Psychological Realism in 19th Century Fiction Debashish Sen, 2019-12-10 This book is a study of psychological realism in select works from nineteenth century fiction namely Fathers and Sons Anna Karenina The Mill on the Floss and Jane Eyre It shows how psychoanalytic theories may be applied to illuminate various aspects of the psyches of characters in these texts The book provides evidence that theories like John Bowlby s Attachment Theory and Karen Horney s Personality Theory can go a long way in enhancing our understanding of literary characters the meaning of the text its relation to its creator and the author s psychology As such it brings forth a novel view of literary criticism and will serve to convince the reader that a critical approach devoid and dismissive of the psychological aspect is incomplete and hurts literary criticism on the whole

Gogol's Afterlife Stephen Moeller-Sally, 2002-12-26 The evolution of Russian authorship as exemplified by Gogol s social and aesthetic reception from 1829 to 1952 Nikolai Gogol s claim to the title of national literary classic is incontestable Since his lifetime every generation of Russian writers and readers has had to come to terms somehow with his ingeniously suggestive and comically virtuosic art An exemplar for popular audiences no less than for the intelligentsia Gogol was pressed into service under the tsarist and Soviet regimes for causes both aesthetic and political official and unofficial In Gogol s Afterlife Stephen Moeller Sally explores how he achieved this peculiar brand of cultural authority and later maintained it despite dramatic shifts in the organization of Russian literature and society Beginning with Gogol s debut and extending well into the twentieth century this elegantly written and meticulously researched work offers nothing short of a sociology of modern Russian literature Together with the history of Gogol s social and aesthetic reception it describes the institutional evolution of Russian literature and the changing relationship of the Russian writer to nation state and society Moeller Sally puts a

wealth of historical material under a finely calibrated critical lens to show how the rise of the reading public in nineteenth century Russia prepared the ground for a popular nationalism centered around the literary classics Part I charts the historical and cultural currents that shaped Gogol's reputation among the educated classes of late Imperial Russia devoting particular attention to the models of authorship Gogol himself devised in response to his changing audience and developing authorial mission Part II takes a panoramic view of the social milieu in which Gogol's status evolved describing the intelligentsia's efforts to propagate his life and works among the newly literate populations of post Reform Russia Russian Literature in the Nineteenth Century Leah Goldberg, 1976 Leah Goldberg was for most of her life an Israeli writer She was in her twenties when she immigrated to Palestine in 1935 and wrote virtually only in Hebrew She had a great poetic gift and was the author of some of the most memorable lyrical poetry in modern Hebrew literature The verses of her last period when as she felt words the stuff of poetry were deserting her are perhaps her best She was also a novelist a playwright and a critic Everything she wrote bears the direct impress of her personality *A History of Russia and Its Empire* Kees

Boterbloem, 2018-06-26 This clear and focused text provides an introduction to imperial Russian and Soviet history from the crowning of Mikhail Romanov in 1613 to Vladimir Putin's new term Through a consistent chronological narrative Kees Boterbloem considers the political military economic social religious and cultural developments and crucial turning points that led Russia from an exotic backwater to superpower stature in the twentieth century The author assesses the tremendous price paid by those who made Russia and the Soviet Union into such a hegemonic power both locally and globally He considers the complex and varied interactions between Russians and non Russians and investigates the reasons for the remarkable longevity of this last of the colonial powers whose dependencies were not granted independence until 1991 He explores the ongoing legacies of this fraught decolonization process on the Russian Federation itself and on the other states that succeeded the Soviet Union The only text designed and written specifically for a one semester course on this four hundred year period it will appeal to all readers interested in learning more about the history of the people who have inhabited one sixth of the earth's landmass for centuries **An Outline of Russian Literature** Maurice Baring, 2019-11-26
