Russias Communists At The Crossroads:

Russia's Communists at the Crossroads Joan Urban, Valerii Solovei, 2019-09-13 Less than five years after President Boris Yeltsin's ban on communist activity in Russia the Communist Party of the Russian Federation CPRF rose from the debris of the former Communist Party of the Soviet Union to win over one third of the seats in the lower house of parliament in December 1995 and to challenge Yeltsin for the presidency itself

Russia's Communists At The Crossroads Joan Urban, Valerii Solovei, 1997-04-25 Less than five years after President Boris Yeltsin's ban on communist activity in Russia the Communist Party of the Russian Federation CPRF rose from the debris of the former Communist Party of the Soviet Union to win over one third of the seats in the lower house of parliament in December 1995 and to challenge Yeltsin for the presidency itself in mid 1996 This groundbreaking study analyzes the CPRF's evolution as it sought to reshape its program and practice to fit the realities of post Soviet Russia while also battling the more orthodox Marxist Leninist groups on its left The authors examine the CPRF's origins internal factions and electoral strategy during the parliamentary and presidential contests of 1995 and 1996 They address in particular the nationalist thinking of CPRF chairman Gennadii A Ziuganov as well as the political profile of leadership and official program that were endorsed at the Third CPRF Congress in January 1995 The CPRF's alternative strategic choices and prospects in the aftermath of the critical 1995 1996 electoral season are also assessed

The Communist Party in Post-Soviet Russia Luke March, 2002 This pioneering analysis uses the results from the first ever Irish election study to provide a comprehensive survey of the motives outlook and behaviour of voters in the Republic of Ireland Building on the foundations laid down by previous work on comparative electoral behaviour it explores long term influences on vote choice such as party loyalties and enduring values as well as short term ones such as the economy the party leaders and the candidates themselves It also examines how people use their vote and why so many people do not vote at all Many features of Irish elections make such a detailed study particularly important The single transferable vote system allows voters an unusual degree of freedom to pick the candidates they prefer while electoral trends observed elsewhere can be found in a more extreme form in Ireland For example attachment to parties is very low differences between them are often obscure candidate profiles are very high and turnout is falling rapidly However Irish elections defy international trends in other respects most notably in the degree of personal contact parties and candidates make with their voters Findings are presented in a manner that is highly accessible to anyone with an interest in elections electoral systems and electoral behaviour The book is essential reading for anyone interested in Irish politics and is an important text for students of European Politics Parties and Elections Comparative Politics and Political Sociology

Restructuring Post-Communist Russia Yitzhak Brudny, Jonathan Frankel, Stefani Hoffman, 2004-06-21 Since the fall of the Soviet Union in 1991 the question of whither Russia has been the source of ceaseless speculation both at home and abroad In search of answers twelve highly qualified scholars examine the complex interplay between continuity and change that has marked developments in Russia

under the leadership first of Boris Yeltsin and now of Vladimir Putin. Analysing the recent past they also peer into the country's future. In his introduction to the volume Peter Rutland asks whether we are witnessing the gradual entrenchment of parliamentary democracy, the slow return to autocracy or mere political stagnation. *Restructuring Post Communist Russia* poses the fundamental questions while providing the information and analysis needed to give the at least preliminary answers.

The Left Transformed in Post-Communist Societies Jane Leftwich Curry, Joan Barth Urban, 2004-09-01 One of the most unexpected outcomes of the Soviet bloc's transition out of communism has been the divergent but important paths followed by once ruling communist parties. In Poland, Hungary and Lithuania those parties transformed themselves into pro-Western free market center leftists who have won elections and formed governing coalitions periodically since the early 1990s. The result has been former communists leading their countries into NATO and the EU even as their conservative opponents continue to condemn them for their communist past. No less surprising has been the ability of anti-Western neo-Leninist communist parties in Russia and Ukraine to win sizable pluralities of votes in free competitive elections. Their very strength has contributed to blocking genuine democratic alternation of power. By employing a unique cross-regional comparative framework *The Left Transformed* explores the divergent trajectories of ex-ruling communist parties in key countries of the former Soviet Empire. In-depth interviews, party presses and primary documents and national election data provide a foundation for the most up-to-date examination of party transition, organization, ideology and electoral fortunes through late 2002. This book is an invaluable resource for anyone interested in contemporary history, political parties or comparative government in Eastern Europe and Russia.

