sorted and the trash is hauled off to the city dump On the way there the stand is intercepted by the niece of this shepherd who claims it only because it has sentimental value She is unaware that the spirits of 31 wolves inhabit this stand that have cleverly chosen her as their medium at a time when their own species is endangered by extinction despite the laws that were established to protect them They are back 100 years into the future to assure their survival and proclaim their rights to live They make themselves visible to her which totally consumes her every day life in order to make a stand She seeks the guidance of a tribal medicine man his image visible with the steam of her shower in her vanity mirror that leads her to him The Spirit wolves are only here to save their species from extinction when the wolf population is down to only a few known survivors in the year 1998 She meets the man in the mirror who is a tribal medicine man who knows all about her and her obligations to save the wolves Together they summon the spirit wolves and send them back to where they came This story is sure to captivate audiences with its abundance of human emotion and supernatural activity that sets off any imagination with the possibility of its true existence in our world today and based on a true story Their message is a warning to mankind that time is of the essence Our last chance to unite as one working together to protect all wild creatures of the earth and the correlation between preserving their existence and saving our own planet from permanent destruction The year is 2012 and time is of the essence According to the calculations of the Mayan Calendar the end is near
