**Sadhana** Rabindranath Tagore,2015-07-13 Excerpt from Sadhana The Realisation of Life Perhaps it is well for me to explain that the subject matter of the papers published in this book has not been philosophically treated nor has it been approached from the scholar s point of View The writer has been brought up in a family where texts of the Upanishads are used in daily worship and he has had before him the example of his father who lived his long life in the closest communion with God while not neglecting his duties to the world or allowing his keen interest in all human affairs to suffer any abatement So in these papers it may be hoped western readers will have an opportunity of coming into touch with the ancient spirit of India as revealed in our sacred texts and manifested in the life of today About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      **Sadhana** Rabindranath Tagore,2013-10 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book

Tagore,2023-06-11 Embark on a spiritual journey with Rabindranath Tagore s Sadhana a collection of profound essays that delve into the understanding of self realization inner growth and spiritual enlightenment As a seminal work by the Nobel laureate Sadhana draws from Tagore s profound understanding of the Vedantic and Upanishadic teachings to offer insights into the essence of human existence Sadhana which translates to spiritual practice encapsulates Tagore s exploration of the journey of spiritual awakening and the individual s relationship with the universe The book intricately weaves themes of love humanity and unity with the cosmos advocating a sense of interconnectedness and oneness that transcends religious boundaries With its thought provoking discussions on concepts like the manifestation of the divine in everyday life and the infinite within the finite Sadhana invites readers to introspect to explore their inner selves and to aspire towards a higher state of consciousness It proposes that true enlightenment and fulfillment come not from material possessions but from understanding and embracing the infinite expanse of the cosmos within one s own soul Sadhana is more than just a book it is a spiritual guide for those seeking to understand the profound depths of their existence and their purpose in the universe It invites the reader to look beyond the constraints of their physical existence and embark on a path of spiritual enlightenment Perhaps it is well for me to explain that the subject matter of the papers published in this book has not been philosophically treated nor has it been approached from the scholar s point of view The writer has been brought up in a family where texts of the Upanishads are used in daily worship and he has had before him the example of his father who lived his long life in the closest communion with God while not neglecting his duties to the world or allowing his keen interest in all human affairs to suffer any abatement So in these papers it may be hoped western readers will have an opportunity of coming into touch with the ancient spirit of India as revealed in our sacred texts and manifested in the life of today *Sadhana* Swami
