Michael Khodarkovsky

Russias Steppe Frontier The Making Of A Colonial Empire 1500 1800:

Russia's Steppe Frontier Michael Khodarkovsky, 2002-02-22 This study of Russia's colonial expansion across the Eurasian steppe is a tremendously important contribution to the field of Russian history Valerie Kivelson From the decline of the Mongol Golden Horde to the end of the 18th century the Russian government expanded its influence and power throughout its southern borderlands The process of incorporating these lands and peoples into the Russian Empire was not only a military and political struggle but also a cultural contest between the indigenous worlds of the steppe and Russian imperial hegemony Drawing on sources and archival materials in Russian and Turkic languages Michael Khodarkovsky presents a complex picture of the encounter between the Russian authorities and native peoples A major contribution to the comparative study of empires and frontiers no other work treats Moscow's colonial expansion to the south and east so competently Russia *Images and the Making of the Russian Empire, 1471-1721* Valerie A. Kivelson, 2025-09-18 Exploring the visual record of the Muscovite tsardom this book demonstrates that in imperial settings images actually do things Richly illustrated with 120 arresting little known images it considers how those images functioned as active agents for and against empire Images and the Making of the Russian Empire moves out from the throne room of the Kremlin to engravers workshops of Chernihiv and Kyiv to the Amur River basin to the icy peaks of Kamchatka wherever imagery and empire intersected which was everywhere The book presents an unexpected array of pictorial material including Muscovite illuminated histories Ukrainian political theological prints and Siberian reindeer herders pictographic signature marks Valerie A Kivelson demonstrates how pictures created by conquerors and conquered by elites and subjects by the powerful and the disempowered advanced and shaped the tsardom as it grew into an ethnically and religiously diverse empire in ways that have remained unnoticed until now Through its novel visual methodology it offers original perspectives on both Moscow's ambitions and the ways in which populations coming under tsarist control pushed back and reshaped the regime's own understanding of what it meant to be an imperial state **Russia's Entangled Embrace** Stephen Badalyan

Riegg, 2020-07-15 Russia's Entangled Embrace traces the relationship between the Romanov state and the Armenian diaspora that populated Russia's territorial fringes and navigated the tsarist empire's metropolitan centers By engaging the ongoing debates about imperial structures that were simultaneously symbiotic and hierarchically ordered Stephen Badalyan Riegg helps us to understand how for Armenians and some other subjects imperial rule represented not hypothetical clear cut alternatives but simultaneous messy realities He examines why and how Russian architects of empire imagined Armenians as being politically desirable These circumstances included the familiarity of their faith perceived degree of social political or cultural integration and their actual or potential contributions to the state's varied priorities Based on extensive research in the archives of St Petersburg Moscow and Yerevan Russia's Entangled Embrace reveals that the Russian government relied on Armenians to build its empire in the Caucasus and beyond Analyzing the complexities of this imperial

relationship beyond the reductive question of whether Russia was a friend or foe to Armenians allows us to study the methods of tsarist imperialism in the context of diasporic distribution, inter-imperial conflict and alliance, nationalism and religious and economic identity

Russia Christopher J. Ward, John M. Thompson, 2021-07-20 This lucid account of Russian and Soviet history presents major trends and events from Kievan Rus to Vladimir Putin's presidency in the twenty-first century. Directly addressing controversial topics, this book looks at issues such as the impact of the Mongol conquest, the paradoxes of Peter the Great, the inevitability of the 1917 Revolution, the Stalinist terror and the Gorbachev reform effort. This new ninth edition has been updated to include a discussion of Russian participation in the War in Donbas, eastern Ukraine, Russia's role in the Syrian civil war, the rise of opposition figure Alexei Navalny, Vladimir Putin's confirmation as president for life, recent Russian relations with the United States, the North Atlantic Treaty Organization (NATO) and the European Union, as well as contemporary social and cultural trends. Distinguished by its brevity and supplemented with substantially updated suggested readings that feature new scholarship on Russia and a thoroughly updated index, this essential text provides balanced coverage of all periods of Russian history and incorporates economic, social and cultural developments as well as politics and foreign policy. Suitable for undergraduates as well as the general reader with an interest in Russia, this text is a concise single volume on one of the world's most significant lands.

