Naissance De La Poesie Dans L'occident Chretien:

Histoire de la littérature chrétienne antique grecque et latine Claudio Moreschini, Enrico Norelli, 2000 Cet ouvrage met la disposition des lecteurs les résultats de la recherche actuelle dans un domaine où les connaissances les méthodes et les perspectives ne cessent d'évoluer Bien que la littérature chrétienne de l'Antiquité appartienne à l'ensemble plus large de la littérature grecque et latine de l'époque impériale elle a sa spécificité en ce qui concerne ses milieux de production et de circulation ses formes littéraires certaines caractéristiques de sa langue et du lexique La littérature chrétienne grecque et latine est ici présentée dans ses rapports avec l'histoire des institutions et de la pensée mais l'attention porte en premier lieu sur le caractère spécifique du fait littéraire Cette présentation ne se pare pas le Nouveau Testament des Pères ni les orthodoxes des hérétiques Elle est en ce sens originale et permet une entrée non confessionnelle dans un monde littéraire particulièrement important La taille des textes traités a conduit les auteurs se limiter à la littérature grecque et latine à l'exclusion des littératures chrétienne syriaque arménienne copte ou thioienne Ce livre est le premier de deux volumes Il couvre la production littéraire chrétienne antique depuis Paul jusqu'à la fin de Constantin Le deuxième volume traitera de la suite de cette littérature jusqu'au seuil du Moyen âge

Genres Rediscovered Anna Maria Wasył, 2011 A reader of the *epyllion* by Dracontius the *elegy* by Maximianus and the *epigram* by Luxorius should not expect that these works and these new embodiments of the old genres will be wholly identical with their archetypes Were it so it would mean that we read but second rate versifiers indeed We may expect rather that thanks to the reading of Dracontius's *epyllion* Maximianus's *elegy* and Luxorius's *epigram* our understanding of these very genres may become fuller and deeper than if it was narrowed only to the study of the classical phase of the Roman literature Therefore I have decided to employ in the title of my book the expression *genres rediscovered* I have found it fair to emphasize that the poets whose works have been studied here merit appreciation for their creativity and indeed courage in reusing and reinterpreting the classical and truly classic literary

heritage In addition I have found it similarly fair to stress that for the students of Latin literature the borderline between the classical and the post classical is and should be flexible It is not my intention of course to imply that aesthetic and poetological differences should be ignored or blurred Quite the reverse these differences are profound and multidimensional and as such must be properly understood and explained The main issue is the fact that studies of Latin literature or rather of literature in general and especially generic studies require a proper i e diachronic perspective A description of a certain genre based merely on its most important or generally known representative representatives will always risk becoming incomplete and limited In genology one must be utterly prudent in defining the main and the marginal the relevant and the negligible In this sense an insight into a few genres practiced by some classical and classic Roman poets from the perspective of their post classical followers may be also for a genologist an intriguing rediscovery *Ausonius of Bordeaux* Hagith Sivan,2003-09-02 In the burgeoning field of late classical antiquity the authors of late Roman Gaul have served as a mine of information regarding the historical cultural political social and religious developments of the western empire and of Gaul in particular Ausonius is outstanding among these authors for the extraordinary range of material which his writings illuminate His family exemplifies the rise of provincial upper classes in Aquitania through talent ambition and opportunism Fusing historical method with archaeological artistic and literary evidence Hagith Sivan interprets the political message of Ausonius work and conveys the material reality of his lifestyle **Paulinus of Nola** Dennis E. Trout,2023-12-22 This study offers a comprehensive reconsideration of the life and literary works of Paulinus of Nola ca 352 431 a Roman senator who renounced his political career and secular lifestyle to become a monk bishop impresario of a saint s cult and prominent Christian poet Dennis Trout considers all the ancient materials and modern commentary on Paulinus and also delves into archaeological and historical sources to illuminate the various settings in which we see this late ancient man at work This vivid historical biography traces Paulinus s intellectual and spiritual journey and at the same time explores many facets of the late ancient Roman world In addition to filling out the details of Paulinus s life at Nola Trout looks in depth at Paulinus before his ascetic conversion providing a new assessment of this formative period to better understand Paulinus s subsequent importance within the influential ascetic and ecclesiastical circles of his age Trout also highlights Paulinus s place in the swirl of rebellions and heresies of the time in the pagan revival of the 390s and especially in the development of a new genre of Christian poetry And he examines anew Paulinus s relationships with such figures as Jerome Rufinus and Augustine Trout fully explores the complexity of a figure who has too often been simplified and provides new insights into the kaleidoscopic character of the age in which he lived This study offers a comprehensive reconsideration of the life and literary works of Paulinus of Nola ca 352 431 a Roman senator who renounced his political career and secular lifestyle to become a monk bishop impresario of a saint s cult and promin [The >Epigramma Paulini<](#) Roberto Chiappiniello,2023-01-30 This is the first full scale critical edition of the Epigramma Paulini with English translation and commentary The Epigramma Paulini 110

hexameters is a late antique poem of unknown date and authorship arguably written during the first decade of the fifth century AD preserved by only one Carolingian manuscript While the outside world is torn by outbreaks of war and social unrest the poem's three characters discuss people's behavior and reaction to the crisis What should one change to stop social and political decline What hope does one have to end the crisis and to rebuild a new society These are some of the questions the three characters of the poem strive to answer In recent years scholars have paid some attention to this piece mainly drawn to it by a singular insertion of satire within the frame of Vergil's pastoral model however no close study of the poem had been published This first critical edition provides an in depth exploration of the poem's message and its innovative contribution to the reception of classical pagan literature in a Christian context

