material Reading Mind Leap was one of the most delightful experiences of my summer First I found it an absolutely intriguing story of personal challenge and human relationships But second and most important I found it highly inspiring There are many times in my own spiritual journey that I wonder whether it is all worth the effort whether there really is a greater reality This book is a powerful incentive to keep going an inspiration and a source of hope Joyce E Ansell literary editor How can we learn to live wholly with deep intuition in this world Where can it lead for each of us in this transformative era We hear follow a path with heart listen to your dreams open to spirit But rare is the book that actually takes us far into that experience Mind Leap does so by telling a challenging liberating true story from the consciousness revolution and inviting readers to participate by reviewing their own life events and perceptions A novelist couldn't create spiritual explorers more opposite than Kelly and David growing up the psychic daughter of an abusive alcoholic and mystic son of an activist minister But as young adults with other partners dreams and intuitions pointed each other out hinting of the natural bridge they would form together As they were then tested in a crucible of intersecting lives Moita began to speak through Kelly initiating an experiment in communication between worlds Her over 200 interactive sessions shared with hundreds of participants have been compared to the Seth material Mind Leap reveals the hidden workings of spirit that connect us to people and situations we need to grow in strength freedom and love The narrative unfolds on many levels giving a unique inside view of the channeling phenomenon even as the prophetic messages turn from individuals to the crisis transformation of our Earth We see you all the time are near you yet very rarely can touch for you do not see us For you we are merely a whisper in the trees We have watched for a great many years and now there is a drawing together of worlds a time when the two worlds may touch and not be destroyed by each other when they may integrate and understand The coming together of our worlds will not change just yours but mine Life will never be the same again Moita Things Revealed Esther G. Chazon, David Satran, Ruth Clements, 2004-09-01 This rich collection of articles dedicated to Michael E Stone by his colleagues and students honors his contributions to the study of Judaism and Christianity Many of the articles discuss apocryphal and pseudepigraphical works stemming from Jewish or Christian authors and transmitted primarily but not exclusively by Christian scribes Particularly well represented are the earliest books of 1 Enoch and the Testaments of the Twelve Patriarchs A number of articles introduce newly available material from the Dead Sea Scrolls while others deal with Philo Hellenistic Judaism and early Christianity Issues of biblical interpretation tradition history literary transmission and social context figure prominently This book is a companion to the study of apocrypha pseudepigrapha Dead Sea Scrolls early Judaism and early Christianity *The British National Bibliography* Arthur James Wells, 2009 Rhymes Walter White, 1873