Asiatic Russia Tomohiko Uyama, 2012-03-12 Although the Russian Empire has traditionally been viewed as a European borderland, most of its territory was actually situated in Asia. Imperial power was huge but often suffered from a lack of enough information and resources to rule its culturally diverse subjects, and asymmetric relations between state and society combined with flexible strategies of local actors sometimes produced unexpected results. In *Asiatic Russia*, an international team of scholars explores the interactions between power and people in Central Asia, Siberia, the Volga, the Urals and the Caucasus from the 18th to the early 20th centuries, drawing on a wealth of Russian archival materials and Turkic, Persian and Tibetan sources. The variety of topics discussed in the book includes the Russian idea of a civilizing mission, the system of governor-generalships, imperial geography and demography, roles of Muslim and Buddhist networks in imperial rule and foreign policy, social change in the Russian Protectorate of Bukhara, Muslim reformist and national movements. The book is essential reading for students and scholars of Russian Central Eurasian and comparative imperial history, as well as imperial and colonial studies and nationalism studies. It may also provide some hints for understanding today's world where empire has again become a key word in international and domestic power relations.

Faith and Sword Alan G. Jamieson, 2006-06-26 *Faith and Sword* explores the long and bloody history of the Muslim-Christian conflict and examines the causes of present-day tensions between Islamic nations and the secular West. This book examines the Christian-Muslim conflict through all its stages and shows how our current situation has emerged. Ranging from Morocco to Indonesia and from Russia to Somalia, it sheds light on the complex political and religious dynamics that form the background to one of the most important conflicts of our time.

BOOK JACKET **Empire in Asia: A**

New Global History Brian P. Farrell, Donna Brunero, 2018-09-20 Asia was the principle focus of empire builders from Alexander and Akbar to Chinggis Khan and Qianlong and yet until now there has been no attempt to provide a comprehensive history of empire in the region Empire in Asia addresses the need for a thorough survey of the topic This volume covers the long 19th century commonly seen in terms of high imperialism and the global projection of Western power This volume explores the dynamic volatile and often contested processes by which by the early years of the 20th century Asian states space and peoples became deeply integrated into the wider dynamics of global reordering Drawing on case studies from across Asia the contributors discuss key themes including ideology concepts of identity religion and politics state building and state formation the relationships between space people and sovereignty the movements of goods money people and ideas and the influence and impact of conflict and military power The two volumes of Empire in Asia offer a significant contribution to the theory and practice of empire when considered globally and comparatively and are essential reading for all students and scholars of global imperial and Asian history Russian Hajj Eileen Kane, 2015-11-02 No detailed description available for Russian Hajj **Imperial Co-operation and Transfer, 1870-1930**, 2015-08-27 Conflict and competition between imperial powers has long been a feature of global history but their co operation has largely been a peripheral concern Imperial Co operation and Transfer 1870 1930 redresses this imbalance providing a coherent conceptual framework for the study of inter imperial collaboration and arguing that it deserves an equally prominent position in the field Using a variety of examples from across Asia Europe and Africa this book demonstrates the ways in which empires have shared and exchanged their knowledge about imperial governance including military strategy religious influence and political surveillance It asks how when and where these partnerships took place and who initiated them Not only does this book fill an empirical gap in the study of imperial history it traces ideas of empire from their conception in imperial contact zones to their implementation in specific contexts As such this is an important study for imperial and global historians of all specialisms

