Nigeria A Country Study

Martin P. Mathews

Nigeria A Country Study:

Nigeria, a Country Study Carlyn Dawn Anderson, 1979 *Nigeria* Helen Chapin Metz, 1992 *Nigeria* Department of the Army, 2013-07 This volume is one in a continuing series of books prepared by the Federal Research Division of the Library of Congress under the Country Studies Area Handbook program sponsored by the department of the Army

Nigeria Martin P. Mathews, 2002 Nigeria seems to be in the news all of the time for something be it regime changes co operation internal strife or oil policies The most populous country in Africa and the largest in area in the West African state Nigeria was an early twentieth century colony that became an independent nation in 1960 A country of great diversity because of the many ethnic linguistic and religious groups that live within it borders Nigeria is also a country with a long past This book brings together current issues and a detailed historical background **A Study of Blind Education in**

Three States of Nigeria David Oyebamiji Akanji, 2009-09-28 Despite policies to provide equal education opportunities for African children the dreams of most disabled students are not realized especially for blind children Many blind students do not have an opportunity to continue their education In this study The Management of the Education of Blind and Visually Impaired Students in Nigerias State Capitals of Kwara Lagos and Plateau author David Oyebamiji Akanji investigates the problems facing the education of the blind in Nigerian public schools Researched as part of a doctoral dissertation this study assessed the Quality and effectiveness of practices governing the management of blind education in self contained schools Quality and effectiveness of policies and practices governing the inclusion of blind and visually impaired students in the regular classrooms of mainstream schools Unique nature of the problems hampering the academic performance of blind and visually impaired students in three most populous state capitals in Nigeria Obstacles associated with self concept of blind and visually impaired students Oyebamiji Akanji shares his research strategy results and recommendations He reveals that the management of blind education in Nigeria public schools requires adequate policies proper education for teachers

availability of appropriate educational resources and collaboration among general and special education teachers *Nigeria in the Twenty-first Century* Emmanuel Ike Udogu, 2005 Political stability and peaceful coexistence among Nigeria s diverse nationalities are imperative for development and democratic consolidation and could serve as a model for the region and Africa as a whole This volume put together by leading Nigerian scholars addresses strategies for taming the military to avoid future coups solving the ethnic diversity question through national reconciliation de marginalising women in politics and society reducing human rights violations through the law and many other issues *Human Rights in Nigeria's External Relations* Philip Aka, 2016-12-20 This book is a broad ranging argument for thorough reforms at home and abroad in Nigeria as the only antidote to the nation building dilemmas Nigeria confronts in the first quarter of the twenty first century Because of its enormous material and human endowments Nigeria is dubbed the Giant of Africa It is a moniker many of its leaders take seriously Yet Nigeria is a state rife with instability some of it periodically erupting into violence Given still ongoing

national security challenges in the land that notoriously includes a bloody religion oriented terrorism the Fourth Republic since 1999 the longest period of continuous democratic rule since independence key to the timeline of this book has not been insulated from the spell of instability The main argument of this work is that internationally agreed upon ethical standards embedded in human rights can save Nigeria This book is a methodologically and theoretically grounded seminal discourse on Nigerian foreign relations that spells out the human rights or lack thereof in those relations including underlying and impinging domestic forces This work is set around six issues of application embedded in a temple of Nigeria s human rights foreign policy comprising two steps and four pillars reconstructed national interest increased human rights at home redesigned peacekeeping reshaped foreign policy machinery increased bilateralism in foreign relations and the use of ECOWAS as human rights tool Although focused on the period since independence for proper understanding of events from the past that shape the current patterns of politics in the land this book also embodies a historical background chapter that overviews the pre colonial and colonial eras

Imperialism and Ethnic Politics in Nigeria, 1960-1996 Pade

Badru,1998 Badru examines the class dimension of the Nigerian political crisis since 1960 when this culturally diverse nation became independent He claims that the ruling elite whether constituted in the military or the civil society consistently used ethnicity to secure its own class domination in the absence of a coherent class ideology

Human Rights in Nigeria's External Relations in the Age of General Muhammadu Buhari and His Successors Philip C. Aka,2024-07-17 Under the Fourth Republic since 1999 the challenge Nigerian leaders face like never before is how to create a state that matches the expectations of their diverse peoples at home and abroad Taking this proposition as starting point this book advances proposals for a human right policy referred to alternately in the work as principled foreign policy for Nigeria under the Fourth Republic taking advantage of the inestimable opportunity afforded by General Muhammadu Buhari s departure from the political scene on May 29 2023 after the famine domestically and externally wrought by his two terms of office as President It is a broad ranging argument draped in the less arcane constitutional vocabulary and material of human rights for thoroughgoing reforms at home and abroad as the only antidote to the nation building dilemmas Nigeria confronts in the first quarter of the twenty first century Buhari s departure marks the end of military teleguidance of Nigerian politics under the Fourth Republic in the camouflage of democratic rule a birthmark of remote control dating back to the first military intervention in the country in January 1966 These momentous events within Nigeria coincide with equally epoch making developments in the UK Nigeria s former colonial overlord with ripple effects in Nigeria signified by the death of Queen Elizabeth II after seven decades on the throne and the emergence of Prince Charles as King of England A new monarch in Britain adds to the opportunity that falls open for the reconfiguration of Nigeria s external relations with ramifications for the application of human rights in those relations Despite its known disabilities Nigeria has the potential infrastructure including its sizable population to conduct a human right policy if its leaders rationalize the country s resources more wisely
