Doane, 2019-12-02 His Eminence Robert Cardinal Sarah prefect of the Congregation for Divine Worship and the Discipline of the Sacraments recently commented on the fire at Notre Dame cathedral He said the Church is only of interest because she allows us to encounter Jesus She is only legitimate because she passes on Revelation to us When the Church becomes overburdened with human structures it obstructs the light of God shining out in her and through her The Church should be like a cathedral Everything in Her should sing to the glory of God She must unceasingly direct our gaze toward him like the spire of Notre Dame pointed toward heaven Encounter Jesus Transforming Catholic Culture in Crisis is a call to rebuild a Catholic culture that has wandered from her spiritual root system In the West and the United States the light that shined starting in the Acts of the Apostles has become dim and in some places extinguished The specifics to what apostolic spirituality embodies will convict challenge and call the clergy consecrated religious and laity to take seriously what it means to be a catholic Christian Just as architects design the rebuilding of the Notre Dame Cathedral may this book serve as a blueprint for transformation in the culture of the church **Be Healed** Bob Schuchts, 2014-04-07 Somewhere deep inside each one of us is a burning desire to finally become the person God created us to be Do you suffer from spiritual or emotional wounds that are keeping you from reaching that goal The bestselling book Be Healed is based on retired Catholic therapist Bob Schuchts's popular program for spiritual emotional and physical healing Incorporating elements of charismatic spirituality and steeped in scripture and the wisdom of the Church this book offers hope in the healing power of God through the Holy Spirit and the sacraments Schuchts founder of the John Paul II Healing Center sensitively shares his own journey of healing after enduring a series of betrayals in high school his father's infidelity his parents divorce his older brother's drug addiction and his subsequent periods of struggle with God and faith Be Healed includes helpful tools such as charts tables lists reflection questions and personal challenges to guide you on your journey of healing Schuchts's trusted process for finding inner peace and healing is boldly Christ centered maintaining focus on the person of Jesus as the life giving and ever present physician of our souls Schuchts will help you recognize your brokenness and find your hope and healing in the risen Christ *The Collected Works of Edward Schillebeeckx Volume 1* Edward Schillebeeckx, 2014-09-25 This is a new edition of the 1963 classic which gave

Christological thought a new direction As far back as his first major book Schillebeeckx propounded an anthropological approach to the sacraments In *Christ the Sacrament of the Encounter with God* he draws on theologically fruitful work by phenomenological anthropologists like Merleau Ponty Buytendijk and Binswanger That makes Schillebeeckx's distinctive idiom and modern approach appealing even today He rediscovers as it were from within the notions forged by scholastic theology and thus restores to us a theology of the sacraments rooted in the biblical and patristic soil from which they first sprang Schillebeeckx's speculative synthesis of this quest still has a fresh ring to it He describes Christ as the primordial sacrament in a reflection on his public ministry death and resurrection inspired by the universal human search for such a sacrament He concludes that the church's sacraments have to be an earthly extension of the liberation brought by Christ's story Schillebeeckx ends by describing sacraments as grace made visible that gives crowning moments in Christian life a mystical quality Edward Schillebeeckx *Collected Works* bring together the most important and influential works of the Dutch Dominican and theologian Edward Schillebeeckx 1914-2009 in a reliable edition All translations have been carefully checked or revised some texts are presented in English for the first time The page numbers of earlier editions are included Each volume carries a foreword by an internationally renowned Schillebeeckx expert This edition makes Schillebeeckx available for a new generation of scholars and students

Introduction to Sacramental Theology presents a complete overview of sacramental theology from the viewpoint of the body This viewpoint is supported in the first place by Revelation for which the sacraments are the place where we enter into contact with the body of the risen Jesus It is a viewpoint secondly which is firmly rooted in our concrete human bodily experience thus allowing for a strong connection between faith and life creation and redemption From this point of view the treatise on the sacraments occupies a strategic role For the sacraments appear not as the last of a series of topics after dealing with Creation Christ the Church but as the original place in which to stand in order to contemplate the entire Christian mystery This point of view of the body which resonates with contemporary philosophy sheds fruitful light on classical themes such as the relationship of the sacraments with creation the composition of the sacramental sign the efficacy of the sacraments the sacramental character the role of the minister or the relationship of the sacrament with the Church as a sacrament As a result of this approach the Eucharist takes on a central role since this is the sacrament where the body of Jesus is made present The rest of the sacraments are seen as prolongations of the eucharistic body so as to fill all the time and space of the faithful This foundation of the theology of the sacraments in eucharistic theology is supported by an analysis of the patristic and medieval tradition In order to support its conclusions *Introduction to Sacramental Theology* examines the doctrine of Scripture especially St John and St Paul the main patristic and medieval authors St Augustine Hugh of St Victor St Bonaventure St Thomas Aquinas the response of Trent to the protestant challenges up to modern authors such as Scheeben Rahner Ratzinger or Chauvet including the teaching of Vatican II about the Church as a kind of sacrament
