Polygyny in Europe The grand narrative of Western history is the development of monogamous marriage culminating in the central Middle Ages Other kinds of relationships have often perhaps too lightly been dismissed as just lust In this book Jan R diger investigates the plurality of man woman relationships in medieval Scandinavia and analyses the social and political uses of elite polygyny By way of comparison the findings from the North are then applied to England France and the Iberian Peninsula in order to propose a new overall image of elite polygyny including marriage in the medieval West See inside the book [The Acquisition of Temporality in a Second Language](#) Rainer Dietrich,1995-01-01 This is the second volume of the

SiBil series to present results from the European Science Foundation's project Second language acquisition by adult immigrants. It deals specifically with the acquisition of temporality in five European languages: Dutch, English, French, German, and Swedish, providing a detailed account of how adult learners who have little or no exposure to classroom teaching express temporality at any given stage of the acquisition process, how they proceed from one stage to the next, and what factors determine both their progress and their final levels of proficiency. The guiding hypotheses, methodology, and theoretical framework for analysing temporality from a cross-linguistic perspective are given in Chapters 1 and 2. The detailed longitudinal analyses of Chapters 3-7 form the backbone of the book. Chapter 8 contains the cross-linguistic generalizations, the factors which account for them, and the wider theoretical implications of the study.

The Queen Mary Psalter Anne Rudloff Stanton, 2001. Illuminated manuscripts are among the more intimate works of art surviving from the medieval period. The Queen Mary Psalter, c. 1316-21, has long been recognized as one of the most outstanding English Gothic manuscripts. Its devotional texts are framed by an encyclopedic series of narrative images painted in a delicate and courtly style. The psalms are introduced by an Old Testament preface in which tinted drawings are explained by French captions. The psalm decoration incorporates a combination of framed illuminations of the life of Christ at the beginnings of important psalms and tinted drawings in the bottom margin of every page that tell stories ranging from the bestiary to the lives of the saints. Winner of the 2000 Millennium Award. 100 illus.

Pablo Picasso and Dora Maar Dr. Enrique Mallen, 2021-03-12. Although Pablo Picasso spotted Dora Maar at a cafe in January 1936, it is highly likely that she had come to his attention prior. As Brassai, a Hungarian-French photographer, recalled: "It was at Les Deux Magots that one day in autumn 1935 he met Dora. On an earlier day he had already noticed the grave, drawn face of the young woman at a nearby table; the attentive look in her light-colored eyes, sometimes disturbing in its fixity. When Picasso saw her in the same cafe, in the company of the surrealist poet Paul Eluard, who knew her, the poet introduced her to Picasso. Brassai, aka Gyula Halász. Conversations with Picasso. University of Chicago Press, 1999. Tinged with a seductive mix of violence and dark eroticism, this first meeting has attained mythical status in the story of the artist's life. It reads like an unreal fantasy: a mysterious and feline beauty which Man Ray had captured in the pictures he took of her, a companion of Georges Bataille. Dora was an accomplished photographer close to the Surrealists' revolutionary aesthetics. Picasso addressed her in French, which he assumed to be her language; she replied in Spanish, which she knew to be his. For the next decade, the painter would translate not just his fascination with the woman who had seduced him on the spot, but also his desire to escape the grip of someone who, for the first time, could intellectually aspire to be his equal. Dora would appear in his works as a female Minotaur, a Sphinx, a lunar goddess, and a muse. Because of her intense artistic sensibility, her poetic gifts, and her ability to participate in

suffering she was especially qualified to resonate Picasso's own inner torments during these troubled years

Salons, History, and the Creation of Seventeenth-Century France Faith E. Beasley, 2017-09-29 The first half of the book is a detailed study of how the salons influenced the development of literature Beasley argues that many women were not only writers they also served as critics for the literary sphere as a whole In the second half of the book Beasley examines how historians and literary critics subsequently portrayed the seventeenth century literary realm which became identified with the great reign of Louis XIV and designated the official canon of French literature Beasley argues that in a rewriting of this past the salons were reconfigured in order to advance an alternative view of this premier moment of French culture and of the literary masterpieces that developed out of it Through her analysis of how the seventeenth century salon has been defined and transmitted to posterity Beasley illuminates facets of France's collective memory and the powers that constituted it in the past and that are still working to define it today

Death in the Middle Ages and Early Modern Times Albrecht Classen, 2016-04-11 Death is not only the final moment of life it also casts a huge shadow on human society at large People throughout time have had to cope with death as an existential experience and this also of course in the premodern world The contributors to the present volume examine the material and spiritual conditions of the culture of death studying specific buildings and spaces literary works and art objects theatrical performances and medical tracts from the early Middle Ages to the late eighteenth century Death has always evoked fear terror and awe it has puzzled and troubled people forcing theologians and philosophers to respond and provide answers for questions that seem to evade real explanations The more we learn about the culture of death the more we can comprehend the culture of life As this volume demonstrates the approaches to death varied widely also in the Middle Ages and the early modern age This volume hence adds a significant number of new facets to the critical examination of this ever present phenomenon of death exploring poetic responses to the Black Death types of execution of a female murderess death as the springboard for major political changes and death reflected in morality plays and art
