Kessler, Donna Barbie Kessler, 1998-04-13 Kessler supplies both the biography of a legend and an explanation of why that legend has endured Sacagawea is one of the most renowned figures of the American West A member of the Shoshone tribe she was captured by the Hidatsas as a child and eventually became one of the wives of a French fur trader Toussaint Charbonneau In 1805 Charbonneau joined Lewis and Clark as the expedition's interpreter Sacagawea was the only woman to participate in this important mission and some claim that she served as a guide when the expedition reached the upper Missouri River and the mountainous region Although much has

been written about the historical importance of Sacagawea in connection with the expedition no one has explored why her story has endured so successfully in Euro American culture In an examination of representative texts including histories works of fiction plays films and the visual arts from 1805 to the present Kessler charts the evolution and transformation of the legend over two centuries and demonstrates that Sacagawea has persisted as a Euro American legend because her story exemplified critical elements of America s foundation myths especially the concept of manifest destiny Kessler also shows how the Sacagawea legend was flexible within its mythic framework and was used to address cultural issues specific to different time periods including suffrage for women taboos against miscegenation and modern feminism

Sacajawea's People John W. W. Mann, 2004-12-01 On October 20 2001 a crowd gathered just east of Salmon Idaho to dedicate the site of the Sacajawea Interpretive Cultural and Education Center in preparation for the Lewis and Clark Bicentennial In a bitter instance of irony the American Indian peoples conducting the ceremony dedicating the land to the tribe the city of Salmon and the nation the Lemhi Shoshones Sacajawea's own people had been removed from their homeland nearly a hundred years earlier and had yet to regain official federal recognition as a tribe John W W Mann's book at long last tells the remarkable and inspiring story of the Lemhi Shoshones from their distant beginning to their present struggles Mann offers an absorbing and richly detailed look at the life of Sacajawea's people before their first contact with non Natives their encounter with the Lewis and Clark Expedition in the early nineteenth century and their subsequent confinement to a reservation in northern Idaho near the town of Salmon He follows the Lemhis from the liquidation of their reservation in 1907 to their forced union with the Shoshone Bannock tribes of the Fort Hall Reservation to the south He describes how for the past century surrounded by more populous and powerful Native tribes the Lemhis have fought to preserve their political economic and cultural integrity His compelling and informative account should help to bring Sacajawea's people out of the long shadow of history and restore them to their rightful place in the American story Home and School Reading and Study Guides ,1996
