that far from revolutionizing every aspect of life in these cities the adoption of Islam often affected the development of these cities less than previously existing local traditions

The Arabs in Antiquity Jan Retso, 2013-07-04 The history of the Arabs in antiquity from their earliest appearance around 853 BC until the first century of Islam is described in this book It traces the mention of people called Arabs in all relevant ancient sources and suggests a new interpretation of their history It is suggested that the ancient Arabs were more a religious community than an ethnic group which would explain why the designation Arab could be easily adopted by the early Muslim tribes The Arabs of antiquity thus resemble the early Islamic Arabs more than is usually assumed both being united by common bonds of religious ideology and law

Nineteenth century philologist and Biblical critic William Robertson Smith famously concluded that the sacred status of holy places derives not from their intrinsic nature but from their social character Building upon this insight Mecca and Eden uses Islamic exegetical and legal texts to analyze the rituals and objects associated with the sanctuary at Mecca Integrating Islamic examples into the comparative study of religion Brannon Wheeler shows how the treatment of rituals relics and territory is related to the more general mythological depiction of the origins of Islamic civilization Along the way Wheeler considers the contrast between Mecca and Eden in Muslim rituals the dispersal and collection of relics of the prophet Muhammad their relationship to the sanctuary at Mecca and long tombs associated with the gigantic size of certain prophets mentioned in the Quran Mecca and Eden succeeds as few books have done in making Islamic sources available to the broader study of religion      Ancient and Medieval Ethiopian History to 1270 Sergew Hable Selassie, 1972 This scholarly book describes what is known about Ethiopia from primary secondary sources      **A Handbook of Modern Arabic Historical Scholarship on the Ancient and Medieval Periods** Amar S.