The Black Sea : A History Charles King, 2004-03-18 Based on extensive research in multiple languages this book is an innovative and indispensable guide to the history cultures and politics of the fascinating Black Sea area and its future at the heart of Europe and Eurasia Charles King breaks new ground in demonstrating how a region often thought of as a zone of timeless conflict has experienced long periods of integration and co operation The area from the Balkans to the Caucasus is often seen as a zone of timeless conflict a frontier region at the meeting place of mutually antagonistic civilizations But in this pathbreaking work Charles King investigates the myriad of connections that have made the Black Sea more of a bridge than a boundary linking religious communities linguistic groups empires and later nations and states For some parts of the world the idea of waterways as defining elements in human history is uncontroversial Mention the Mediterranean or the South Pacific and images of mutual influence come to mind Those images come less readily for the Black Sea a region that has experienced ethnic conflict economic collapse and interstate rivalries over the last two decades But in the recent past the

idea of the Black Sea as a distinct unit was self evident From its formation some seven or eight millennia ago to the political revolutions and environmental crisis of the late twentieth century the sea has been a zone of interaction sometimes cordial sometimes conflictual among the peoples and states around its shores To the ancient Greeks the sea lay literally at the edge of the known world In time the growth of Greek trading colonies linked all the coasts into a web of economic relationships In the Middle Ages the sea was tied to the great commercial cities of Venice and Genoa Later the Ottomans used the region s resources to build their own empire In the late eighteenth century the sea was opened to foreign commerce and the seacoasts were part of a genuinely global system of trade After the collapse of the Russian and Ottoman empires the coastline was carved up among a number of newly formed nation states with each asserting a right to a piece of the coast and a section of the coastal waters Today efforts to resurrect the idea of the Black Sea as a unified region are once again on the international agenda Based on extensive research in multiple languages this book is an indispensable guide to the history cultures and politics of this fascinating sea and its future at the heart of Europe and Eurasia Well footnoted and fluently written a useful and accessible work with the Sea itself quite properly at the centre of attention Robin Milner Gulland *History Today* In this timely book Charles King provides a stretchy timeline for the murky pool once a lake now a tideless sea which has always sat on the edge of everything Europe Asia civilisation barbarism us and other *The Guardian Review* This is an essential book for anyone who feels they ought to know about what used to be called the eastern question and worries secretly that it is too late to start finding out *The Guardian* A solid work by an academic historian writing for the general educated public He is particularly good on little known or forgotten episodes the part played by Westerners in the development of the area King is well placed to see through the myths of nationalists he has a good eye also for the victims of history Kings work has all the virtues of good American scholarship vast array of sources a transatlantic detachment and the recent and very welcome fashion for elegant prose Andrew Mango *TLS* The collapse of the Soviet Union restored two great geostrategic arenas long buried in now defunct empires or pushed to the margin by Cold War alignments The first is Inner Asia an immense hinterland stretching from the Chinese borderlands across the Siberian south to the Hindu Kush The second is the Black Sea a junction where the Balkans Central Asia and the Middle East meet Say no more To appreciate what this re embodiment means one needs a special vantage point King traces the Black Sea s many political incarnations from the Greeks and Scythians to the Romans the Byzantine Christians the Ottomans the Russians and the tumult of the twentieth century Even when fractured and populated with weak and troubled states as now the region King argues in this mind broadening book coheres and deserves to be thought about and approached accordingly essential reading for all who are dealing with the Black Sea history and archaeology *International Journal of Maritime History* The collapse of the Soviet Union restored two great geostrategic arenas long buried in now defunct empires or pushed to the margin by Cold War alignments The first is Inner Asia an immense hinterland stretching from the Chinese borderlands across the Siberian south

to the Hindu Kush The second is the Black Sea a junction where the Balkans Central Asia and the Middle East meet Say no more To appreciate what this re embodiment means one needs a special vantage point King traces the Black Sea s many political incarnations from the Greeks and Scythians to the Romans the Byzantine Christians the Ottomans the Russians and the tumult of the twentieth century Even when fractured and populated with weak and troubled states as now the region King argues in this mind broadening book coheres and deserves to be thought about and approached accordingly Foreign Affairs

