

Russia's Stillborn Democracy? From Gorbachev to Yeltsin

*Graeme Gill and
Roger D. Markwick*

Russias Stillborn Democracy

Mike Jess

Russias Stillborn Democracy:

Russia's Stillborn Democracy? Graeme Gill, Roger D. Markwick, 2000-03-23 The decade and a half since Gorbachev came to power has been a tumultuous time for Russia It has seen the expectations raised by perestroika dashed the collapse of the Soviet superpower and the emergence of a new Russian state claiming to base itself on democratic market principles It has seen a political system shattered by a president turning tanks against the parliament and then that president configuring the new political structure to give himself overwhelming power These upheavals took place against a backdrop of social dislocations as the Russian people were ravaged by the effects of economic shock therapy This book explains how these momentous changes came about and in particular why political elites were able to fashion the new political system largely independent of the wishes of the populace at large It was this relationship between powerful elites and weak civil society forces which has led to Russian democracy under Yeltsin being still born

Russia's Stillborn Democracy? Graeme J. Gill, Roger D. Markwick, 2003 This study of the failure of democracy in Russia after the collapse of the USSR traces the origins of that failure into the Soviet era and shows how the political elite built a system based on maximising their own power rather than the people's

Before Intelligence Failed Mark Wilkinson, 2018-05-15 In the wake of the 2003 Iraq War the term intelligence failure became synonymous with the Blair Government and how it had used intelligence to construct a case for war This book examines British secret intelligence over the thirty years preceding its very public failings From the Soviet Union to South Africa and Libya Mark Wilkinson provides a detailed analysis and vivid account of the development and functioning of Britain's intelligence agencies in the struggle against the proliferation of chemical and biological weapons Based on archival research and interviews with key players in the intelligence establishment he shows how a handful of chemical and biological weapons experts battled to make their voices heard They had evidence that illegal weapons development was taking place but were continually rebuffed by adversaries in Whitehall Fascinating surprising and sometimes shocking *Before Intelligence Failed* is a compelling account of what was known about chemical and biological weapons proliferation before the Iraq War

Russia's Bitter Path to Modernity Alexander Chubarov, 2001-01-01 Will it follow the model of the Western capitalist democracies as those who applied the economic shock therapy of the early 90s hoped or will it chose its own distinct path of development In this history of Russia from 1917 to the present Alexander Chubarov teases out certain themes developed in his previous book on tsarist Russia *The Fragile Empire* One of the key factors to Russia's distinctiveness is its halfway location in the center of the Eurasian landmass This lends an inevitability to the traditional cultural schism between Westernizing reformers and Slavophiles Neither approach says Chubarov will work on its own Chubarov offers a balanced view abstaining from narrow ideologically biased assessments and examines the triumphs yes and failures of Russia's Soviet development within Russia's own cultural and historical context Without ever minimizing the brutalities of the Soviet period the state terror the collectivizations the labor camps the deportations of whole

peoples Chubarov demonstrates much continuity between tsarist and Soviet Russia with the latter often repeating the former's mistakes Russia says Chubarov cannot turn its back on its Soviet experience Far from being a blind alley or aberrant phase the Soviet period was an organic part of Russia history and was largely successful in turning Russia and most of the other Soviet republics into modern states The History of Russia from 1801 to the Present Rosina Beckman,2018-07-15 In the slightly more than two centuries since the dawn of the nineteenth century Russia has undergone sweeping changes several times over Readers will learn about the tension between reform and autocracy that marked the nineteenth century World War I and the fall of the last tsar and the rise of the USSR They will examine the USSR's time as a twentieth century superpower the fall of communism and Russia's current power plays for global influence Sidebars provide extra information while historical photographs let readers see the figures and events that shaped Russian history with their own eyes