Juvencus' Four Books of the Gospels Scott McGill, 2016-05-20 Juvencus Evangeliorum libri IV or The Four Books of the Gospels is a verse rendering of the gospel narrative written ca 330 CE Consisting of around 3200 hexameter lines it is the first of the Latin Biblical epics to appear in antiquity and the first classicizing hexameter poem on a Christian topic to appear in the western tradition As such it is an important text in literary and cultural history This is the first English translation of the entire poem The lack of a full English translation has kept many scholars and students particularly those outside of Classics and many educated general readers from discovering it With a thorough introduction to aid in the interpretation and appreciation of the text this clear and accessible English translation will enable a clearer understanding of the importance of Juvencus work to later Latin poetry and to the early Church

Enchantment and Creed in the Hymns of Ambrose of Milan Brian P. Dunkle, 2016-10-20 Enchantment and Creed in the Hymns of Ambrose of Milan offers the first critical overview of the hymns of Ambrose of Milan in the context of fourth century doctrinal song and Ambrose's own catechetical preaching Brian P. Dunkle SJ argues that these settings inform the interpretation of Ambrose's hymnodic project The hymns employ sophisticated poetic techniques to foster a pro Nicene sensitivity in the bishop's embattled congregation After a summary presentation of early Christian hymnody with special attention to Ambrose's Latin predecessors Dunkle describes the mystagogical function of fourth century songs He examines Ambrose's sermons especially his catechetical and mystagogical works for preached parallels to this hymnodic effort Close reading of Ambrose's hymnodic corpus constitutes the bulk of the study Dunkle corroborates his findings through a treatment of early Ambrosian imitations especially the poetry of Prudentius These early readers amplify the hymnodic features that Dunkle identifies as enchanting that is enlightening the eyes of faith **Poetry and the Cult of the Martyrs**

Michael Roberts, 1993 A beautifully detailed literary study of Prudentius's eulogies of the Christian martyrs **Expectations of Justice in the Age of Augustine** Kevin Uhalde, 2013-03-26 Augustine bishop of Hippo between 395 and 430 and his fellow bishops lived and worked through massive shifts in politics society and religion Christian bishops were frequently asked to serve as intellectuals legislators judges and pastors roles and responsibilities that often conflicted with one another and made it difficult for bishops to be effective leaders Expectations of Justice in the Age of Augustine examines these roles and the ways bishops struggled to fulfill or failed to fulfill them as well as the philosophical conclusions they drew from their experience in everyday affairs such as oath swearing and in the administration of penance Augustine and his near contemporaries were no more or less successful at handling the administration of justice than other late antique or early

medieval officials When bishops served in judicial capacities they experienced firsthand the complex inner workings of legal procedures and social conflicts as well as the fallibility of human communities Bishops represented divine justice while simultaneously engaging in and even presiding over the sorts of activities that animated society business deals litigations gossip and violence but also made justice hard to come by Kevin Uhalde argues that serving as judges even informally compelled bishops to question whether anyone could be guaranteed justice on earth even from the leaders of the Christian church As a result their ideals of divine justice fundamentally changed in order to accommodate the unpleasant reality of worldly justice and its failings This philosophical shift resonated in Christian thought and life for centuries afterward and directly affected religious life from the performance of penance to the way people conceived of the Final Judgment

toward transcendence to understand even their most materialistic practices as spiritual Focusing on art poetry and politics three activities especially condemned as worldly in early Christian culture he reveals how over the past two thousand years these activities nevertheless expanded the potential for their own existence within Christian culture because they were used to represent Judaism Nirenberg draws on an astonishingly diverse collection of poets painters preachers philosophers and politicians to reconstruct the roles played by representations of Jewish enemies in the creation of Western art culture and politics from the ancient world to the present day This erudite and tightly argued survey of the ways in which Christian cultures have created themselves by thinking about Judaism will appeal to the broadest range of scholars of religion art literature political theory media theory and the history of Western civilization more generally New Perspectives on the Sacred and the Secular in Old French and Old Provençal Poetry Cyril Aslanov, 2019-01-14 This book delves into the question of the coexistence convergence and opposition between the sacred and the secular as reflected in Old French and Old Provençal poetry from the early to the late central Middle Ages that is from the end of the ninth century until the thirteenth century It breaks the boundaries between the intratextual dimension and the cultural and historical context wherefrom the texts emanated in order to reassess the role of sacredness in the civilizational landscape of France and Occitania during the golden age of Old French and Old Provençal poetry It will interest not only Romanists but also historians specialists of the history of religions and students and scholars of general and comparative literature
