FACT FILE

Immediately after the two Revolutions of 1917, the Civil War broke out in the former Russian Empire. The two largest combatant groups fought over the control of Russia's political future: the Red Army, known as the Bolsheviks, under Vladimir Lenin's leadership, and the White Army which had foreign influence.

The Reds and Whites also faced resistance from rival militant socialists. The Bolsheviks' initial feats that led to the collapse of the republic were then countered by attacks backed by the Allied Powers. White resistance dwindled until it completely collapsed in 1923 and the Red Army came out victorious. When the war ended, several parts of the Russian empire became sovereign states whilst the rest consolidated into the Soviet Union.

Russian Civil War Primary Sources:

The Russian Civil War Arthur Burgess Murphy, 2000 Translated documents from Russian archives offer insight into the Russian civil war Areas covered include Soviet relations with the Don Cossacks the problems of securing supplies for the Red Army the issues of disloyalty of the two successful cavalry commanders Colonel Mironov and Sergeant Budyonny as well as a selection of documents from White sources Alongside those giving an overview of Soviet strategic planning a good proportion of these documents come from much more humble sources allowing the reader to feel directly the emotions the faith the zeal and sometimes the deceit of people living through those years *The Russian Civil War* A. Murphy, 2000-08-17 Translated documents from Russian archives give fresh insight into the Russian civil war a struggle whose outcome defined much of the history of our time Areas covered include Soviet relations with the Don Cossacks the problems of securing supplies for the Red Army the issues of disloyalty of the two successful cavalry commanders Colonel Mironov and Sergeant Budyonny as well as a selection of documents from White sources Alongside those giving an overview of Soviet strategic planning a good proportion of these documents come from much more humble sources allowing the reader to feel directly the emotions the faith the zeal and sometimes the deceit of people living through those crucial years Historical Dictionary of the Russian Civil Wars, 1916-1926 Jonathan D. Smele, 2015-11-19 This book is a detailed reference of the twentieth century struggles that were waged across and beyond the decaying Russian Empire at the end of the First World War as tsarism and democratic alternatives to it collapsed and the world's first Communist state the Union of Soviet Socialist Republics was born At the same time it is a necessary corrective to studies that have viewed events of the time as a unitary Russian Civil War that sprang from the Russian Revolution of 1917 Instead it contributes to the ongoing process of integrating the civil wars into a continuum of crises that wracked the Russian Empire and its would be successor states across a prolonged period The Historical Dictionary of the Russian Civil Wars 1916 1926 covers the history of this period through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has almost 2 000 cross referenced entries on individuals political and governmental institutions and political parties and military formations and concepts as well as religion art film propaganda uniforms and weaponry This book is an excellent access point for students researchers and anyone wanting to know more about the Russian Civil War **The Russian Revolution and Civil War 1917-1921** Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress

of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state **Rostov in the Russian Civil War, 1917-1920** Brian Murphy,2004-08-02 The documents in this book were collected from the archives in Rostov on Don and appear here for the first time in print with commentary from the author *Understanding U.S. Military Conflicts through Primary Sources* James R. Arnold,Roberta Wiener,2015-11-12 An easily accessible resource that showcases the links between using documented primary sources and gaining a more nuanced understanding of military history Primary source analysis is a valuable tool that teaches students how historians utilize documents and interpret evidence from the past This four volume reference traces key decisions in U S military history from the Revolutionary War through the 21st century conflicts in Afghanistan and Iraq by examining documents relating to military strategy and national policy judgments by U S military and political leaders A comprehensive introductory essay provides readers with the context necessary to understand the relationship between diplomatic documents military correspondence and other documentation related to events that shaped warfare diplomacy and military strategy Once the stage is set the work covers 14 conflicts that are significant to U S history Treatment of each of the conflicts begins with a historical overview followed by a chronology and approximately 30 primary source documents presented in chronological order Each document is accompanied by a description and annotations and by an analysis that highlights its importance to the event or topic under discussion Designed for secondary school and college students the work will be exceptionally valuable to teachers who will appreciate the ready made lessons that fit directly into core curriculum standards *Critical Thinking Using Primary Sources in U.S. History* Wendy S. Wilson,Gerald H. Herman,2000-08 **Russia in Flames** Laura Engelstein,2018 Laura Engelstein one of the greatest scholars of Russian history has written a searing and defining account of the Russian Revolution the fall of the old order and the creation of the Soviet state *The Bolsheviks and Britain during the Russian Revolution and Civil War, 1917-24* Evgeny Sergeev,2022-06-16 This book analyses the principal aspects of the relations between Soviet Russia USSR and Britain in the crucial phase of their formation namely the period from 1917 to 1924 Using previously unavailable and largely unknown archival records and memoirs published by statesmen diplomats and military commanders directly involved in the events Evgeny Sergeev not only reconstructs the dynamics of the interaction between Moscow and London but also strips its key episodes of common myths and stereotypes The most debatable issues to which this study draws its primary attention include Britain s role in the Entente armed intervention against the Bolshevik regime as well as a series of reciprocate attempts to avoid political controversies and London s contribution to humanitarian aid and the economic recovery of post revolutionary Russia Special consideration is also given to the impact of British diplomacy on the recognition of the USSR by other great powers like France Italy and Japan in the mid 1920s **The Victorious Counterrevolution** Michael Seidman,2011-02-24 This groundbreaking history of the Spanish Civil War 1936-39 examines for the first time in any language how General