Tales of Imperial Russia Francis W. Wcislo, 2011-03-17 History and biography meet in Tales of Imperial Russia a study of the late Romanov Russian Empire told through the figure of Sergei Witte Like Bismarck or Gorbachev Witte was a European statesman serving an empire He was the most important statesman of pre revolutionary Russia In the Georgia Odessa Kyiv and St Petersburg of the nineteenth century he inhabited the worlds of the Victorian Age as young boy student railway executive lover of divorcees and Jews monarchist and technocrat His political career saw him construct the Trans-Siberian Railway propel Russia towards Far Eastern war with Japan visit America in 1905 to negotiate the Treaty of Portsmouth concluding that war and return home to confront revolutionary disorder with the State Duma the first Russian parliament The book is based on two memoir manuscripts that Witte wrote between 1906 and 1912 and includes his account of Nicholas II the Empress Alexandra and the machinations of a Russian imperial court that he believed were leading the country to revolution Telling the story both of a life and of the last days of the Tsarist empire Tales of Imperial Russia will delight and inform all those interested in biography literature and history as well as readers interested in the history of modern Russia

The Shadow of Colonialism on Europe's Modern Past R. Healy, E. Dal Lago, Enrico Dal Lago, 2014-10-28 Through a range of case studies from eastern and western Europe this book breaks new ground in investigating the extent to which European peoples living within Europe were also subjected to the ideologies and practices of colonialism

War in the Eighteenth-Century World Jeremy Black, 2012-12-07 Placing eighteenth century warfare in a truly global context Jeremy Black challenges conventional accounts and offers a reappraisal of debates in Western and Asian history This concise up to date survey assumes little prior knowledge and provides cutting edge historical insights into a crucial period of world history

The Russian Empire 1450-1801 Nancy Shields Kollmann, 2017-02-09 Modern Russian identity and historical experience has been largely shaped by Russia s imperial past an empire that was founded in the early modern era and endures in large part today The Russian Empire 1450-1801 surveys how the areas that made up the empire were conquered and how they were governed It considers the Russian empire a Eurasian empire characterized by a politics of difference the rulers and their elites at the center defined the state s needs minimally with control over defense criminal law taxation and mobilization of resources and otherwise tolerated local religions languages cultures elites and institutions The center related to communities and religions vertically according each a modicum of rights and autonomies but didn t allow horizontal connections across nobilities townsmen or other groups potentially with common interests to coalesce Thus the Russian

empire was multi ethnic and multi religious Nancy Kollmann gives detailed attention to the major ethnic and religious groups and surveys the government s strategies of governance centralized bureaucracy military reform and a changed judicial system The volume pays particular attention to the dissemination of a supranational ideology of political legitimacy in a variety of media written sources and primarily public ritual painting and particularly architecture Beginning with foundational features such as geography climate demography and geopolitical situation The Russian Empire 1450 1801 explores the empire s primarily agrarian economy serfdom towns and trade as well as the many religious groups primarily Orthodoxy Islam and Buddhism It tracks the emergence of an Imperial nobility and a national self consciousness that was by the end of the eighteenth century distinctly imperial embracing the diversity of the empire s many peoples and cultures

On Arid Ground Jennifer Keating,2022 On Arid Ground focuses on the relationships between empire and environment in Central Asia using environmental history to examine the practice of Russian imperialism in Turkestan at the end of empire from the 1860s until 1916 It reveals for the first time a comprehensive assessment of the environmental imprint of Russian colonisation and shows how local ecologies fitted into broader repertoires of imperial rule accommodation and resistance Ranging widely above and below the surface in Turkestan from the deserts of Transcaspia to the highlands and lowlands of rural Fergana and Semirech e Jennifer Keating explores infrastructure development migrant settlement land reclamation and dispossession the commodification of nature and environmental violence to reveal the ways in which ecological change was central to the building and breaking of empire Attentive to connections synchronicities and scale On Arid Ground makes the case for looking beyond cotton and water in Central Asian context for the powerful material role played by animals and plants sand silt and salt in human histories and for the less visible relationships between far flung people and things within and beyond Turkestan s borders Laying bare the political roots and repercussions of environmental change the volume brings fresh perspectives both to the history of Central Asia and to that of the wider Russian empire across Eurasia Peopling the Russian Periphery Nicholas Breyfogle,Abby Schrader,Willard Sunderland,2007-11-02 Though usually forgotten in general surveys of European colonization the Russians were among the greatest colonizers of the Old World eventually settling across most of the immense expanse of Northern Europe and Asia from the Baltic and the Pacific and from the Arctic Ocean to Central Asia This book makes a unique contribution to our understanding of the Eurasian past by examining the policies practices cultural representations and daily life experiences of Slavic settlement in non Russian regions of Eurasia from the time of Ivan the Terrible to the nuclear era The movement of tens of millions of Slavic settlers was a central component of Russian empire building and of the everyday life of numerous social and ethnic groups and remains a crucial regional security issue today yet it remains relatively understudied Peopling the Russian Periphery redresses this omission through a detailed exploration of the varied meanings and dynamics of Slavic settlement from the sixteenth century to the 1960s Providing an account of the different approaches of settlement and expansion that were adopted in different periods of

