**Sacramental Theology for a Modern and Future World** Michael Debus, 2022-01-28 What Christ Jesus taught is not what is most important but rather what he has given humanity His resurrection is the birth of a new faculty within human nature Rudolf Steiner There are many books on sacramental theology some of which focus on a specific denomination while others aspire to rigorous academic objectivity Some also serve as an introduction to a particular branch of Christianity and Michael Debus's book serves that purpose well Nevertheless the author's integration of theological developments through the centuries with a discussion of the evolution of consciousness makes this book unique He addresses the fact that anyone looking for a new or renewed relationship to Christian religiosity must come to understand the center of religious cognitive consciousness and practical life the sacraments Is baptism merely a symbolic act or is it a reality that affects one's life Does a final unction affect a person's future stages of destiny How should we understand the transformation of bread and wine What spiritual processes are expressed in rituals The Christian Community working since 1922 as a conscious movement for religious renewal offers answers to these and other crucial questions Michael Debus speaks to readers who wish to understand more deeply the spiritual foundations of The Christian Community and its place in theological history and its role in Christianity today In *Sacramental Theology for a Modern and Future World* Michael Debus makes complex topics and concepts accessible to all who wish to understand the background and sacraments of The Christian Community and the Movement for Christian Renewal This book is a translation of *Auferstehungskraft im Schicksal Die Sakramente der Christengemeinschaft* Urachhaus 2011 Cover Image Ascension 45 cm x 45 cm watercolor painting by Ninetta Sombart used with the kind permission of Raffael Verlag and the artist's family photograph copyright by Thomas Spalinger

**Sacramental meditations and advices, grounded upon Scripture-texts ... To which is added a short Christian Directory ... With a variety of Scripture-songs, etc** John WILLISON, 1761 **Gestures of God** Geoffrey Rowell, Christine Hall, 2004-06-22 This important new collection of essays on a topic of vital importance is by a group of scholars from ten countries from a wide range of

Christian traditions East and West and from various academic disciplines What has happened to sacramentality in an age which is on the one hand visual and on the other culturally cast adrift from the traditional symbolic universe in which sacramental theology was naturally at home This book is not just confined to a discussion of Eucharistic theology It examines both the historical roots of sacramentality the concept of a sacral person ways in which sacramentality may be re envisioned and the flourishing today of churches of a largely non sacramental style in an age which is increasingly visual rather than verbal The vital importance of the subject of this book is confirmed by the distinction of the contributors David Brown Professor of Theology at Durham University Timothy Jenkins Cambridge Bishop Geoffrey Rowell Oxford Jeremy Begbie St Andrews and Cambridge Ann Loades Durham David N Power Catholic University of America Sven Erik Brodd Uppsala Peter Bouteneff St Vladimir s Seminary New York and Susan A Ross Loyola University Chicago An Ecumenical Odyssey Stanley Jayakumar Yesudass,2024 No less than two decades were needed for the composition of the ecumenical convergence document The Church Towards a Common Vision TCTCV which was published by the World Council of Churches in 2013 The document was intended to reflect a common vision of churches and ecumenical stakeholders on a myriad of ecclesiological themes The book investigates whether the convergence document TCTCV delivers on its promises The book focuses on the formation and the reception of TCTCV along with the two draft versions The Nature and Purpose of the Church 1998 and The Nature and Mission of the Church 2005 and uncovers whether the responses by the churches to TCTCV hold an affirmation of the convergences registered in the document Furthermore it seeks to establish whether the responses point towards a common vision concerning various ecclesiological themes that are still contested by the churches today The book also explores whether the responses to TCTCV reveal an advancement in the conversation surrounding several debated issues and examines to what extent the churches are willing to creatively engage with the ecclesial other **Sacramental Theology** Kenan B. Osborne,1988 A general introduction to the whole study of sacraments that analyzes them from the perspective of the sacrament that is Christ and the Church Ecumenical in its presentation it sets out the complete teaching of the Roman Catholic Church and relates this to a wide range of Anglican and Protestant thought as well The author brings together the teaching of Vatican II on the sacraments with the rich tradition of sacramental theology through the centuries

