SAARC as a Regional Alliance P. L. Sharma, 2002 **The South Asian Association for Regional Cooperation (SAARC)** Lawrence Saez, 2012-05-23 The text provides a comprehensive introduction to the SAARC describing the historical developments that lead to its formation it examines the institutional structure objectives and effectiveness of the SAARC in its role as South Asia's leading regional institution Drawing on original research it offers a fresh and accessible account of SAARC arguing that South Asia forms a unique regional security complex that enables certain forms of regional cooperation and bars cooperation on other issue areas *Regionalism and Regional Security in South Asia* Zahid Shahab Ahmed, 2016-04-08 Zahid Shahab Ahmed evaluates the progress of the South Asian Association for Regional Cooperation SAARC This study goes beyond economic integration to present a detailed appraisal of cooperation under the overarching themes of economic cooperation environmental security human welfare and cooperation in security matters According to the author SAARC is making progress in addressing the myriad of issues on its agenda The transition from agreements to actions and frequent interactions among the member states has boosted confidence The progress of SAARC is more evident in the less controversial areas of human security such as poverty alleviation health and safety human resources development and higher education Notwithstanding enthusiastic commitments reflected in agreements and action plans there is a gulf between rhetoric and implementation most notably in sensitive areas relating to traditional security In the light of the findings of this study the author proposes that greater cooperation in common human security areas has a potential to pave the way for a cooperation on issues of a contentious nature particularly terrorism Bhutan in SAARC Rajesh S. also shown a degree of maturity theoretical developments have been underwhelming Scholars have introduced new concepts and examined Indian foreign policy through new prisms but a cohesive research agenda has not yet been charted This volume intends to fill that void It brings together new cutting edge research in the field of Indian foreign policy both at the theoretical and empirical level so as to shape the discourse on foreign policy of one of the most important players in global politics This volume explores key concepts like constructivism and territoriality and analyses their contribution to the academic discourse on Indian foreign policy Issues such as the Indo Pacific and the responsibility to protect have also been examined to address the expanding horizons of Indian foreign policy *Future U.S. Security Relationships with Iraq and Afghanistan* David E. Thaler, 2008 The greater the emphasis on building these capabilities now the faster indigenous air forces will be able to operate independently and the faster the operational demands on the U S Air Force will diminish
