inclusion of the Mexican American community in school governance and opportunities to seek educational excellence in private religious nationalist and secular schools The profusion of strategies has not erased patterns of de facto segregation and unequal academic achievement San Miguel concludes but it has played a key role in expanding educational opportunities The actions he describes have expanded extended and diversified the historic struggle for Mexican American education **Mexican American Education Study** United States Commission on Civil Rights, 1971 *“Colored Men” and “Hombres Aqui”* Michael A. Olivas, 2020-04-30 This collection of ten essays originally published in 2006 to commemorate the 50th anniversary of an important but almost forgotten U S Supreme court case *Hernandez v Texas* 347 US 475 1954 is now available in trade paperback for the first time Involving Mexican Americans and jury selection this major case was published just before *Brown v Board of Education* in the 1954 Supreme Court reporter This landmark case the first to be tried by Mexican American lawyers before the US Supreme Court held that Mexican Americans were a discrete group for purposes of applying Equal Protection Although the case was about discriminatory state jury selection and trial practices it has been cited for many other civil rights precedents in the intervening 50 years Even so it has not been given the prominence it deserves in part because it lives in the shadow of the more compelling *Brown v Board* case There had been earlier efforts to diversify juries reaching back at least to the trial of Gregorio Cortez in 1901 and continuing with efforts by the legendary Oscar Zeta Acosta in Los Angeles in the 1960s Even as recently as 2005 there has been clear evidence that Latino participation in the Texas jury system is still substantially unrepresentative of the growing population But in a brief and shining moment in 1954 Mexican American lawyers prevailed

in a system that accorded their community no legal status and no respect Through sheer tenacity brilliance and some luck they showed that it is possible to tilt against windmills and slay the dragon Edited and with an introduction by University of Houston law scholar Michael A Olivas *Colored Men and Hombres Aqui* is the first full length book on this case This volume contains the papers presented at the Hernandez at 50 conference that took place in 2004 at the University of Houston Law Center and also contains source materials trial briefs and a chronology of the case