Russian Nationalism Marlene Laruelle, 2018-10-10 This book by one of the foremost authorities on the subject explores the complex nature of Russian nationalism. It examines nationalism as a multilayered and multifaceted repertoire displayed by a myriad of actors. It considers nationalism as various concepts and ideas emphasizing Russia's distinctive national character based on the country's geography, history, Orthodoxy and Soviet technological advances. It analyzes the ideologies of Russia's ultra-nationalist and far-right groups, explores the use of nationalism in the conflict with Ukraine and the annexation of Crimea and discusses how Putin's political opponents, including Alexei Navalny, make use of nationalism. Overall, the book provides a rich analysis of a key force which is profoundly affecting political and societal developments both inside Russia and beyond.

Historical Memory of Central and East European Communism Agnieszka Mroziak, Stanislav Holubec, 2018-03-19 Every political movement creates its own historical memory. The communist movement, though originally oriented towards the future, was no exception. The theory of human history constitutes a substantial part of Karl Marx's and Friedrich Engels's writings and the movement inspired by them very soon developed its own strong historical identity, combining the Marxist theory of history with the movement's victorious milestones such as the October Revolution and later the Great Patriotic War, which served as communist legitimization myths throughout almost the entire twentieth century. During the Stalinist period, however, the movement's history became strongly

reinterpreted to suit Joseph Stalin's political goals. After 1956 this reinterpretation lost most of its legitimating power and instead began to be a burden. The unwanted memory of Stalinism and subsequent examples of violence—the Gulag, Katyn, the 1956 Budapest uprising and the 1968 Prague Spring—contributed to the crisis of Eastern European state socialism in the late 1980s and led to attempts at reformulating or even rejecting communist self-identity. This book's first section analyzes the post-1989 memory of communism and state socialism and the self-identity of the Eastern and Western European left. The second section examines the state socialist and post-socialist memorial landscapes in the former German Democratic Republic, Czechoslovakia, Czech Republic, Poland, Lithuania, Ukraine, and Russia. The final section concentrates on the narratives the movement established when in power about its own past, with the examples of the Soviet Union, Poland, Romania, and Czechoslovakia.

Russia and The Commonwealth of Independent States 2013 M. Wesley Shoemaker, 2013-08-30. *Russia and the Commonwealth of Independent States 2011* is a volume in The World Today Series. Published and updated annually, this series provides both a short historical treatment and an up-to-date look at the various countries of the entire globe. *Russia and the Commonwealth of Independent States* deals with the twelve independent republics that became members of the Commonwealth of Independent States following the collapse of the Soviet Union in December 1992. The book focuses strongly on recent economic and political developments, with shorter sections dealing with foreign policy, the military, religion, education, and specific cultural elements that help to define each republic and differentiate one from the other. Approximately one-third of the book is devoted to Russia, with shorter sections dealing with Ukraine, Belarus, Moldova, Armenia, Azerbaijan, Georgia, Kazakhstan, Kyrgyzstan, Tajikistan, Turkmenistan, and Uzbekistan. There is also a section dealing with how the Commonwealth of Independent States came into being and how it has evolved since 1992.

Slavophiles and Commissars J. Devlin, 1999-05-17. This book examines contemporary Russian nationalism as it reemerged in the wake of Gorbachev's liberalisation. The book argues that the new nationalism provided opponents of reform with an apparently novel justification for their hostility to the liberalisation inaugurated by Gorbachev and erratically pursued by Yeltsin.

