Sacred Markets Sacred Canopies Essays On Religious Markets And Religious Pluralism

James A Beckford, Jay Demerath

Sacred Markets Sacred Canopies Essays On Religious Markets And Religious Pluralism:

Sacred Markets, Sacred Canopies Ted G. Jelen, 2003-04-01 Can individual decisions concerning whether or where to attend church to contribute time or money to religious organizations or to forgo certain activities be explained as a special case of economic theory In *Sacred Markets Sacred Canopies* Ted G Jelen brings together the leading scholars in the sociology of religion to debate market theories of religion As the contributors examine whether or not religious choices can be understood as responding to the same laws of supply and demand as other forms of consumer behavior they bring out many of the issues controversies and concerns surrounding this innovative theory The result is a concise source for the arguments evidence and criticism of the market model of religious economies a perfect starting point for students and scholars approaching this set of problems

Salvation Goods and Religious Markets Jörg Stolz, 2008 The idea that religion has to succeed in a market selling salvation goods has proved to be extremely attractive to scholars in sociology and the study of religion Max Weber used the term salvation good to compare different religious traditions Pierre Bourdieu employed the term in order to analyze religious economy And recently an American group of researchers advocating rational choice of religion put the theme at the forefront of current debates This book the fruit of an International Congress in Lausanne in April 2005 brings together leading specialists in the fields of sociology and the study of religion who discuss the terms salvation goods or religious goods and religious market The authors test the applicability of these concepts by using specific examples and they either deliberately advocate or criticize Weberian Bourdieusian or rational choice perspectives

Religious Pluralism Giuseppe Giordan, Enzo Pace, 2014-07-08 This volume illustrates both theoretically and empirically the differences between religious diversity and religious pluralism It highlights how the factual situation of cultural and religious diversity may lead to individual social and political choices of organized and recognized pluralism In the process both individual and collective identities are redefined incessantly moving along the continuum that ranges from exclusion to inclusion The book starts by first detailing general issues related to religious pluralism It makes the case for keeping the empirical the normative the regulatory and the interactive dimensions of religious pluralism analytically distinct while recognizing that in practice they often overlap It also underlines the importance of seeking connections between religious pluralism and other pluralisms Next the book explores how religious diversity can operate to contribute to legal pluralism and examines the different types of church state relations eradication monopoly oligopoly and pluralism The second half of the book features case studies that provide a more specific look at the general issues from ways to map and assess the religious diversity of a whole country to a comparison between Belgian French views of religious and philosophical diversity from religious pluralism in Italy to the shifting approach to ethnic and religious diversity in America and from a sociological and historical perspective of religious plurality in Japan to an exploration of Brazilian religions old and new The transition from religious diversity to religious pluralism is one of the most important challenges that will reshape the role of religion in

contemporary society This book provides readers with insights that will help them better understand and interpret this unprecedented transition

The SAGE Handbook of the Sociology of Religion James A Beckford, Jay Demerath, 2007-10-29 In their introduction to this Handbook the editors affirm Many sociologists have come to realise that it makes no sense now to omit religion from the repertoire of social scientific explanations of social life I wholeheartedly agree I also suggest that this wide ranging set of essays should become a starting point for such enquiries Each chapter is clear comprehensive and well structured making the Handbook a real asset for all those engaged in the field Grace Davie University of Exeter Serious social scientists who care about making sense of the world can no longer ignore the fact that religious beliefs and practices are an important part of this world This Handbook is a valuable resource for specialists and amateurs alike The editors have done an exceptionally fine job of incorporating topics that illuminate the range and diversity of religion and its continuing significance throughout the world Robert Wuthnow Princeton University At a time when religions are increasingly affecting and affected by life beyond the narrowly sacred sphere religion everywhere seems to be caught up in change and conflict In the midst of this contention and confusion the sociology of religion provides a rich source of understanding and explanation This Handbook presents an unprecedentedly comprehensive assessment of the field both where it has been and where it is headed Like its many distinguished contributors its topics and their coverage are truly global in their reach The Handbook s 35 chapters are organized into eight sections basic theories and debates methods of studying religion social forms and experiences of religion issues of power and control in religious organizations religion and politics individual religious behaviour in social context religion self identity and the life course and case studies of China Eastern Europe Israel Japan and Mexico Each chapter establishes benchmarks for the state of sociological thinking about religion in the 21st century and provides a rich bibliography for pursuing its subject further Overall the Handbook stretches the field conceptually methodologically comparatively and historically An indispensable source of guidance and insight for both students and scholars Choice Outstanding Academic Title 2009

