PsiChosis Timothy Roesch, 2003-05-06 Sixteen years ago a war that humans had been slowly losing for more than two thousand years ended in a place called Iowa The victors unknowingly overcame seemingly insurmountable odds at the last possible moments and the losers in this titanic battle fled into the unassailable shadows from whence they had come hiding behind mathematical equations so complex even they were unable to solve all of them Sixteen years later humans struggle to rebuild from the ashes plucking discovery upon discovery from the rubble waiting fearfully in the darkness of space for the return of that which had almost consumed them utterly One day sixteen years later a confluence of events brings humanity both to the brink of a destiny they were completely unaware of being possible and to annihilation One day a term almost without meaning to the seemingly vanquished enemy fate would rise out of the blackness of space out of a dimension where fate was as predictable as a linear equation into another where almost nothing could be reliably predicted even with the most fastidious attention to mathematical detail One day can be as short as a heartbeat or last forever **The Kill Artist** Daniel Silva, 2004-04-06 From the 1 New York Times bestselling author of The Other Woman comes the first novel in the thrilling series featuring legendary assassin Gabriel Allon Immersed in the quiet meticulous life of an art restorer former Israeli intelligence operative Gabriel Allon keeps his past well behind him But now he is being called back into the game and teamed with an agent who hides behind her own mask as a beautiful fashion model Their target a cunning terrorist on one last killing spree a Palestinian zealot who played a dark part in Gabriel's past And what begins as a manhunt turns into a globe spanning duel fueled by both political intrigue and deep personal passions War Babies Frederick Busch, 2001 Busch's novel War Babies is a short powerful moral tale that sheds light upon the insidious nature of evil and the grip history holds on the lives of the seemingly protected innocent The Native Races (Vol. 1-5) Hubert Howe Bancroft, 2023-11-14 In The Native Races Hubert Howe Bancroft meticulously chronicles the diverse indigenous populations of North America across five volumes His scholarly approach combines firsthand accounts extensive field research and a comprehensive review of existing literature positioning the work within the context of late 19th century anthropological studies Bancroft's narrative style is marked by its vivid detail and systematic categorization offering an in depth examination of cultural practices languages and social structures which both illuminates the richness of Native American life and critiques the colonialist perspectives prevalent in his time Bancroft a prominent historian and ethnologist was shaped by his experiences in the American West and a profound

interest in the intersection of history and anthropology His extensive travels and interactions with various Native communities profoundly influenced his writing Committed to providing an accurate and respectful portrayal of indigenous cultures Bancroft sought to counteract the misrepresentations often found in contemporary literature making his work a pioneering effort in both the field of history and the emerging discipline of ethnography This seminal work is indispensable for scholars students and anyone interested in a nuanced understanding of Native American societies Bancroft s detailed observations and analyses provide a rich resource for comprehending the complexities of indigenous identities and their historical contexts making The Native Races a vital addition to the library of any serious reader of American history The Native Races (Complete 5 Part Edition) Hubert Howe Bancroft,2021-05-07 The Native Races of the Pacific States is the magnum opus American historian and ethnologist Hubert Howe Bancroft who took upon himself the task of researching the exotic civilizations of the entire Pacific coast region This region from Alaska to Darien including the whole of Mexico and Central America he named the Pacific States Before the arrival of Europeans these territories were populated by aborigines from the reptile eating cave dwellers of the Great Basin to the Aztec and Maya civilization of the southern table land Volume 1 Wild Tribes Volume 2 Civilized Nations Volume 3 Myths and Languages Volume 4 Antiquities Volume 5 Primitive History

Folk Gothic Dawn Keetley,2024-02-01 Folk Gothic begins with the assertion that a significant part of what has been categorised as folk horror is more accurately and usefully labelled as Folk Gothic Through the modifier folk Folk Gothic obviously shares with folk horror its deployment and frequent fabrication of diegetic folklore Folk Gothic does not share however folk horror s incarnate monsters its forward impetus across spatial and ontological boundaries and the shock and repulsion elicited through its bodily violence The author argues that the Folk Gothic as a literary televisual and cinematic formation is defined by particular temporal and spatial structures that serve to forge distinctly nonhuman stories In emphasising these temporal and spatial structures not literal folk and monsters the Folk Gothic tells stories that foreground land and things consequently loosening the grip of anthropocentrism Prehistory of the Americas Stuart J.

An architectural monthly *Games and Sports* Alois Kayser,2005 **The Process of Wellbeing** Iza Kavedžija,2021-12-16
The Process of Wellbeing develops an anthropological perspective on wellbeing as an intersubjective process that can be approached through the prism of three complementary conceptual framings conviviality care and creativity Drawing on ethnographic discussions of these themes in a range of cultural contexts around the world it shows how anthropological research can help to enlarge and refine understandings of wellbeing through dialogue with different perspectives and understandings of what it means to live well with others and the skills required to do so Rather than a state or achievement wellbeing comes into view here as an ongoing process that involves human and nonhuman others It does not pertain to the individual alone but plays out within the relations of care that constitute people moving and thriving in circulation through affective environments *The Holy Sacrifice of the Mass* Nikolaus Gühr,1908
