Russian Orthodoxy On The Eve Of Revolution:

Russian Orthodoxy on the Eve of Revolution Vera Shevzov, 2004 Explores sacred community and how it functioned or sometimes did not in Russian Orthodoxy before the fateful historic events of the 1917 Russian Revolution Tolstoy and the Religious Culture of His Time Inessa Medzhibovskaya, 2009-07-15 The first book length study on the subject in any language Tolstoy and the Religious Culture of His Time treats Tolstoy's experience as a massive philosophical and religious project rather than a crisis laden tragedy Inessa Medzhibovskaya explains the evolution of Tolstoy's religious outlook based on his ongoing dialogue with the tradition of conversion in Europe and Russia as well as on the demands of his own heart mind and spirit The author contextualizes Tolstoy's conversion comparing his pattern of religious conversion with that of other notable religious converts Saint Paul Saint Augustine Luther Pascal Rousseau as well with that of Tolstoy's countrymen Pushkin Gogol Chaadaev Stankevich Belinsky Herzen and Dostoevsky Stressing the importance of the religious culture of his time for Tolstoy this study investigates the nineteenth century debates that inspired and repelled Tolstoy as he weighed arguments for or against faith in his dialogues with the culture of his time covering widely differing fields and disciplines of experimental knowledge The author considers German Romantic philosophy the natural sciences pragmatist religious solutions theories of social progress and evolution and the historical school of Christianity Medzhibovskaya stresses the fact that influential intellectual currents were as important to Tolstoy as believers and nonbelievers were from and beyond his immediate environment The author argues that in this sense Tolstoy's conversion emerges as deeply intertextual and this surprising discovery should not diminish our trust in Tolstoy's sincerity during his religious evolution which occurred both spontaneously as well as deliberately The polyphony of discreet spiritual moments that Tolstoy created by fusing in his narratives of conversion religious and artistic realms is arguably his greatest contribution to spiritual autobiography

Global Tensions in the Russian Orthodox Diaspora Robert Collins,2022-12-30 This book explores the tensions that

have arisen in the diaspora as a result of large numbers of Russian migrants entering established overseas parishes following the collapse of the Soviet Union. These tensions made more fervent by the increasing role of the Church as part of the expression of Russian identity and by the Church's entry into the global culture wars carry with them alternative views of a range of key issues: cosmopolitanism versus reservation liberalism versus conservatism and ecumenism versus dogmatism. The book focuses on particular disputes, discusses the broader debates and examines the wider context of how the Russian Orthodox Church is evolving overall.

Russia Gregory L. Freeze, 2009. The history of Russia from Kievan Rus to Vladimir Putin. Russia: A History cuts through the myths and mystery that have surrounded Russia from its earliest days with startling revelations from classified archives that until comparatively recently were not even known to exist. A distinguished team of historians has stripped away the propaganda and preconceptions of the past to tell the definitive story of Russia from tenth century Kiev and Muscovy through empire and revolution to the fall of Communism and the new order of the 1990s and early 21st century. A compelling story in its own right, it is essential reading for anyone with an interest in Russia and its place in the world. This updated edition now covers the developments in the Putin era in the first decade of the 21st century.

Alter Icons Jefferson J. A. Gatrall, Douglas M. Greenfield, 2010. Intimate Empire tells the story of the Mansurovs, a small noble family who played a momentous role in the Russian Empire as they struggled to reassert the country's importance on the global stage after their defeat in the Crimean War, showing how three generations of a family advanced the intertwined causes of the Russian Empire and Orthodoxy.

The Muslim Question and Russian Imperial Governance Elena I. Campbell, 2015-01-26. A major contribution to the history of nationality, religious identity and governance in late imperial Russia. William G. Rosenberg, coauthor of *Processing the Past*. From the time of the Crimean War through the fall of the Tsar, the question of what to do about the Russian Empire's large Muslim population was a highly contested issue among educated Russians both inside and outside the government. As formulated in the nineteenth and early twentieth centuries, the Muslim Question comprised a complex set of ideas and concerns that centered on the problems of reimagining and governing the tremendously diverse Russian Empire in the face of the challenges presented by the modernizing world. Basing her analysis on extensive research in archival and primary sources, Elena I. Campbell reconstructs the issues, debates and personalities that shaped the development of Russian policies toward the Empire's Muslims and the impact of the Muslim Question on the modernizing path that Russia would follow. Readable, original and endlessly interesting, Campbell's book deserves the very highest praise.

