The Guru Granth Sahib Pashaura Singh,2003-09-26 This book examines three closely related questions in the process of canon formation in the Sikh tradition

how the text of the Adi Granth came into being the meaning of gurbani and how the Adi Granth became the Guru Granth Sahib The censure of scholarly research on the Adi Granth was closely related to the complex political situation of Punjab and brought the whole issue of academic freedom into sharper focus This book addresses some of these issues from an academic perspective The Adi Granth the sacred scripture of the Sikhs means first religious book from the word adi which means first and granth which means religious book Sikhs normally refer to the Adi Granth as the Guru Granth Sahib to indicate a confession of faith in the scripture as Guru The contents of the Adi Granth are commonly known as bani utterance or gurbani the utterance of the Guru The transcendental origin or ontological status of the hymns of the Adi Granth is termed dhur ki bani utterance from the beginning This particular understanding of revelation is based upon the doctrine of the sabad or divine word defined by Guru Nanak and the succeeding Gurus This book also explores the revelation of the bani and its verbal expression devotional music in the Sikh tradition the role of the scripture in Sikh ceremonies and the hymns of Guru Nanak and Guru Arjan Experiencing Scripture in World Religions Harold Coward, 2013-04-05 An inside view of how the scriptures of world religions illuminate the lives and experience of their devotees **Will and Grace Hune** Margulies, 2017-11-13 This book is a poetic reading of the dialogical philosophy of martin buber my reading of martin buber takes me to this principal insight god is not in heaven nor on earth god is not above nor below not within and not without not in the soul or in the flesh god is not an entity anywhere god is the between of an i and a thou these pages are not an academic study in the strict sense my meditations in this book are not a literal description of buber s philosophy for buber would never have approved of taking his words in any way other than in dialogue buber wrote in dialogue with the reader and i read buber in the poetic philosophy of his words in other words we can say that the essential thinking in martin buber s philosophy is that the presence of god in us is always enacted as the presence of god between us god like love like poetry is a deed we do the god deed is actualized not in rituals or temples but in the practices of the sacraments of the neighbor for there is nothing we can predicate of god but we can still meet god in the embrace of the neighbor we meet god as we meet with one another in genuine relationship god is not in the relationship god is the relationship god is no thing but there is nothing that isn t god in the between of an i and a thou **Beyond the Written Word** William Albert Graham, 1993-03-11 The concept of scripture as written religious text is re examined considering orally distributed sacred writings Rethinking Scripture Miriam Levering, 1989-01-01 Exploring the nature of texts this book explains how scriptures function within religions Topics covered include the oral dimensions of scripture canon formation a study of the word in Hindu life and the role of text in Buddhism Cutting-Edge Approaches in Translator Education and Pedagogy Amini, Mansour, 2025-03-14 With advancements in technology the role of the translator has expanded beyond traditional language skills to include expertise in tools such as machine translation computer assisted translation CAT and natural language processing As the field embraces digital innovation new pedagogical approaches emerge that combine theory with hands on practice
