sprint it's a marathon These well known words of wisdom remind us to pace ourselves in the journey of life so we reach the finish line with no regrets Pacing yourself is not as easy as it sounds Life tends to take on a pace of its own which when left unchecked will drive us toward burnout and fatigue We can easily become driven by care worry and ambition rather than led by the Holy Spirit We may tend to think of burnout as a modern problem but we can see that people in Jesus day felt their own kind of spiritual and emotional fatigue Why else would Jesus have said these comforting words Are you tired Worn out Burned out on religion Come to me Get away with me and you'll recover your life I'll show you how to take a real rest Walk with me and work with me watch how I do it Learn the unforced rhythms of grace I won't lay anything heavy or ill fitting on you Keep company with me and you'll learn to live freely and lightly Matt 11:28-30 The Message Even though he spoke these words more than two millennia ago Jesus call to rest and peace seem tailor made to fit this generation Author Kerri Weems had let the pace and rhythm of her life get out of control At first the consequences were only physical but they quickly impacted her spiritual life Since then God has been teaching her to walk in time with him he is teaching her to be led rather than driven In this book she opens up her life and shares this journey with the reader God's best for each of us is that we go the full distance of our race and not just crawl exhausted across the finish line God wants us to enjoy the race and cross the line with our heads held high a smile on our faces and our arms lifted in a double fist punch Getting to that moment is all about learning the rhythms of grace and pacing ourselves for the long run

Wisdom From the Margins William G. Britton, 2018-05-16 Henri Nouwen wisely said The great illusion of leadership is to think that man can be led out of the desert by someone who has never been there Jesus has been there and knows how to lead us out but first he just may lead us in He meets us in the desert and does his best work in us there We look for an easier way in vain I myself reluctantly entered the desert and eventually received unimagined gifts there gifts I didn't ask for deserve or want gifts hidden in such painful loss that I despaired and yet looking back now these desert gifts were the best thing that ever happened to me I entered the desert and years later found my way out It's not a new way it was just new to me Jewish and Christian sages had been living it for thousands of years Somehow in recent generations we managed to forget it In this collection I mean to begin to make those riches available to you I'm hoping that like me you'll discover something that you didn't know you wanted or needed and something now you wouldn't give up at any price

Let's Make Some Noise Clarence Bernard Henry, 2010-02-17 Clarence Bernard Henry's book is a culmination of several years of field

research on sacred and secular influences of the West African Yoruba concept that spread to Brazil and throughout the African Diaspora is imagined as power and creative energy bestowed upon human beings by ancestral spirits acting as guardians. In Brazil the West African Yoruba concept of *axé* is known as *axé* and has been reinvented, transmitted, and nurtured in Candomblé, an Afro-Brazilian religion that is practiced in Salvador, Bahia. The author examines how the concepts of *axé* and Candomblé religion have been appropriated and reinvented in Brazilian popular music and culture. Featuring interviews with practitioners and local musicians, the book explains how many Brazilian popular music styles such as samba, bossa nova, samba reggae, ijex, and *axé* have musical and stylistic elements that stem from Afro-Brazilian religion. The book also discusses how young Afro-Brazilians combine Candomblé religious music with African American music such as blues, jazz, gospel, soul, funk, and rap. Henry argues for the importance of *axé* as a unifying force, tying together the secular and sacred Afro-Brazilian musical landscape.