Journal of Islamic Studies. Campbell's book shows how profound official Islamophobia paradoxically led to the preservation of earlier confessional structures, grudging non-interference with the spiritual and social life of most Muslim communities, a

restraining hand on the actions if not the rhetoric of Orthodox missionaries and a certain uneasy toleration Slavonic and East European Review A major contribution to the understanding of Russia s Muslim Question past and present Recommended Choice **The Oxford Handbook of Christmas** Timothy Larsen,2020 Includes 45 chapters on a comprehensive range of topics providing information on all aspects of Christmas Provides an interdisciplinary approach drawing on the insights of experts from across numerous disciplines including history literature art theology Bible anthropology sociology film and law Presents Christmas as a truly global phenomenon and explores its variations from Bethlehem to Japan Book jacket

Ministries of Compassion among Russian Evangelicals, 1905-1929 Mary Raber,2016-05-13 The present study fills a gap in the study of the evangelical movement in Russia by presenting a comprehensive picture of their compassionate ministry during their longest stretch of relative freedom before the 1980s Better known for their energetic preaching and literature work Russian evangelicals also gave attention to compassionate ministry although it was never extensive because of their marginal status They established assistance funds organized charitable institutions practiced urban rescue ministry participated in the Russian temperance movement and established economic communities Each area is distinct yet all were supported by the same set of theological convictions The Russian evangelicals were convinced that their witness should consist of good works as well as words and that the gospel had the power to undo human suffering While intentionally cultivating an attitude of concern for the needs of others they taught that compassion was the concern of all members of the community regardless of economic status or age In their publications evangelicals devoted a good deal of teaching to the proper Christian attitude toward money and giving They drew on Western models but also their indigenous sectarian roots

deemed by all the Vekhi contributors to exemplify and illuminate fatal philosophical political and psychological flaws in the revolutionary intelligentsia that had sought it Landmarks Revisited offers a new and comprehensive assessment of the symposium and its legacy from a variety of disciplinary perspectives by leading scholars in their fields It will be of compelling interest to all students of Russian history politics and culture and the impact of these on the wider world **Late Tsarist**

Russia, 1881-1913 Beryl Williams, 2020-09-17 This book brings together the large volume of work on late Tsarist Russia published over the last 30 years to show an overall picture of Russia under the last two tsars before the war brought down not only the Russian empire but also those of Germany Austria Hungary and Turkey It turns the attention from the old emphases on workers revolutionaries and a reactionary government to a more diverse and nuanced picture of a country which was both a major European great power facing the challenges of modernization and industrialization and also a multi ethnic and multi confessional empire stretching across both Europe and Asia Modern Occultism in Late Imperial Russia

Julia Mannherz, 2012-10-15 Modern Occultism in Late Imperial Russia traces the history of occult thought and practice from its origins in private salons to its popularity in turn of the century mass culture In lucid prose Julia Mannherz examines the ferocious public debates of the 1870s on higher dimensional mathematics and the workings of seance phenomena discusses the world of cheap instruction manuals and popular occult journals and looks at haunted houses which brought together the rural settings and the urban masses that obsessed over them In addition Mannherz looks at reactions of Russian Orthodox theologians to the occult In spite of its prominence the role of the occult in turn of the century Russian culture has been largely ignored if not actively written out of histories of the modern state For specialists and students of Russian history culture and science as well as those generally interested in the occult Mannherz s fascinating study remedies this gap and returns the occult to its rightful place in the popular imagination of late nineteenth and early twentieth century Russian society **Alix and Nicky**

Virginia Rounding, 2012-01-17 The dramatic story of Emperor Nicholas II and his wife Alexandra Fyodorovna the last Tsar and Tsarina of Russia A penetrating and deeply personal study that gives profound psychological insight into their marriage and how it shaped the events that engulfed them There are few characters in history about whom opinion has been more divided than the last Tsar of Russia Nicholas II and his wife the Empress Alexandra Fyodorovna On one hand they are venerated as saints innocent victims of Bolshevik assassins and on the other they are impugned as the unwitting harbingers of revolution and imperial collapse blamed for all the ills that befell the Russian people in the 20th century Theirs was also a tragic love story for whatever else can be said of them there can be no doubt that Alix and Nicky adored one another Soon after their engagement Alix wrote in her fianc s diary Ever true and ever loving faithful pure and strong as death words which met their fulfillment twenty four years later in a blood spattered cellar in Ekaterinburg Through the letters and diaries written by the couple and by those around them Virginia Rounding presents an intimate penetrating and fresh portrayal of these two complex figures and of their passion their love and their suffering She explores the nature

and possible causes of the Empress's ill health and examines in depth the enigmatic triangular relationship between Nicky, Alix and their favourite Ania Vyrubova, protégée of the infamous Rasputin, extracting the meaning from words left unsaid from hints and innuendoes. The story of Alix and Nicky of their four daughters known collectively as OTMA and of their hemophiliac little boy Alexei is endlessly fascinating and Rounding makes these characters come alive presenting them in all their human dimensions and expertly leading the reader into their vanished world.
