allowable their content is not a matter for faith or factual record they may be called historical fiction which broadly taken corresponded to actual events and typified the national strivings and ideals The traditional ceremonial songs magical incantations and popular melodies are of the same date and in the same style Thirdly the folk tales In their matter these differ little if at all from the common Aryan stock In their treatment there are well marked divergencies They are in the first place characterized by the so called realism that tinges all Russian literature a better word would be factualism as realism is associated with the anti romanticism that accentuates material facts and seeks to obliterate moral factors Russian Folk-tales ,2000 In the Russian winter in the depths of the forest a whole village gathers together by the blazing fire Then the storyteller arrives and the whole audience listens with bated breath The award winning novelist James Riordan has collected and translated some of these stories from original sources and retold them for children Here are stories about flying ships snow maidens fire birds frog princesses Misha the Bear Ivan the Fool and Baba Yaga the fearsome witch With evocative pictures by Andrew Breakspeare this is a book that will transport you into the world of Russian myths and magic Russian Fairy Tales W.