Russia's 20th Century Michael Khodarkovsky,2019-09-05 Michael Khodarkovsky's innovative exploration of Russia's 20th century through 100 carefully selected vignettes that span the century offers a fascinating prism through which to view Russian history Each chosen microhistory focuses on one particular event or individual that allows you to understand Russia not in abstract terms but in real events in the lives of ordinary people Russia's 20th Century covers a broad range of topics including the economy culture politics ideology law and society This introduction provides a vital background and engaging analysis of Russia's path through a turbulent 20th century A representative sample of chapters in the book includes 1902 Peasants 1903 The Pogrom 1906 The Tsar's Speech 1908 Church 1910 Tolstoy's Death 1913 The Romanovs 1916 Rasputin 1922 USSR 1927 Orphans into Communists 1931 Palace of the Soviets 1935 Manufacturing Heroes 1939 Hitler's Ally 1941 Moscow on the Brink 1945 Rape of Germany 1949 Atomic Project 1954 Nuclear War Exercise Snowball 1955 Empire of Nations 1960 Virgin Lands 1969 The Soviet Dr Seuss 1971 The Soviet Bob Dylan 1972 Nixon in Moscow and Kiev 1977 USSR Less than a Sum of its Parts 1980 Moscow Olympic Games 1984 Iron Maiden Behind the Iron Curtain 1985 Vodka 1990 Soviet Nationalisms and Ethnic Wars 1997 Russian Fascism 1998 Return of the KGB The historical mosaic of Russia's 20th Century provides a unique examination of modern Russian history one snapshot at a time prompting us to reflect on a larger picture of Russia's past and its place in the world today **The Return of Ideology** Cheng Chen,2016-07-06 As a nation makes the transition from communism to democracy or another form of authoritarianism its regime must construct not only new political institutions but also a new political ideology that can guide policy and provide a sense of mission The new ideology is crucial for legitimacy at home and abroad as well as the regime's long term viability In *The Return of Ideology* Cheng Chen compares post communist regimes with a focus on Russia under Putin and post Deng China investigating the factors that affect the success of an ideology building project and identifies the implications for international affairs Successful ideology building requires two necessary but not sufficient conditions The regime must establish a coherent ideological repertoire that takes into account the nation's ideological heritage and fresh surges of nationalism Also the

regime must attract and maintain a strong commitment to the emerging ideology among the political elite Drawing on rich primary sources including interviews surveys political speeches writings of political leaders and a variety of publications Chen identifies the major obstacles to ideology building in modern Russia and China and assesses their respective long term prospects Whereas creating a new regime ideology has been a protracted and difficult process in China it has been even more so in Russia The ability to forge an ideology is not merely a domestic concern for these two nations but a matter of international import as these two great powers move to assert and extend their influence in the world

Securitising Russia Edwin Bacon,Bettina Renz,Julian Cooper,2013-07-19 *Securitising Russia* shows the impact of twenty first century security concerns on the way Russia is ruled It demonstrates how President Putin has wrestled with terrorism immigration media freedom religious pluralism and economic globalism and argues that fears of a return to old style authoritarianism oversimplify the complex context of contemporary Russia The book focuses on the internal security issues common to many states in the early twenty first century and places them in the particular context of Russia Detailed analysis of the place of security in Russia s political discourse and policy making reveals nuances often missing from overarching assessments of Russia today To characterise the Putin regime as the KGB resurgent is to miss vital continuities contexts and on going political conflicts which make up the contemporary Russian scene *Securitising Russia* draws together current debates about whether Russia is a normal country developing its own democratic and market structures or a nascent authoritarian regime returning to the past

Russia in the Twentieth Century David R. Marples,2014-01-14 The history of Russia as the natural successor to the Soviet Union is of crucial importance to understanding why communism ultimately lost out to Western democracy and the free market system David Marples presents a balanced overview of 20th century Russian history and shows that although contemporary Russia has retained many of the practices and memories of the Soviet period it is not about to revert back to the Soviet example

The Oxford Handbook of Political Economy Barry R. Weingast,Donald Wittman,2008-06-19 Over its lifetime political economy has had different meanings This handbook views political economy as a synthesis of the various strands of social science treating it as the methodology of economics applied to the analysis of political behaviour and institutions

The Communist Party in Post-Soviet Russia Luke March,2002 This pioneering analysis uses the results from the first ever Irish election study to provide a comprehensive survey of the motives outlook and behaviour of voters in the Republic of Ireland Building on the foundations laid down by previous work on comparative electoral behaviour it explores long term influences on vote choice such as party loyalties and enduring values as well as short term ones such as the economy the party leaders and the candidates themselves It also examines how people use their vote and why so many people do not vote at all Many features of Irish elections make such a detailed study particularly important The single transferable vote system allows voters an unusual degree of freedom to pick the candidates they prefer while electoral trends observed elsewhere can be found in a more extreme form in Ireland For example attachment to parties

is very low differences between them are often obscure candidate profiles are very high and turnout is falling rapidly However Irish elections defy international trends in other respects most notably in the degree of personal contact parties and candidates make with their voters Findings are presented in a manner that is highly accessible to anyone with an interest in elections electoral systems and electoral behaviour The book is essential reading for anyone interested in Irish politics and is an important text for students of European Politics Parties and Elections Comparative Politics and Political Sociology

Rewriting History in Soviet Russia R. Markwick, 2001-02-01 This book explores the political significance of the development of historical revisionism in the USSR under Khrushchev in the wake of the Twentieth Congress of the CPSU and its demise with the onset of the period of stagnation under Brezhnev On the basis of intensive interviews and original manuscript material the book demonstrates that the vigorous rejuvenation of historiography undertaken by Soviet historians in the 1960s conceptually cleared the way for and fomented the dramatic upheaval in Soviet historical writing occasioned by the advent of perestroika

