## **Saddam Hussein A Biography:**

*Saddam Hussein* Efraim Karsh, Inari Rautsi, 2007-12-01 Probably the best biography of Saddam Hussein it presents a coherent view of a man who has generated a good deal of mythology Roger Hardy BBC World Service Authors Efraim Karsh and Inari Rautsi experts on Middle East history and politics have combined their expertise to write what is largely considered the definitive work on Iraq's fifth president Drawing on a wealth of Iraqi Arab Western and Israeli sources including interviews with people who have had close contact with Saddam Hussein throughout his career the authors trace the meteoric transformation of an ardent nationalist and obscure Ba'ath party member into a dictator and geopolitical player From Saddam's key role in the violent coup that brought the Ba'ath party to power to the Iran Iraq War the Gulf War and beyond Karsh and Rautsi present a detailed biography that skillfully interweaves analysis of Gulf politics and history Now with a new introduction and epilogue this authoritative biography is essential for understanding the life and influence of this modern tyrant

*Saddam Hussein* Andrew Cockburn, Patrick Cockburn, 2002 The idea of direct invasion is the greatest threat to Saddam It avoids the problems of securing local allies inside and outside Iraq which bedevil any indirect approach to get rid of him But it has one immense disadvantage from the US point of view if the US invades Iraq to install its own government it will be taking direct physical control of an area containing more than half the world's oil reserves It will look like the founding of a new American empire based on physical force and will be deeply resented It would outrage the Arabs at a moment when the Israel Palestine conflict is in a particularly bloody phase America could find that it has overplayed its hand just as Saddam did when he invaded Kuwait twelve years ago From the new Prologue At the outset of the 1991 Gulf War US leaders resolved the Iraqis will pay the price so long as Saddam Hussein remained in power This book makes chillingly clear just how terrible that price has been Eleven years ago Saddam was caught by surprise his preparations since September 11 show that lessons have been learnt In a substantial new prologue the authors analyse these preparations and the terrifying consequences of a military invasion of Iraq