The Oxford Handbook of Sacramental Theology Hans Boersma,Matthew Levering,2015-08-06 As a multi faceted introduction to sacramental theology the purposes of this Handbook are threefold historical ecumenical and missional The forty four chapters are organized into the following parts five parts Sacramental Roots in Scripture Patristic Sacramental Theology Medieval Sacramental Theology From the Reformation through Today and Philosophical and Theological Issues in Sacramental Doctrine Contributors to this Handbook explain the diverse ways that believers have construed the sacraments both in inspired Scripture and in the history of the Church s practice In Scripture and the early Church Orthodox Protestants and Catholics all find evidence that the first Christian communities celebrated and taught about the sacraments in a manner

that Orthodox Protestants and Catholics today affirm as the foundation of their own faith and practice Thus for those who want to understand what has been taught about the sacraments in Scripture and across the generations by the major thinkers of the various Christian traditions this Handbook provides an introduction As the divisions in Christian sacramental understanding and practice are certainly evident in this Handbook it is not thereby without ecumenical and missional value This book evidences that the story of the Christian sacraments is despite divisions in interpretation and practice one of tremendous hope

**One Baptism** Susan K. Wood, 2009-07-01 Most Christians would say that baptism is the one sacrament Christians of all denominations share that it is the source of ecumenical unity among all Christian churches But how true is that Is there really one baptism as we profess in the Nicene Creed If we disagree about what baptism does can we really say that baptism unites us To address this central question Susan Wood brings together the history and theology of baptism systematic sacramental and liturgical focusing especially on the divergent paths taken in the understanding of the sacrament since the Reformation Founded not only in her study of theology but also in her years of participation in ecumenical dialogues her perspective will illuminate this problem for readers and point the way toward deeper understanding

Recovering the Evangelical Sacrament Anthony R. Cross, 2012-12-06 The subject of baptism continues to be of considerable interest though it frequently appears within broader studies of sacraments liturgy worship and ecumenical studies and within confessional bounds credobaptist or paedobaptist yet it is rarely discussed by Evangelicals This book however is neither an apologetic for credobaptism nor paedobaptism rather Cross believes that as practiced today both forms are a departure from New Testament baptism which he maintains was an integral part of becoming a Christian and part of the proclaimed gospel He argues that the one baptism of Ephesians 4:5 is conversion baptism and that the baptism referred to in the various New Testament strata refers to this one baptism of Spirit and water The study sets out the case for this interpretation and contends that in key passages baptism is an example of synecdoche The case is then made for a

sacramental interpretation of baptism from a thoroughgoing Evangelical perspective Cross concludes with reflections on the necessity of baptismal reform and the relevance of a return to conversion baptism for the contemporary church in a post Christian post Christendom mission setting     The Quest for Unity John Borelli, John H. Erickson, 1996 Since 1965 Catholics and Orthodox in North America have been engaged in official theological dialogue This text presents the history and current state of dialogue between the churches as well as examining what has been accomplished during these decades of dialogue and which obstacles to full communion still remain     *A History of Auricular Confession and Indulgences in the Latin Church: Confession and absolution* Henry Charles Lea, 1896     Confession and absolution Henry Charles Lea, 1896

*Baptist Sacramentalism 2* Anthony R. Cross, Philip E. Thompson, 2009-04-01 This second collection of essays exploring various dimensions of sacramental theology from a Baptist perspective includes biblical historical and theological studies from scholars from around the world Subjects covered are sacraments and sacramentality sacrament and sacrifice in Hebrews the sacrament of fearful intimacy the church as sacrament baptism and the Lord's supper for post Christendom Baptists Pauline baptism and Roman Insulae open communion for the contemporary church penance sacred space recovering a biblical understanding of baptismal regeneration the Lord's supper and the spirituality of C H Spurgeon Southern Baptist eucharistic sacramentalism and soul competency re thinking ex opere operato sacramentalism the sacramentality of the word in Gregory of Nyssa and searching for a common theology of baptism between Baptists and the Churches of Christ This volume does not speak the final word on the subject but is a step along the way toward the recovery and reconstruction of a robust sacramentalism in a Baptist modality     **Drenched in Grace** Lizette Larson-Miller, Walter Knowles, 2013-06-26 The importance of baptism within Christian history theology and practice is of the first order Rooted in Christian Scripture baptism is initiation into Jesus Christ and the sacramental beginning of engagement with the church the body of Christ In recent decades the relationship between baptismal theology and ecclesiology has changed Rather than focusing solely on the implications of baptism for individuals the center of theological conversation has moved increasingly to the nature of baptism as formative of the church One of the pioneers in exploring this theological issue in the United States has been the Rev Dr Louis Weil who from the time he helped author the 1979 Book of Common Prayer has advocated for an approach called baptismal ecclesiology In a number of essays since the 1980s Dr Weil has encouraged an increasingly ecumenical conversation around this particular approach to ecclesiology This ecumenical collection of essays by a distinguished and international group of sixteen scholars continues the conversation on liturgy and ecclesiology begun by Fr Weil