The Oxford Handbook of Church and State in the United States Derek H. Davis, 2010-11-18 Study of church and state in the United States is incredibly complex Scholars working in this area have backgrounds in law religious studies history theology and politics among other fields Historically they have focused on particular angles or dimensions of the church state relationship because the field is so vast The results have mostly been monographs that focus only on narrow cross sections of the field and the few works that do aim to give larger perspectives are reference works of factual compendia which offer little or no analysis The Oxford Handbook of Church and State in the United States fills this gap presenting an extensive multidimensional overview of the field Twenty one essays offer a scholarly look at the intricacies and past and current debates that frame the American system of church and state within five main areas history law theology philosophy politics and sociology These essays provide factual accounts but also address issues problems debates controversies and where appropriate suggest resolutions They also offer analysis of

the range of interpretations of the subject offered by various American scholars This Handbook is an invaluable resource for the study of church state relations in the United States *The Wiley Blackwell Companion to the Study of Religion* Robert A. Segal, Nickolas P. Roubekas, 2021-03-10 Explore a rigorous but accessible guide to contemporary approaches to the study of religion from leading voices in the field The Wiley Blackwell Companion to the Study of Religion delivers an expert and insightful analysis of modern perspectives on the study of religion across the humanities and the social sciences Presupposing no knowledge of the approaches examined in the collection the book is ideal for undergraduate students who have yet to undertake extensive study in the humanities or social sciences The book includes perspectives from those in fields as diverse as globalization cognitive science the study of emotion law esotericism sex and gender functionalism terror the comparative method modernism and postmodernism Many of the topics covered in the book clearly hail from religious studies while others are grounded in other areas of academia All of the chapters contained within are written by recognized authors who show how their chosen discipline contributes to the understanding of the phenomenon of religion This book also includes topics like A comprehensive exploration of multiple approaches to religious study including anthropology economics literature phenomenology philosophy psychology sociology and theology A review of various topics germane to the study of religion including the study of the body cognitive science the comparative method death and the afterlife law magic music and myth A selection of subjects touching on modern trends in extremism and violence including chapters on terror and violence fundamentalism and nationalism A discussion of the influence of modernism and postmodernism in religion Ideal for undergraduate graduate and postgraduate students in humanities and social science programs taking courses on religion and myth The Wiley Blackwell Companion to the Study of Religion will also earn a place in the libraries of specialists working in the fields of Religious Studies Theology Sociology Anthropology Psychology Political Science History and Philosophy

Religion in China Fenggang Yang, 2012 Religion in China survived the most radical suppression in human history a total ban of any religion during and after the Cultural Revolution 1966 1979 All churches temples and mosques were closed down converted for secular uses or turned to museums for the purpose of atheist education China remains under Communist rule But in the last three decades religion has revived and thrived Christianity has been the fastest growing religion for decades Many Buddhist and Daoist temples have been restored The state even sponsors large Buddhist gatherings and ceremonies to venerate Confucius and the legendary ancestors of the Chinese people Traditional Chinese temples have sprung up in some areas On the other hand quasi religious qigong practices once ubiquitous in public parks throughout the country are now rare All the while the authorities have carried out waves of atheist propaganda anti superstition campaigns severe crackdowns on the underground Christian churches and various evil cults How do we explain the religious situation in China today How do we explain the religious situation in China today How did religion survive the eradication measures in the 1960s and 1970s How do various religious groups manage to revive despite strict regulations Why have some religions grown

fast in the reform era Why have some forms of spirituality gone through dramatic turns In Religion in China Fenggang Yang provides a comprehensive overview of the religious change in China under Communism drawing on his political economy approach to the sociology of religion

Early Buddhist Transmission and Trade Networks Jason Neelis, 2010-11-19 This exploration of early paths for Buddhist transmission within and beyond South Asia retraces the footsteps of monks merchants and other agents of cross cultural exchange A reassessment of literary epigraphic and archaeological sources reveals historical contexts for the growth of the Buddhist sa gha from approximately the 5th century BCE to the end of the first millennium CE Patterns of dynamic Buddhist mobility were closely linked to transregional trade networks extending to the northwestern borderlands and joined to Central Asian silk routes by capillary routes through transit zones in the upper Indus and Tarim Basin By examining material conditions for Buddhist establishments at nodes along these routes this book challenges models of gradual diffusion and develops alternative explanations for successful Buddhist movement

