Sacred Families José Donoso,1977 **Sayyids and Sharifs in Muslim Societies** Kazuo Morimoto,2012-06-25 The global Muslim population includes a large number of lineal descendants and relatives of the Prophet Muhammad These kinsfolk most often known as sayyid or sharif form a distinct social category in many Muslim societies and their status can afford them special treatment in legal matters and in the political sphere This book brings together an international group of renowned scholars to provide a comprehensive examination of the place of the kinsfolk of Muhammad in Muslim societies throughout history and in a number of different local manifestations The chapters cover how the status and privileges of sayyids and sharifs have been discussed by religious scholars how the prophetic descent of sayyids and sharifs has functioned as a symbolic capital in different settings the lives of actual sayyids and sharifs in different times and places Providing a thorough analysis of sayyids and sharifs from the ninth century to the present day and from the Iberian Peninsula to the Indonesian Archipelago this book will be of great interest to scholars of Islamic studies Middle East and Asian studies To Know All Mysteries C. Andrew Ballard,2022-08-31 This book examines the way that Paul presents himself as a guide into mysteries a mystagogue in 1 2 Corinthians By describing himself as a type of mystagogue for the community Paul was following a precedent in both Jewish and non Jewish sources for invoking mystagogic language to engage in polemics with a rival In opposition to the precedent however Paul understands the mystagogue to be a bi partite figure comprised of both foolishness and wisdom simultaneously C Andrew Ballard argues that ancient mystagogues were often described in two disparate ways figures of power and figures of weakness and foolishness Paul synthesizes both aspects of the mystagogue in his self presentation to the Corinthians The figure of the mystagogue as a wise fool was useful to Paul because it was descriptive not only of his own experience as a suffering yet authoritative apostle but also of the experience of his deity the suffering and glorified Christ By presenting himself as both a powerful and foolish mystagogue Paul could argue that he was a more authentic imitator of Christ than his opponents in Corinth who boasted in self exaltation instead of self humility In this way Paul used the character of the mystagogue as a strategic rhetorical tool in his communication with the Corinthians
