Grenkevich,2013-01-11 Partisans and terrorists have dominated military history during the second half of the 20th century Leonid Grenkevich offers an account of the shadowy partisan struggle that accompanied the Soviet Union's Great Patriotic War 1941-1945 **Russia** Edward Acton,2014-09-19 This text has established itself as the best general introduction to Russian history providing a forceful and highly readable survey from earliest times to the post Soviet State At the heart of the book is the changing relationship between the State and Russian society at large The second edition has been substantially rewritten and updated and new material and fresh insights from recently accessible research have been incorporated into every chapter **Russian and Soviet Education 1731-1989** John T. and Russian people In the first major historical work to analyze the two dictatorships together in depth Richard Overy gives us an absorbing study of Hitler and Stalin ranging from their private and public selves their ascents to power and consolidation of absolute rule to their waging of massive war and creation of far flung empires of camps and prisons The Nazi extermination camps and the vast Soviet Gulag represent the two dictatorships in their most inhuman form Overy shows us the human and historical roots of these evils *Solovyovo* Margaret Paxson,2005-12-13 In a small village beside a reed lined lake in the Russian north a cluster of farmers has lived for centuries in the time of tsars and feudal landlords Bolsheviks and civil wars collectivization and socialism perestroika and open markets *Solovyovo* is about the place and power of social memory Based on extensive anthropological fieldwork in that single village it shows how villagers configure transmit and enact social memory through narrative genres religious practice social organization commemoration and the symbolism of space Margaret Paxson relates present day beliefs rituals and practices to the remembered traditions articulated by her informants She brings to life the everyday social and agricultural routines of the villagers as well as holiday observances religious practices cosmology beliefs and practices surrounding health and illness the melding of Orthodox and communist traditions and their post Soviet evolution and the role of the yearly calendar in regulating village lives The result is a compelling ethnography of a Russian village the first of its kind in modern North American anthropology **Kiev 1941** David Stahel,2011-11-03 In just four weeks in the summer of 1941 the German Wehrmacht wrought unprecedented destruction on four Soviet armies conquering central Ukraine and killing or capturing three quarters of a million men This was the Battle of Kiev one of the largest and most decisive battles of World War II and for Hitler and Stalin a battle of crucial importance In this book David Stahel charts the battle s dramatic course and aftermath uncovering the irreplaceable losses suffered by Germany s panzer groups despite their battlefield gains and the implications of these losses for the German war effort He illuminates the inner workings of the German army as well as the experiences of ordinary soldiers showing that with the Russian winter looming and Soviet resistance still unbroken victory came at huge cost and confirmed the turning point in Germany s war in the East **The Other Side** Robert (Robert D.) Halperin,1987-01-01 What do Soviets think of Americans What do they learn from books newspapers and films about life in America How do we as Americans form opinions about life in the U S S R Through the selective use of both Soviet and American materials *The Other Side* explores these and other provocative questions that are central to public understanding of how perceptions affect U S Soviet relations *The Other Side* also examines the many differences between Soviet and American media such as the role of the press and offers article by article comparisons of Soviet and American press coverage of the same events Appropriate for citizen of all ages and groups as well as individuals *The Other Side* includes a Reader s Guide suggested educational projects an annotated bibliography and guidance for discussion leaders *A History Of Russia Volume 2* Walter G.