Everyday Religion Nancy T. Ammerman, 2007 Social scientists sometimes seem not to know what to do with religion In the first century of sociology's history as a discipline the reigning concern was explaining the emergence of the modern world and that brought with it an expectation that religion would simply fade from the scene as societies became diverse complex and enlightened As the century approached its end however a variety of global phenomena remained dramatically unexplained by these theories Among the leading contenders for explanatory power to emerge at this time were rational choice theories of religious behavior Researchers who have spent time in the field observing religious groups and interviewing practitioners however have questioned the sufficiency of these market models Studies abound that describe thriving religious phenomena that fit neither the old secularization paradigm nor the equations predicting vitality only among organizational entrepreneurs with strict orthodoxies In this collection of previously unpublished essays scholars who have been immersed in field research in a wide variety of settings draw on those observations from the field to begin to develop more helpful ways to study religion in modern lives The authors examine how religion functions on the ground in a pluralistic society how it is experienced by individuals and how it is expressed in social institutions Taken as a whole these essays point to a new approach to the study of religion one that emphasizes individual experience and social context over strict categorization and data collection

The Many Altars of Modernity Peter L. Berger, 2014-09-11 This book is the summation of many decades of work by Peter L. Berger an internationally renowned sociologist of religion Secularization theory which saw modernity as leading to a decline of religion has been empirically falsified It should be replaced by a nuanced theory of pluralism In this new book Berger outlines the possible foundations for such a theory addressing a wide range of issues spanning individual faith interreligious societies and the political order He proposes a conversation around a new paradigm for religion and pluralism in an age of multiple modernities The book also includes responses from three eminent scholars of religion Nancy Ammerman Detlef Pollack and Fenggang Yang

W. E. B. Du Bois Robert A. Wortham, 2022-10-25 W E B Du Bois Pioneer American

Sociologist highlights the contributions of W E B Du Bois on the field of sociology Robert A Wortham shines a light on Du Bois s role in shaping the scientific scope of the sociological perspective through his pioneering contributions in the areas of demography urban and rural sociology Southern Black Belt studies and religion and society This book provides a journey through the extensive sociological investigations of one of the key figures in the development of sociology in the United States and globally

The Economics of Religion in India Sriya Iyer,2018-09-17 Religion is not a popular target for economic analysis Yet the economist s tools offer insights into how religious groups compete deliver social services and reach out to converts how religions nurture and deploy market power Sriya Iyer puts these tools to use in an expansive study of India one of the world s most religiously diverse nations

The Cultural Diversity of European Unity Wil Arts,Jacques Hageenaars,Loek Halman,2003-12-01 This volume deals with the values of the people in contemporary Europe Using the survey data from the European Values Study a number of basic values and the dynamics of value change are explored from an economic political social and religious moral point of view Part 1 focuses on Europe s values from an empirical analytical and a historical point of view and also presents the views of three eminent Europeans Part 2 deals with in depths analyses of European values based on the empirical data set covering basic orientations in most of the domains of human life Part 3 contains reflections on the empirical findings the value of value research the hidden assumptions behind it and the deeper layers of Europe s position and developments

Innovation and Competition in Zimbabwean Pentecostalism Ezra Chitando,2021-01-28 Using the concept of a religious market this volume explores how African Traditional Religions and churches within Prophetic Pentecostalism in Zimbabwe seek to attract and retain members and clients Chapters provide extensive coverage of two of the leading churches namely Emmanuel Makandiwa s United Family International Church UFIC and Walter Magaya s Prophetic Healing and Deliverance Ministries PHD Contributors also explore the strategies adopted by Pentecostalism in general while others focus on African Traditional Religions They show that although Prophetic Pentecostalism has gained a significant share of the market in Zimbabwe and in Southern Africa in general it is not without controversy In particular it has been associated with the abuse of women and exploiting members and clients for financial gain Innovation and Competition in Zimbabwean Pentecostalism is an important contribution to understanding the marketization of religion

Alternatives in Mobilization Jóhanna Kristín Birnir,Nil Seda Şatana,2022-05-26 This book examines underexplored features of identity and their influence on group mobilization in violent and non violent political settings It contains improved empirical descriptions of what the tapestry of ethnicity and religion in the world looks like and offers new explanations for how religion leads to conflict within cultural traditions

