Russian American Relations In World War I:

Russian-American Relations in World War I Benson Lee Grayson,1979 Russian-American Relations H. Malik,2000-07-14 This is a collective endeavour to highlight the role of Islam in the emerging pattern of relations between Russia and the United States It highlights particularly the role that the two autonomous republics within the Russian Federation Tatarstan and Bashkortostan play in Eurasia Some analysts have described them as the soft underbelly of the Russian Federation Future trends are also indicated which delineate the dilemmas of the Russian state for its territorial integrity and national self determination of Tatarstan and Bashkortostan within the Russian Federation This book also analyses Russian US relations with Turkey Iran Afghanistan and Pakistan These states indeed play according to these analyses a crucial role in Eurasia and also compete against each other **New Perspectives on Russian-American Relations** William Benton Whisenhunt, Norman E. Saul, 2015-08-14 New Perspectives on Russian American Relations includes eighteen articles on Russian American relations from an international roster of leading historians Covering topics such as trade diplomacy art war public opinion race culture and more the essays show how the two nations related to one another across time from their first interactions as nations in the eighteenth century to now Instead of being dominated by the narrative of the Cold War New Perspectives on Russian American Relations models the exciting new scholarship that covers more than the political and diplomatic worlds of the later twentieth century and provides scholars with a wide array of the newest research in the field Russian/Soviet Studies in the United States, Amerikanistika in Russia Ivan Kurilla, Victoria I. Zhuravleva, 2015-12-09 The contributors in this interdisciplinary collection address the problem of interconnection between the study of the Other either Russian or American and the shaping of national identities in the two countries at different stages of US Russian relations The focus of research interests were typically determined by the political and social debates in scholars native countries In this book leading Russian and American scholars analyze the problems arising from these intersections of academic political and sociocultural contexts and the implicit biases they entail The book is divided into two parts the first being a historical overview of past configurations of the interrelationship between fields and agendas and the second covering the role of institutionalized area studies in the twentieth and early twenty first centuries In both parts the role of the human factor in the study of mutual representations is elucidating Sino-American Relations Yufan Hao, 2016-04-01 More than thirty years have passed since the normalization of Sino American relations in 1979 The United States and China are becoming more interdependent economically yet at the same time significant movement and improvements in Sino American relations are constrained by major economic security political and other differences between the two countries This volume analyzes current problems and issues in Sino American relations in the context of regional and global strategic patterns and their historical development in the last thirty years These problems and issues such as the international financial crisis development of global reserve currencies regional conflicts and competition for international

domination have significant impacts on both world powers and important implications to the world economy and politics German-American Relations in the 21st Century Klaus Larres, Ruth Wittlinger, 2020-04-22 German American relations have become interesting again U S President Donald Trump s lukewarm policy toward Europe has ensured that the relationship between Berlin and Washington is once again regarded as an important field of scholarship within global politics And yet it was only a few years ago that German American relations seemed to take second place to transatlantic relations in general and the European Union EU USA relationship in particular The advent of Donald Trump as US President in January 2017 has made all the difference Trump's difficult personal relationship with German Chancellor Angela Merkel and his denigration of everything the Western world including the USA itself has stood for since 1949 have given a new significance to German American relations in practice and theory This volume offers an empirical and conceptual analysis of German American relations in the 21st century and highlights the serious and perhaps unprecedented challenges the two countries face at present The authors discuss a number of aspects of the current much more fragile state of German American relations from different perspectives This book was originally published as a special issue of the journal German Politics Transition to Democracy and U.S.-Russia Relations United States. Congress. House. Committee on International Relations. Subcommittee on Europe, 2003 US Intelligence Perceptions of Soviet Power, 1921-1946 Leonard Leshuk, 2003 Leonard Leshuk begins this study by commenting on the unusual situation whereby a nation as seemingly weak and backward before World War II as the Soviet Union could in the space of a few years challenge the USA militarily on a global Historical Dictionary of United States-Russian/Soviet Relations Norman E. Saul, 2008-11-18 For more than scale 200 years the United States and Russia have shared a multi faceted relationship Because of the rise of power the two countries enjoyed in the late 19th and through the 20th century Russian American relations have dominated much of recent world history Prior to World War II the two countries had relatively friendly contacts in culture commerce and diplomacy however as they contested for supremacy during the Cold War relations turned hostile and competitive With the apparent end of the Cold War with the collapse of the Soviet Union and of communism in 1991 the relationship continues to evolve and the future looks uncertain but promising The Historical Dictionary of United States Russian Soviet Relations identifies the key issues individuals and events in the history of U S Russian Soviet relations and places them in the context of the complex and dynamic regional strategic political and economic processes that have fashioned the American relationship with Russia This is done through a chronology a bibliography an introductory essay and several hundred cross referenced dictionary entries on key persons places events institutions and organizations 108-1 Hearing: Russia's Transition To Democracy and U.S. - Russia Relations: Unfinished Business, September 30, 2003, *,2004 **U.S.-Russian** Relations United States. Congress. House. Committee on International Relations. Subcommittee on Europe, 2002 The Economic Development of Russia 1905-1914 Margaret Miller, 2017-02-17 This book originally published in 1926 but updated

