Beckett after Wittgenstein Andre Furlani, 2015-11-30 Among the best represented authors in Samuel Beckett's library was Ludwig Wittgenstein yet the philosopher's relevance to the Nobel laureate's work is scarcely acknowledged and seldom elucidated Beckett after Wittgenstein is the first book to examine Beckett's formative encounters with and profound affinities to Wittgenstein's thought style and character While a number of influential critics including the philosopher Alain Badiou have discerned a transition in Beckett's work beginning in the late 1950s Furlani is the first to identify and clarify how this change

occurs in conjunction with the writer's sustained engagement with Wittgenstein's thought on for example language cognition subjectivity alterity temporality belief hermeneutics logic and perception Drawing on a wealth of Beckett's archival materials much of it unpublished Furlani's study reveals the extent to which Wittgenstein fostered Beckett's views and emboldened his purposes

1998 *The Thin Red Line* 1998 *Rescue Dawn* 2006 *Restrepo* 2010 and *Zero Dark Thirty* 2012 this volume's examination of the genre creates new ways of thinking about the philosophy of war A fascinating look at the manner in which combat and its aftermath are depicted cinematically *The Philosophy of War Films* is a timely and engaging read for any philosopher filmmaker reader or viewer who desires a deeper understanding of war and its representation in popular culture **A Companion to Rhetoric and Rhetorical Criticism** Walter Jost, Wendy Olmsted, 2008-04-15 *A Companion to Rhetoric* offers the first major survey in two decades of the field of rhetorical studies and of the practice of rhetorical theory and criticism across a range of disciplines Assesses rhetoric's place in the larger intellectual universe Focuses on the practical side of rhetoric looking at specific works problems and figures Provides examples of rhetoric from ancient times to the present day Written by leading scholars from a variety of different fields ***Stanley Cavell and Literary Studies*** Richard Eldridge, Bernard Rhie, 2011-09-22 Arguably no other living philosopher has done as much as Stanley Cavell to show the common cause shared by literature and philosophy *Stanley Cavell and Literary Studies* is not only timely but indeed long past due As the discipline of literary studies struggles to move beyond the suspicious skepticisms and anti humanisms that have dominated the field but without lapsing into sentimentality and naiveté Cavell's writings and ideas will only become more pertinent **Dialogue, Didacticism and the Genres of Dispute** Adrian J Wallbank, 2015-10-06 *Dialogue* was a pivotal genre for the spread of Enlightenment ideas Focusing on non canonical British writers Wallbank examines the evolution of dialogue as a genre during the Romantic period ***The Poetics of the Everyday*** Siobhan Phillips, 2009-12-28 Wallace Stevens once described the malady of the quotidian lamenting the dull weight of everyday regimen Yet he would later hail that which is always beginning over and over recognizing if not celebrating the possibility of fresh invention Focusing on the poems of Wallace Stevens Robert Frost Elizabeth Bishop and James Merrill Siobhan Phillips positions everyday time as a vital category in modernist aesthetics American literature and poetic theory She eloquently reveals how through particular but related means each of these poets converts the necessity of quotidian experience into an aesthetic and experiential opportunity In Stevens Phillips analyzes the implications of cyclic dualism In Frost she explains the theoretical depth of a habitual middle way In Bishop's work she identifies the attempt to turn recurrent mornings into a ceremony rather than a sentence and in Merrill she shows how cosmic theories rely on daily habits Phillips ultimately demonstrates that a poetics of everyday time contributes not only to a richer understanding of these four writers but also to descriptions of their era estimations of their genre and ongoing reconfigurations of the issues that literature reflects and illuminates **Rhetorical Investigations** Walter Jost, 2004 Jost juxtaposes problems and questions in philosophy and literature using rhetoric as the middle term and common ground between them **Inheriting Stanley Cavell** David LaRocca, 2020-06-25 Some of the people who knew Stanley Cavell best or know his work most intimately are gathered in *Inheriting Stanley Cavell* to lend critical insight into the once and future legacy of this American titan of thought Former students colleagues long time friends as well as distant admirers explore

moments when their personal experiences of Cavell's singular philosophical and literary illuminations have as he put it risen to the level of philosophical significance. Many of the memories, dreams and reflections on offer in this volume carry with them a welcome register of the autobiographical, expressing much as Cavell did through his own writing how the personal can become philosophical and thus provide a robust mode for the making of meaning and the clarifying of the human condition. Here, in varied styles and through a range of dynamic content, authors engage the lingering question of inheriting philosophy in whatever form it might take and what it means to think about inheritance and enact it.

The Logic of Sentiment Kenneth Dauber, 2019-11-14 *The Logic of Sentiment* is a study of sentimentality, a literary mode that aims to answer the question: What holds us together? Against the grain of cultural studies, which understands sentimentality as consolidating communities on the basis of material or historical foundations, Kenneth Dauber takes a philosophical approach. He argues that sentimentality is love conceptualized in denial of a skepticism understood as the problem of people's otherness to each other: that material associations cannot dispel. Through close readings in the style of ordinary language criticism, Dauber analyzes mid-19th century American novels where sentimentality achieved its most complete articulation, with a focus on three novels published nearly simultaneously: *Uncle Tom's Cabin*, *The House of the Seven Gables* and *Pierre*. Referencing a wide range of philosophical and literary texts, Dauber examines the response of sentimental writers to their growing awareness of love's lack of foundation, the waywardness with which individuals dispose themselves as they succeed and fail in achieving a viable we. *The Logic of Sentiment* traces the movement from sentimentality to realism, the relation between epistemology and ethics, and the kind of investments that writers attempt to solicit from their readers.

The Cambridge Companion to Robert Frost Robert Faggen, 2001-06-14 This collection of specially commissioned essays by experts in the field explores key dimensions of Robert Frost's poetry and life. Frost remains one of the most memorable and beguiling of modern poets. Writing in the tradition of Virgil, Milton and Wordsworth, he transformed pastoral and georgic poetry both in subject matter and form. Mastering the rhythms of ordinary speech, Frost made country life the point from which to view the world and the complexities of human psychology. The essays in this volume enable readers to explore Frost's art and thought from the controversies of his biography to his subtle reinvention of poetic and metric traditions, and the conflicts in his thought about politics, gender, science and religion. This volume will bring fresh perspectives to the lyric, narrative and dramatic poetry of an American master, and its chronology and guide to further reading will prove valuable to

Hagberg, 2022-10-29 This stimulating volume brings together an international team of emerging mid career and senior scholars to investigate the relations between philosophical approaches to language and the language of literature It has proven easy for philosophers of language to leave literary language to one side just as it has proven easy for literary scholars to discuss questions of meaning separately from relevant issues in the philosophy of language This volume brings the two together in mutually enlightening ways considerations of literary meaning are deepened by adding philosophical approaches just as philosophical issues are enriched by bringing them into contact or interweaving them with literary cases in all their subtlety *Postscript* Andrea Andersson, 2018-01-01 *Postscript* is the first collection of writings on the subject of conceptual writing by a diverse field of scholars in the realms of art literature media as well as the artists themselves *Modernism*