W. E. B. Du Bois and the Sociology of the Black Church and Religion, 1897-1914 Robert A. Wortham,2017-11-30 W E B Du Bois is the founding figure of the sociological study of the Black Church His discussion of the six functions of Philadelphia s Black Church in *The Philadelphia Negro* 1899 represented an early example of a functional analysis of a religious group In *The Negro Church* 1903 he

integrated the findings from religious census data denominational statistics small area surveys ethnographic fieldwork and historical studies to paint a picture of the vibrant role the Black Church played in the African American community Du Bois discusses the Black Church in three of the essays included in *The Souls of Black Folk* 1903 other sociological essays and several Atlanta University Conference annual reports Additionally Du Bois perspective on the Black Church and the role of religion in the African American community can be gleaned from various poetic works prayers and editorials W E B Du Bois and the Sociological Study of the Black Church and Religion 1897 1914 showcases a representative sample of classic studies on the Black Church and religion by a pioneer of American sociology

Bourdieu on Religion Terry Rey, 2014-12-05 Pierre Bourdieu was one of the most influential social theorists of our time He developed a series of concepts to uncover the way society works and to challenge assumptions about what society is His ideas illuminate how individuals and groups find value and meaning and so have rapidly come to be seen as hugely productive in analysing how religion works in society Bourdieu on Religion introduces students to Bourdieu's key concepts cultural social and symbolic capital habitus and field and his challenge to the structures of social inequality This study will be invaluable to any student interested in the relationships between religion class and social power

Parish and Place Tricia Colleen Bruce, 2017 The Catholic Church stands at the forefront of an emergent majority minority America Parish and Place tells the story of how America's largest religion is responding at the local level to unprecedented cultural racial linguistic ideological and political diversification Specifically it explores bishops use of personal parishes parishes formally established not on the basis of territory but purpose Today's personal parishes serve an array of Catholics drawn together by shared identities and preferences rather than shared neighborhoods They allow Catholic leaders to act upon the perceived need for named specialist organizations alongside the more common territorial parish that serves all in its midst Parish and Place documents the American Catholic Church's movement away from national parishes and towards personal parishes as a renewed organizational form Tricia Bruce uses in depth interviews and national survey data to examine the rise and rationale behind new parishes for the Traditional Latin Mass for Vietnamese Catholics for tourists and more Featuring insights from bishops priests and diocesan leaders throughout the United States this book offers a rare view of institutional decision making from the top Parish and Place demonstrates structural responses to diversity exploring just how far fragmentation can go before it challenges unity

The Handbook of Rational Choice Social Research Rafael Wittek, Tom A.B. Snijders, Victor Nee, 2013-06-05 The Handbook of Rational Choice Social Research offers the first comprehensive overview of how the rational choice paradigm can inform empirical research within the social sciences This landmark collection highlights successful empirical applications across a broad array of disciplines including sociology political science economics history and psychology Taking on issues ranging from financial markets and terrorism to immigration race relations and emotions and a huge variety of other phenomena rational choice proves a useful tool for theory driven social research Each chapter uses a rational choice framework to elaborate on testable

hypotheses and then apply this to empirical research including experimental research survey studies ethnographies and historical investigations Useful to students and scholars across the social sciences this handbook will reinvigorate discussions about the utility and versatility of the rational choice approach its key assumptions and tools *Religions as Brands*
Jean-Claude Usunier,Jörg Stolz,2016-04-01 During the twentieth century religion has gone on the market place Churches and religious groups are forced to sell god in order to be attractive to religious consumers More and more religions are seen as brands that have to be recognizable to their members and the general public What does this do to religion How do religious groups and believers react What is the consequence for society as a whole This book brings together some of the best international specialists from marketing sociology and economics in order to answer these and similar questions The interdisciplinary book treats new developments in three fields that have hitherto evolved rather independently the commoditization of religion the link between religion and consumer behavior and the economics of religion By combining and cross fertilizing these three fields the book shows just what happens when religions become brands

As recognized, adventure as competently as experience about lesson, amusement, as well as pact can be gotten by just checking out a books **Sacred Markets Sacred Canopies Essays On Relligious Markets And Religious Pluralism** afterward it is not directly done, you could give a positive response even more something like this life, going on for the world.
