Anthony De Mello (S.J.),1978 Mastering Sadhana Carlos G. Valles,2010-04-21 A close friend and associate of Anthony de Mello shares for the first time not only personal conversations and reminiscences but also de Mello s own words as recorded during a 15 day retreat in India **Speaking of God in Thomas Aquinas and Meister Eckhart** Anastasia

Wendlinder,2016-04-01 Medieval masters Thomas Aquinas and Meister Eckhart considered problems inherent to speaking of God exploring how religious language might compromise God s transcendence or God s immanence ultimately hindering believers in their journey of faith seeking understanding Going beyond ordinary readings of Aquinas and building a foundation for further insights into the works of both theologians this book draws out the implications of the thought of Eckhart and Aquinas for contemporary issues including ecumenical and inter religious dialogue liturgy and prayer and religious inclusivity Reading Aquinas and Eckhart in light of each other reveals the profound depth and orthodoxy of both of these scholars and provides a novel approach to many theological and practical religious issues *Counsellors' Skills in Existentialism and Spirituality* Mary Gilligan Cuddy,2018-05-04 This study examines an existential approach to therapy one which appears to reflect and move in synchronicity with lifes flow rendering it a highly valid and effective response to the existential anguish that has engulfed the mind set of the twenty first century The writer endeavors to explore a number of key existential themes such as death freedom isolation and meaning Existentialism presents possibilities and a freedom to be emanating out of personal responsibility for ones life choices The movement has evolved over the decades and countless theologians philosophers and psychologists have built on the deposits of knowledge and life experience of our ancestors The purpose of this research is to explore the theme of spirituality set within an existential framework and to examine the role of the counsellor in dealing with existential and spiritual concerns within this sacred space The writer suggests that counsellors have a duty of care to explore spiritual and existential issues with the patient Existential counsellors must explore in depth their own spirituality in order to fully understand the true nature of man The writer values the existential emphasis on freedom and responsibility and the persons capacity to redesign his or her life by choosing with awareness The effective counsellor can only lead or direct a client toward his or her spiritual core leaving the ultimate decision with the individual whether to accept or reject this spiritual dimension The writer suggests that it is the presence of spirit within the spiritual encounter that heals transforming and integrating man into wholeness The author urges the counsellor to humbly embrace this opportunity to explore and encounter the spiritual dimension within the therapeutic relationship as a core counselling objective **From Fear to Serenity with Anthony de Mello** Casey, Thomas G., SJ,Hassett, Margaret Brennan,2011 An