history it includes detailed case studies of particular episodes of migration Written by upcoming and established experts in Russian history with exceptional geographical and chronological breadth this book provides a thorough examination of the history of Slavic settlement and migration from the Muscovite to the Soviet era It will be of great interest to students and scholars of Russian history comparative history of colonization migration interethnic contact environmental history and European Imperialism *Russia and Central Asia* Shoshana Keller,2020 This introduction to Central Asia and its relationship with Russia helps restore Central Asia to the general narrative of Russian and world history

Personality and Place in Russian Culture Simon Dixon,2010 Lindsey Hughes 1949 2007 made her reputation as one of the foremost historians of the age of Peter the Great by revealing the more freakish aspects of the tsar s complex mind and reconstructing the various physical environments in which he lived Contributors to Personality and Place in Russian Culture were encouraged to develop any of the approaches featured in Hughes s work pointillist and panoramic playful and morbid quotidian and bizarre The result is a rich and original collection ranging from the sixteenth century to the present day in which a group of leading international scholars explore the role of the individual in Russian culture the myriad variety of individual lives and the changing meanings invested in particular places The editor Simon Dixon is Sir Bernard Pares Professor of Russian History at UCL School of Slavonic and East European Studies *The Cambridge History of Russia: Volume 1, From Early Rus' to 1689* Maureen Perrie,Ronald Grigor Suny,2006 An authoritative history of Russia from early Rus to the reign of Peter the Great

Enlightened Colonialism Damien Tricoire,2017-08-11 This book further qualifies the postcolonial thesis and shows its limits To reach these goals it links text analysis and political history on a global comparative scale Focusing on imperial agents their narratives of progress and their political aims and strategies it asks whether Enlightenment gave birth to a new colonialism between 1760 and 1820 Has Enlightenment provided the cultural and intellectual origins of modern colonialism For decades historians of political thought philosophy and literature have debated this question On one side many postcolonial authors believe that enlightened rationalism helped delegitimize non European cultures On the other side some historians of ideas and literature are willing to defend at least some eighteenth century philosophers whom they consider to have been anti colonialists Surprisingly enough both sides have focused on literary and philosophical texts but have rarely taken political and social practice into account

Eventually, you will categorically discover a other experience and triumph by spending more cash. still when? reach you tolerate that you require to get those all needs behind having significantly cash? Why dont you attempt to acquire something basic in the beginning? Thats something that will lead you to comprehend even more on the order of the globe, experience, some places, later than history, amusement, and a lot more?

Russias Steppe Frontier The Making Of A Colonial Empire 1500 1800 Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Russias Steppe Frontier The Making Of A Colonial Empire 1500 1800 PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization

of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Russias Steppe Frontier The Making Of A Colonial Empire 1500 1800 PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Russias Steppe Frontier The Making Of A Colonial Empire 1500 1800 free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Russias Steppe Frontier The Making Of A Colonial Empire 1500 1800 Books

1. Where can I buy Russias Steppe Frontier The Making Of A Colonial Empire 1500 1800 books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
