Heyes, 2018-08-10 *Holy Monsters Sacred Grotesques* examines the intersection of religion and monstrosity in a variety of different time periods in the hopes of addressing two gaps in scholarship within the field of monster studies The first part of the volume running from the medieval to the Early Modern period focuses upon the view of the monster through non majority voices and accounts from those who were themselves branded as monsters Overlapping partially with the Early Modern and proceeding to the present day the contributions of the second part of the volume attempt to problematize the dichotomy of secular religious through a close look at the monsters this period has wrought **The Monster in the Machine** Zakiya Hanafi, 2000-10-25 A study of monstrosity and baroque poetics in the cultural context of 17 century Italy *Monster Anthropology* Yasmine Musharbash, Geir Henning Presterudstuen, 2020-06-03 Monsters are culturally meaningful across the world Starting from this key premise this book tackles monsters in the context of social change Writing in a time of violent upheaval when technological innovation brings forth new monsters while others perish as part of the widespread extinctions that signify the Anthropocene contributors argue that putting monsters at the center of social analysis opens up new perspectives on change and social transformation Through a series of ethnographically grounded analyses they capture monsters that herald drive experience enjoy and suffer the transformations of the worlds they beleaguer Topics examined include the evil skulking new roads in Ancient Greece terror in post socialist Laos s territorial cults a horrific flying head that augurs catastrophe in the rain forest of Borneo benign spirits that accompany people through the mist in Iceland flesh eating giants marching through neo colonial central Australia and ghosts lingering in Pacific villages in the aftermath of environmental disasters By taking the proposition that monsters and the humans they haunt are intricately and intimately entangled seriously this book offers unique cross cultural perspectives on how people perceive the world and their place within it It also shows how these experiences of belonging are mediated by our relationships with the other than human

Dangerous Muse Nancy Schoenberger, 2012-07-18 Caroline Blackwood was born into the Guinness family in 1931 the daughter of the Fourth Marquess and Marchioness of Dufferin and Ava Brought up on the ancestral estate in Northern Ireland Blackwood moved easily among the Anglo Irish aristocracy the Soho bohemians of postwar England and the liberal intelligentsia of 1960s New York She was on intimate terms with some of the most celebrated artists and writers of her time An unpredictable beauty known for her wit and her courage she has been called a

muse to genius But her marriages to three brilliant men the painter Lucian Freud the composer Israel Citkowitz and the poet Robert Lowell were as troubled as they were inspiring During her marriage to Lucian Freud Caroline became part of an artistic and literary group that included Francis Bacon and Cyril Connolly who was infatuated with her but eventually Freud's gambling caused irrevocable problems between them Caroline was also in the grips of her own unfolding tragedy a fatal attraction to alcohol that would plague the rest of her life Upon the breakup of her first marriage she moved to America where she met her second and third husbands Once regarded as the obvious successor to Aaron Copland Israel Citkowitz had stopped composing long before he met Caroline While he and Caroline had three children together it was her subsequent seven year marriage to Robert Lowell that she considered her main marriage Her life with Lowell was probably the most difficult time of her life as she dealt with his increasingly frequent and worsening attacks of mania And to Lowell she was not only an inspiration but—as he described in his Pulitzer prize winning book of verse *The Dolphin* she was also a mermaid who dines upon the bones of her winded lovers In 1977 Robert Lowell fled London to return to his former wife Elizabeth Hardwick He died from a heart attack in the backseat of a taxi clutching *Girl in Bed* Lucian Freud's haunting portrait of Caroline Blackwood was an artist in her own right Her literary talents were dark and satiric her ten books of fiction and nonfiction betrayed an extraordinary eye for human physiognomy attire and behavior Arguably her best book *Great Granny Webster* described the comic terrors of her upbringing in Northern Ireland and was shortlisted for the Booker Prize She herself died of cancer on Valentine's Day 1996 at the age of sixty four *Dangerous Muse* is the first biography of Lady Caroline Blackwood Drawing upon numerous interviews and unpublished letters from Blackwood's mother Maureen Dufferin and friends and family including Andrew Harvey Jonathan Raban John Richardson and Caroline's sister Perdita Blackwood Nancy Schoenberger eloquently captures one of the most original and provocative figures in contemporary letters of the twentieth century