Politics in Russia Thomas F. Remington, 2015-07-22. Highly regarded for its comprehensive coverage up to date scholarship and comparative framework, *Politics in Russia* is an authoritative overview of Russia's contemporary political system and its recent evolution. Area specialist Thomas Remington focuses on four areas of change in this text: state structure, regime change, economic transformation, and identity, to offer a dynamic context for analyzing the post-Soviet era. With a consistent emphasis on the intersection of politics and economics and the tension between authoritarian and democratic trends, no other text guides students through the complexities and ambiguities of Russian politics today like *Politics in Russia*.

Russia's Stillborn Democracy? Graeme Gill, Roger D. Markwick, 2000-03-23. The decade and a half since Gorbachev came to power has been a tumultuous time for Russia. It has seen the expectations raised by perestroika dashed, the collapse of the Soviet superpower, and the emergence of a new Russian state claiming to base itself on democratic market principles. It

has seen a political system shattered by a president turning tanks against the parliament and then that president configuring the new political structure to give himself overwhelming power These upheavals took place against a backdrop of social dislocations as the Russian people were ravaged by the effects of economic shock therapy This book explains how these momentous changes came about and in particular why political elites were able to fashion the new political system largely independent of the wishes of the populace at large It was this relationship between powerful elites and weak civil society forces which has led to Russian democracy under Yeltsin being still born

Developments in Russian Politics 5 Stephen White, Alex Pravda, Zvi Y. Gitelman, 2001 Russia has a new parliament and a new president and the shape of its future political life remains uncertain Taking the elections of 1999 and 2000 as their starting point the contributors to *Developments in Russian Politics 5* describe the institutional framework of the post Yeltsin system and examine the policy choices that confront the Putin administration This completely revised edition includes new discussions of such topics as media and political communication crime and corruption and Russia's continuing search for a national idea Other sections cover elections and electoral procedures parties and organized interests as well as economic social and foreign policy Written by leading scholars from both sides of the Atlantic *Developments in Russian Politics 5* will replace earlier editions as the leading text for students of Russia and for a wider group of readers seeking a reliable and up to date introduction to the politics of the world's largest country

The Communist Successor Parties of Central and Eastern Europe Andras Bozoki, John T. Ishiyama, 2020-07-24 What has become of the Communist parties that once held monopoly power in the east bloc A decade ago it was assumed that they would dissolve but many of them have enjoyed electoral success This book systematically examines how they have evolved In the opening section Herbert Kitschelt and Ivan Szelenyi respectively consider post communist party strategies and social democratic prospects in the transitional societies Part II presents nine case studies of the major communist and communist successor parties of the region and Part III is devoted to seven comparative studies Appendices provide comparable electoral and party membership data

Russia's Securitization of Chechnya Julie Wilhelmsen, 2016-10-04 This book provides an in depth analysis of how mobilization and legitimation for war are made possible with a focus on Russia's conflict with Chechnya Through which processes do leaders and their publics come to define and accept certain conflicts as difficult to engage in and others as logical even necessary Drawing on a detailed study of changes in Russia's approach to Chechnya this book argues that re phrasing Chechnya as a terrorist threat in 1999 was essential to making the use of violence acceptable to the Russian public The book refutes popular explanations that see Russian war making as determined and grounded in a sole authoritarian leader Close study of the statements and texts of Duma representatives experts and journalists before and during the war demonstrates how the Second Chechen War was made a legitimate undertaking through the efforts of many A post structuralist reinterpretation of securitization theory guides and structures the book with discourse theory and method employed as a means to uncover the social processes that