Francisco Franco and his Nationalist forces managed state finance and economic production and mobilized support from elites and middle class Spaniards to achieve their eventual victory over Spanish Republicans and the revolutionary left. The Spanish Nationalists are exceptional among counter revolutionary movements of the twentieth century, Michael Seidman demonstrates because they avoided the inflation and shortages of food and military supplies that stymied not only their Republican adversaries but also their counter revolutionary counterparts, the Russian Whites and Chinese Nationalists. He documents how Franco's highly repressive and tightly controlled regime produced food for troops and civilians, regular pay for soldiers, farmers and factory workers, and protection of property rights for both large and small landowners. These factors combined with the Nationalists' pro Catholic and anti Jewish propaganda reinforced solidarity in the Nationalist zone. Seidman concludes that unlike the victorious Spanish Nationalists, the Russian and Chinese bourgeoisie were weakened by the economic and social upheaval of the two world wars and succumbed in each case to the surging revolutionary left.

Primary Sources in Russian History John Etty, 2009 Historical Dictionary of the Russian Revolution Jonathan Davis, 2020-05-15. *Historical Dictionary of the Russian Revolution* focuses on the leading individuals, ideas, political parties and main events that were central to the transformation of Russia during the revolution. The time period runs from January 1917 through to the Treaty of Brest Litovsk that took Russia out of the First World War in March 1918. It covers the main events, ideas, people and parties and takes the story of the revolution from the eve of the overthrowing of Tsar Nicholas II through to the Bolshevik seizure of power, the first six months of Leninist rule and the Treaty of Brest Litovsk that ended Russia's involvement in the First World War. *Historical Dictionary of the Russian Revolution* contains a chronology, an introduction and an extensive bibliography. The dictionary section has over 200 cross referenced entries on the revolution, the First World War, political parties, ideologies and individuals and the main events that defined the course of the Russian Revolution. This book is an excellent resource for students, researchers and anyone wanting to know more about the Russian Revolution.

Communism Theodore Link, 2004-12-15. Discusses various aspects of Communism including its history, ideology, key figures in the movement and the decline of Communism. *Nestor Makhno in the Russian Civil War* Michael Malet, 1982-06-18 Politics and the Russian Army Brian D. Taylor, 2003-06-09. Military coups have plagued many countries around the world but Russia, despite its tumultuous history, has not experienced a successful military coup in over two centuries. In a series of detailed case studies, Brian Taylor explains the political role of the Russian military. Drawing on a wealth of new material including archives and interviews, Taylor discusses every case of actual or potential military intervention in Russian politics from Peter the Great to Vladimir Putin. Taylor analyzes in particular detail the army's behavior during the political revolutions that marked the beginning and end of the twentieth century, two periods when the military was uncharacteristically heavily involved in domestic politics. He argues that a common thread unites the late Imperial Soviet and post Soviet Russian army: an organizational culture that believes that intervention against the country's political

leadership whether tsar general secretary or president is fundamentally illegitimate Readings on the Russian Revolution Melissa K. Stockdale, 2020-09-03 Readings on the Russian Revolution brings together 15 important post Cold War writings on the history of the Russian Revolution It is structured in such a way as to highlight key debates in the field and contrasting methodological approaches to the Revolution in order to help readers better understand the issues and interpretative fault lines that exist in this contested area of history The book opens with an original introduction which provides essential background and vital context for the pieces that follow The volume is then structured around four parts Actors Language Symbols War Revolution and the State Revolutionary Dreams and Identities and Outcomes and Impacts that explore the beginnings events and outcomes of the Russian Revolution as well as examinations of central figures critical topics and major historiographical battlegrounds Melissa Stockdale also provides translations of two crucial Russian language works published here in English for the first time and includes useful pedagogical features such as a glossary chronology and thematic bibliography to further aid study Readings on the Russian Revolution is an essential collection for anyone studying the Russian Revolution **Russia and Eastern Europe, 1789-1985** Raymond Pearson, 1989 **Daily Lives of Civilians in Wartime Twentieth-Century Europe** Nicholas Atkin, 2008-08-30 Includes accounts of civilians roles and experiences through wars in twentieth century Europe **Imperial Rivals** Sarah C.M. Russian Civil War Primary Sources Introduction

In today's digital age, the availability of Russian Civil War Primary Sources books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Russian Civil War Primary Sources books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Russian Civil War Primary Sources books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Russian Civil War Primary Sources versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Russian Civil War Primary Sources books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Russian Civil War Primary Sources books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Russian Civil War Primary Sources books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library.

lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Russian Civil War Primary Sources books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Russian Civil War Primary Sources books and manuals for download and embark on your journey of knowledge?