in 1967 analyses Russia's economy in the decade preceding the outbreak of the First World War It covers trade finance transport and industry and each chapter is supported by statistics drawn from Russian and international sources The introduction to the second edition links pre 1917 development with late twentieth century economic change and in so doing serves as a guide to assessing Soviet Russia's internal economic problems against the country's historical background

The US-China-Russia Triangle S. Mahmud Ali, 2022-05-28 This book analyses international relations between the USA China and Russia and provides an overview of how the US China Russia triangle has evolved over time Based on a forensic examination of primary documentation from US archives the author illustrates how the US strategic perspectives on Chinese Russian relations have developed since the late 19th century The author demonstrates how US relations with the Russian and Chinese empires began expanding into greater sophistication and complexity in the 19th century reflecting changing US concerns priorities and preferences vis vis Sino Russian dynamics which themselves too were evolving in parallel and in some instances in an interactive fashion The book analyses US perceptions of Sino Russian interactions in ways which from the US perspective affected US interests either positively or negatively The Catacazy Affair and the Uneasy Path of Russian-American Relations Lee A. Farrow, 2021-09-09 Constantin Catacazy whipped up scandal in Washington after his appointment there as Russian Ambassador in 1869 ignoring diplomatic protocol and defying social mores By 1871 President Grant and his Cabinet requested that he be recalled But the timing of this request overlapped with the visit of the tsar s son to the USA a celebrated diplomatic event symbolising the friendship and good will between the two nations Consequently Catacazy was allowed to travel with the tsar s son but only as a persona non grata This tense resolution led many to worry about the future of the Russian American friendship With a keen sense of the human interest Lee A Farrow demonstrates that this affair was one of the earliest significant complications in the relationship between Russia and the USA Using a lively micro historical approach and fresh materials such as the letters of Catacazy and of Secretary of State Hamilton Fish from archives in the USA UK and Russia Farrow explores 19th century politics and diplomacy and the pre suffrage power of women in the political arena through an investigation of the Washington wives reactions to the controversial figure of Olga Catacazy The result is a cutting edge analysis of this pivotal episode in modern history A Companion to U.S. Foreign **Relations** Christopher R. Saul, 1996 Between 1867 the year of the Alaskan purchase and the Division, 1952 beginning of World War I Russian and American dignitaries diplomats businessmen writers tourists and entertainers crossed between the two countries in surprisingly great numbers Concord and Conflict provides the first comprehensive investigation of this highly transformational and fateful era in Russian American relations Excavating previously unmined Russian and American archives Norman Saul illuminates these fifty significant and open years of association between the two countries He explores the flow and fluctuation of economic diplomatic social and cultural affairs the personal and professional conflicts and scandals and the evolution of each nation s perception of the other Russia, the Roots of Confrontation Robert Vincent Daniels, 1985 This book examines the historical contrasts between East and West and elucidates the Russian enigma It springs from the thesis that Russia s national character and its international relations can be understood only in light of the traumas and triumphs privation and privileges that the country weathered under the tsars and the Soviets