make war acceptable More generally the book provides a framework for understanding the broad social processes that underpin legitimized war making This book will be of much interest to students of Russian politics critical terrorism studies security studies and international relations **Russian Messianism** Peter J. S. Duncan,2002-11 This unique work will be of great interest to those engaged in politics and Russian studies as well as professionals dealing with Russia Political Parties in the Russian Regions Derek S. Hutcheson,2005-08-03 This book based on extensive original research in a range of Russian provinces examines political parties in the new Russia exploring in particular how party activism on the ground actually works in practice **Russian civil-military relations and the origins of the second Chechen war** Sz&ászdi, Lajos F.,2008-08-29 This book has relevance for those interested in understanding Russia s course in international relations under the leadership of Vladimir Putin This book will inform the reader and is especially relevant in light of the events of 2008 in the Caucasus and the war in Georgia in particular The author explains the ideology of Neo Eurasianism which in turn inspires the policy thinking of the Kremlin Also studied is Putin s origins in the KGB from the previous posts of Secretary of the Security Council and Director of the FSB and his rise to power in the crucial year of 1999 when he became Russian Prime Minister The author highlights the continuing trend of appointing high ranking officers of the Russian intelligence community to senior positions in the government studying this in the context of Russian civil military intelligence relations The author reached the conclusion back in 2003 that the members of Russian intelligence hold the reins of power above the civilian and military elements of the Russian government The author returns to the Kosovo Crisis of 1999 discussing also the motives that led the Kremlin and Putin to invaded Chechnya for a second time in a decade Parallels can be drawn to the 2008 Russian invasion of Georgia and the roots of the Neo Eurasianist ideology that is behind the two invasions are examined This book will help the reader understand Russia s current and future distribution of power in the Caucasus the Balkans and the world at large Moscow s search for a multipolar world and its opposition to U S hegemony *Russia and Eurasia 2024-2025* Navruz Nebakhtshoev,2024-10-25 The World Today Series Russia and Eurasia deals with twelve sovereign states that became independent following the collapse of the Soviet Union in December 1991 Approximately one third of the book is devoted to Russia The remainder of the book is comprised of separate chapters on Armenia Azerbaijan Belarus Georgia Kazakhstan Kyrgyzstan Moldova Tajikistan Turkmenistan Ukraine and Uzbekistan The text focuses heavily on recent economic and political developments within these twelve states Each country chapter offers descriptions and overviews of the respective governmental institutions key leaders civil society dynamics and economic conditions within each state It supplements this focus with shorter sections dealing with historical developments demographics foreign policy and cultural elements Each chapter concludes with brief projections of future developments within each state The combination of factual accuracy and up to date detail along with its informed projections make this an outstanding resource for students researchers practitioners in international development media professionals government officials and potential investors

Russia and Eurasia 2022-2023 Navruz Nebakhtshoev, 2022-09-29 The World Today Series Russia and Eurasia deals with twelve sovereign states that became independent following the collapse of the Soviet Union in December 1991 Approximately one third of the book is devoted to Russia The remainder of the book is comprised of separate chapters on Armenia Azerbaijan Belarus Georgia Kazakhstan Kyrgyzstan Moldova Tajikistan Turkmenistan Ukraine and Uzbekistan The text focuses heavily on recent economic and political developments within these twelve states Each country chapter offers descriptions and overviews of the respective governmental institutions key leaders civil society dynamics and economic conditions within each state It supplements this focus with shorter sections dealing with historical developments demographics foreign policy and cultural elements Each chapter concludes with brief projections of future developments within each state The combination of factual accuracy and up to date detail along with its informed projections make this an outstanding resource for students researchers practitioners in international development media professionals government officials and potential investors

Russia and Eurasia 2019-2020 , 2019-10-11 Published and updated annually Russia and Eurasia deals with twelve sovereign states that became independent following the collapse of the Soviet Union in December 1991 Approximately one third of the book is devoted to Russia The remainder of the book is comprised of separate chapters on Armenia Azerbaijan Belarus Georgia Kazakhstan Kyrgyzstan Moldova Tajikistan Turkmenistan Ukraine and Uzbekistan The text focuses heavily on recent economic and political developments within these twelve states Each country chapter offers descriptions and overviews of the respective governmental institutions key leaders civil society dynamics and economic conditions within each state It supplements this focus with shorter sections dealing with historical developments demographics foreign policy and cultural elements Each chapter concludes with brief projections of future developments within each state The combination of factual accuracy and up to date detail along with its informed projections make this an outstanding resource for students researchers practitioners in international development media professionals government officials and potential investors