The Role of Civil Society in Transitional Justice Selbi Durdiyeva, 2023-09-01 This book examines how civil society engages with transitional justice in Russia demonstrating a broad range of roles civil society can undertake while operating in a restrictive political context Based on sociolegal research the study focuses on three types of civil society groups dealing with the legacies of the Soviet repression in Russia a prominent organisation that works on recovering historical truth the International Memorial a parish of the Orthodox Church of Russia operating at a former mass execution and mass burial site the Church at Butovo and contentious groups that could hinder attempts at reckoning and promote state narratives built on the Stalinist and WWII victory myths This book explores an often overlooked case of Russia's transitional justice from below It provides insights into how even in authoritarian contexts civil society can adopt imaginative piecemeal and at times unconventional ways of seeking justice outside and in the absence of official and institutionalised transitional justice measures This book will appeal to scholars of transitional justice memory studies human rights and democratic and civil society theory as well as policymakers and practitioners in these fields and others with interests in Russian and post Soviet studies

Out of Order Ellen Carnaghan, 2010-11-01 *Federalism, Democratization, and the Rule of Law in Russia* Jeffrey Kahn, 2002-06-13 Combining the approaches of three fields of scholarship political science law and Russian area studies the author explores the foundations and future of the Russian Federation Russia's political elite have struggled to build an extraordinarily complex federal system one that incorporates eighty nine different units and scores of different ethnic groups which sometimes harbor long histories of resentment against Russian imperial and Soviet legacies This book examines the public debates official documents and political deals that built Russia's federal house on very unsteady foundations often out of the ideological conceptual and physical rubble of the ancien régime One of the major goals of this book is where appropriate to bring together the insights of comparative law and comparative politics in the study of the development of Russia's attempts to create as its constitution states in the very first article a Democratic federal rule of law

state Mothers and Soldiers Amy Caiazza,2002-09-27 As the Soviet communist regime gave way to democracy the emergence of an entirely new political and social landscape had the potential to turn Russian society upside down In *Mothers and Soldiers* Organizing Men and Women in 1990s Russia Amy Caiazza looks at the effects of this seismic change on gender roles and specifically the role of women in a newly democratic Russia By observing through a gendered lens institutions like the military and the process of making public policy Caiazza finds that despite the institutional disruption the pattern of gender role ideologies maintained continuity from the former times while at the same time embracing aspects of Western feminism **Developments in Russian Politics 5** Stephen White,Alex Pravda,Zvi Y. Gitelman,2001 Russia has a new parliament and a new president and the shape of its future political life remains uncertain Taking the elections of 1999 and 2000 as their starting point the contributors to *Developments in Russian Politics 5* describe the institutional framework of the post Yeltsin system and examine the policy choices that confront the Putin administration This completely revised edition includes new discussions of such topics as media and political communication crime and corruption and Russia s continuing search for a national idea Other sections cover elections and electoral procedures parties and organized interests as well as economic social and foreign policy Written by leading scholars from both sides of the Atlantic *Developments in Russian Politics 5* will replace earlier editions as the leading text for students of Russia and for a wider group of readers seeking a reliable and up to date introduction to the politics of the world s largest country **IBSS** Compiled by the British Library of Political and Economic Science,2001 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences *Building an Authoritarian Polity* Graeme Gill,2015-11-12 Graeme Gill shows why post Soviet Russia has failed to achieve the democratic outcome widely expected at the time of the fall of the Soviet Union instead emerging as an authoritarian polity He argues that the decisions of dominant elites have been central to the construction of an authoritarian polity and explains how this occurred in four areas of regime building the relationship with the populace the manipulation of the electoral system the internal structure of the regime itself and the way the political elite has been stabilised Instead of the common Yeltsin is a democrat Putin an autocrat paradigm this book shows how Putin built upon the foundations that Yeltsin had laid It offers a new framework for the study of an authoritarian political system and is therefore relevant not just to Russia but to many other authoritarian polities **A History Of Russia Volume 2** Walter G. Moss,2004-10-01 Moss has significantly revised his text and bibliography in this second edition to reflect new research findings and controversies on numerous subjects He has also brought the history up to date by revising the post Soviet material which now covers events from the end of 1991 up to the present day This new edition retains the features of the successful first edition that have made it a popular choice in universities and colleges throughout the US Canada and around the world

Russias Stillborn Democracy Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its ability to stir emotions, provoke thought, and instigate transformation is really remarkable. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Russias Stillborn Democracy full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd

offer subscription-based access to a wide range of Russias Stillborn Democracy eBooks, including some popular titles.

FAQs About Russias Stillborn Democracy Books

What is a Russias Stillborn Democracy PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Russias Stillborn Democracy PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Russias Stillborn Democracy PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Russias Stillborn Democracy PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Russias Stillborn Democracy PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
