Prater, 2018-03-15 The vast majority of the law enforcement officers in this country perform their very difficult jobs with respect for their communities and in compliance with the law Even so there have been incidents in which this was not the case Police brutality and misconduct has been under the microscope for the last several years and Loretta Prater brings these issues to light through research reports and numerous examples of cases including the personal case of her son On January 2 2004 Leslie Vaughn Prater Loretta Prater's unarmed son was a homicide victim in Chattanooga Tennessee His death resulted from an altercation with four police officers Excessive Use of Force One Mother's Struggle Against Police Brutality and Misconduct is the account of an African American family's personal experience with police brutality and misconduct the behind the scene dynamics as well as the personal emotional trauma experienced by victims families While written from the perspective of a mother Prater brings a good balance of personal and outside information She allows the reader to see inside her story but successfully includes secondary analysis of research and related stories of others who have experienced similar situations resulting from police officer misconduct Excessive Use of Force engages the reader in this serious and important topic of police brutality and misconduct *The Crisis*, 1998-12 The Crisis founded by W E B Du Bois as the official publication of the NAACP is a journal of civil rights history politics and culture and seeks to educate and challenge its readers about issues that

Black Sons to Mothers M. Christopher Brown,James Earl Davis,2000 *Black Sons to Mothers* is the critical site where African American male scholars explore the meanings and connections of the lives of black boys men This book offers literary

scholarly and personal space to interrogate the seemingly elusive intersection of race and gender. Each chapter in the book is offered in one of two voices: one that speaks to teachers as cultural workers and one that represents individual transformation into the cultural space of mothering. This book's intent is to both question black men's constructions as sons, cultural offspring, and to engage in the project of representing mothering as cultural work and specifically the role of black men in this work. Because the discourse on the role performance of black boys/men is steeped in the hegemonic rhetoric of traditional constructions of masculinity that discourse fails to sensibly represent and elaborate on the diversity and complexity of their lives and relations, particularly in the academic enterprise. As such, *Black Sons to Mothers* attempts to recontextualize the discourse surrounding the cultural places where the identities of black boys/men are shaped and explores how the politics and constructions of manhood are informed and enforced in school settings. In *Black Sons to Mothers*, the research subject of extrapolation is the oppressed and/or marginalized group. In opposition to deficit model inquiry, the research on white males is not being applied to black boys/men, but the research on black boys/men is being applied to all students. The black male student is at the center of a discourse that is not about a pathology, dysfunction, at-riskness, or special education. This book's discourse is epigenetic in that it advances a more complex understanding of schooling and cultural work. This understanding is not solely about black boys/men but about the cornerstone of cultural work: unlearning.

Be a Father to Your Child April R. Silver, 2008-05-23 How do young black fathers relate to their children as well as to their own fathers? How do they see and play their roles in both family and community? These are some of the big questions this timely accessible book addresses. Written by both popular commentators and those who have experienced the issues firsthand, *Be a Father to Your Child* begins with a frank discussion of how family formation has changed since the 1960s, especially for communities of color. Individual selections then flesh out historical, sociological, and cultural contexts, examining the impact of welfare, child support, criminal justice, and employment policies on young men of color. In addition to this analytical material, the book presents more personal anecdotal pieces, including poems and lyrics, short stories, and interviews that form a powerful composite portrait of the challenges facing modern communities of color and how to overcome them.

Black Enterprise, 1999 *The Sweet Breath of Life* Frank Stewart, 2010-07-13 Words and images come together in a collaboration between celebrated poet Ntozake Shange and an acclaimed group of photographers to result in this stunning celebration of contemporary Black life in America. From the first publication of *The Sweet Flypaper of Life* by Langston Hughes and Roy DeCarava in 1967 to *Crowns: Portraits of Black Women in Church Hats*, collaborations between writers and photographers have been important in African American culture. These books examine the issues of identity and representation that have been so central to this group's efforts to thrive. The Kamoinge Workshop photographers, who contributed their work to this inspiring collection, consist of names that have appeared in *The New York Times*, *National Geographic*, the Museum of Modern Art (MOMA), and more. Names such as Anthony Barboza, Adger W. Cowans, Ming Smith,

Murray Beuford Smith John Pinderhuges and many others The Workshop s mission was a response from the bias portrayals of African Americans in the media They sought to shed positive light on their subjects as well as to demystify Black life in America And The Sweet Breath of Life does exactly that The Black Collegian ,1998 *Little Girl Black* Cassandra Hudson,2020-03-23 This book and all my Little Girl Black poetry books volumes 1 6 celebrate and confront dreams religion marriage unfairness sex friendship racism colorism abuse strength judgments fantasies love education families power death the black sheep syndrome and many other situations An education is something you must have Without a doubt you will need an education someday Without an education who will count your coins or how would you know how much paper was in your bag before you let your smart ass accounting count it for you His or her pockets may just be dripping with your cash You know he or she will be twerking and crip walking all the way to the bank You better learn quick how to count your moolah Sticky fingers always come with skills Without an education how will you learn about your history Who will teach you about all the wars that were won and lost if you can t read You will have to depend on what someone is telling you If you can read you can do your own research of your past present and future If you don t get an education someone else will write your story and tell all kinds of tall tales If you didn t go to school and learn to write your story yourself who can tell your life story better than you An education is a must You will find out the hard way Just because they re your friends in your face doesn t mean they will be the same friends behind your back Your story is being written and told by a hater Navigate your own legacy by learning to read Who will speak for you if you don t speak for yourself No one knows how or why your pain multiplies why your happiness is so big it floats up to the sky or how bright your future will get if you keep your head in your books and your nose clean Dyslexic I know some of us need a little help or maybe just a little extra time because of how our brain operates or is wired If I can so graciously attempt to describe a dyslexic mind I will try with some old dance crazes from the fifties and sixties as metaphors Well here goes A so called normal mind or brain does the dance we call the twist slowly twisting or wiggling your hips and still keeping up with the beat as you let your backbone slip or a simple slow drag or stepping a dance where you re in total control Your smooth moves engage every part of your body as you slowly synchronize across the room and floor holding your partner close And my brain a dyslexic brain is very busy and does an old dance called the funky chicken and the funky funky Broadway moving the head feet and all limbs at the same time at a faster tempo but dramatic Just a step behind but your imagination is all the way up on cloud nine That s how I describe a dyslexic mind But being dyslexic does not make a normal brain better and surely does not make a dyslexic brain lesser than It just makes our brains different simple as that Cassandra Hudson December 10 2019
