**Wooden Church Architecture of the Russian North** Evgeny Khodakovsky, 2015-08-11

The book presents a broad panoramic overview of church architecture in the Russian North between the fourteenth and nineteenth centuries. While it is inevitably overshadowed by the imperial splendour of the country's capital cities, this unique phenomenon is regarded as the most distinctive national expression of traditional Russian artistic culture and at the same time as a significant part of humanity's worldwide architectural heritage. The chief intention of the book is to present the regionally specific features of the wooden churches of the Russian North which vary from area to area for local natural or historical reasons. This approach touches upon the very important questions of the typology and classification of the multiplicity of architectural forms. The regional view entails giving clear definitions of the ambiguous terms architectural school and tradition, explaining the origins and shaping impulses for the different regional clusters of objects. Structurally, the book presents a history of the development of wooden church architecture in the Russian North and then follows the key points of the mediaeval Russian expansion along the waterways from Novgorod into the North: the Svir River, Lake Onega, the town of Kargopol and the River Onega, the White Sea, the Rivers Dvina, Pinega and Mezen – those areas that still retain the most splendid pieces of Russian regional wooden church architecture. The study is based on field research and provides an up-to-date multi-faceted view of Russian wooden architecture.

*The Russian Catastrophe and Chances to Overcome It* Andrey Zubov, 2023-01-01  
Andrej Zubov byl v roce 2022 nucen opustit svoji rodnou zemi a přijal pozvání rektora Masarykovy univerzity aby předsedal v Brně. Soubor jeho předsedek esky souhrnn nazvan Ruská katastrofa a možnosti jak ji překonat nyní vychází z knihy. Autor skrze studium ruských dějin hledá odpovědi na dvě související otázky: Proč bylo Rusko odbolem evropským po celá dvě století? Neustálým zdrojem agrese? Existuje nějaká naděje se Rusko radikálně proměnit a stát se agresorem a stát se měnilo v demokracii? Země jako EU a NATO. Profesor Zubov ve svých textech popisuje jak lépe pochopit tragický osud jeho lidu v minulých i současných stoletích, procesy které vedly k válce a tím k budování trvalejšího a bezpečnějšího světa.

**Russia's Entangled Embrace** Stephen Badalyan Riegg, 2020-07-15

Russia's Entangled Embrace traces the relationship between the Romanov state and the Armenian diaspora that populated Russia's territorial fringes and navigated the tsarist empire's metropolitan centers. By engaging the ongoing debates about imperial structures that were simultaneously symbiotic and hierarchically ordered, Stephen Badalyan Riegg helps us to understand how, for Armenians and some other subjects, imperial rule represented not hypothetical clear-cut alternatives but simultaneous messy realities. He examines why and how Russian architects of empire imagined Armenians as being politically desirable. These circumstances included the familiarity of their faith, perceived degree of social, political or cultural integration, and their actual or potential contributions to the state's varied priorities. Based on extensive research in the archives of St. Petersburg, Moscow, and

Yerevan Russia's Entangled Embrace reveals that the Russian government relied on Armenians to build its empire in the Caucasus and beyond Analyzing the complexities of this imperial relationship beyond the reductive question of whether Russia was a friend or foe to Armenians allows us to study the methods of tsarist imperialism in the context of diasporic distribution interimperial conflict and alliance nationalism and religious and economic identity The Russian Orthodox Church, 1917-1948 Daniela Kalkandjieva, 2014-11-20 This book tells the remarkable story of the decline and revival of the Russian Orthodox Church in the first half of the twentieth century and the astonishing U turn in the attitude of the Soviet Union's leaders towards the church In the years after 1917 the Bolsheviks' anti religious policies the loss of the former western territories of the Russian Empire and the Soviet Union's isolation from the rest of the world and the consequent separation of Russian emigrants from the church were disastrous for the church which declined very significantly in the 1920s and 1930s However when Poland was partitioned in 1939 between Nazi Germany and the Soviet Union Stalin allowed the Patriarch of Moscow Sergei jurisdiction over orthodox congregations in the conquered territories and went on later to encourage the church to promote patriotic activities as part of the resistance to the Nazi invasion He agreed a Concordat with the church in 1943 and continued to encourage the church especially its claims to jurisdiction over migrant Russian orthodox churches in the immediate postwar period Based on extensive original research the book puts forward a great deal of new information and overturns established thinking on many key points
