adopt a more cautious attitude So far as they go these studies are complete in themselves their special use as an introduction to a more comprehensive analysis of sexual phenomena is that they bring before us under varying aspects a characteristic which though often ignored is of the first importance in obtaining a clear understanding of the facts the tendency of the sexual impulse to appear in a spontaneous and to some extent periodic manner affecting women differently from men This is a tendency which later I hope to make still more apparent for it has practical and social as well as psychological implications Here and more especially in the study of those spontaneous solitary manifestations which I call auto erotic I have attempted to clear the ground and to indicate the main lines along which the progress of our knowledge in these fields may best be attained

The Narcissist on Instagram: Epigrams and Observations - Vol I Sam Vaknin,2025-09-03 I Scams Scandals and Scoundrels II Men Women Gender Wars III Narcissists Psychopaths and Other Predators IV Sex and Intimacy Forgotten Arts V Democracy History and Other Fictions VI Me Me and Me VII Public Intellect Private Rants *The Myth of the Queer*

Criminal Jeffery Dennis, 2017-10-19 The Myth of the Queer Criminal documents over a century of writings by sociologists psychologists criminologists and forensic scientists in Europe and the United States who asserted that LGBT persons were innately and uniquely criminal Applying the tools of narratology and queer theory Jeffery P Dennis examines the ten types of queer criminal that have appeared in seminal texts both literary and scientific over the past 140 years beginning with Lombroso's Criminal Man 1876 and extending to postmodern criminologists and contemporary textbooks Each type is named after its defining characteristic The pederast for example was believed to be a master criminal leading vast criminal empires The degenerate intellectually and morally corrupted was perceived as a symptom or cause of societal decay The silly lipping pansy was a figure of ridicule rather than of dread The traitor was murderous and depraved prepared to destroy democratic institutions worldwide The book aims to contextualize this mythology revealing the motivations of the agents behind it the influence of broader preoccupations and anxieties of the age and its societal political and cultural impact This carefully researched meticulously written history of the queer criminal will be of interest to students and researchers in criminology gender studies queer studies and the history of sexuality Progress in Self Psychology, V. 13 Arnold I.

Goldberg, 2013-05-13 Volume 13 provides valuable examples of the very type of clinically grounded theorizing that represents progress in self psychology The opening section of clinical papers encompasses compensatory structures facilitating responsiveness repressed memories mature selfobject experience shame in the analyst and the resolution of intersubjective impasses Two self psychologically informed approaches to supervision are followed by a section of contemporary explorations of sexuality Contributions to therapy address transference and countertransference issues in drama therapy an intersubjective approach to conjoint family therapy and the subjective worlds of profound abuse survivors A concluding section of studies in applied self psychology round out this broad and illuminating survey of the field Social Sadomasochism Martin Kantor MD, 2019-10-25 Explains the subtle but pervasive aspects of sadomasochism that affect everyday relationships across our lives detailing when the power and control dynamics become neurotic and describing actions that can be taken to better individuals and improve society For most people a whip wielding leather clad sexual subculture comes to mind when they hear the phrase sadomasochism But as psychiatrist Martin Kantor explains in this book sadomasochism is generally about power control dominance and submission dynamics that are subtle and pervasive in all of our lives from home life to work life to social interactions including political arenas The bottom line sadomasochism is about the giving or receiving pleasure from the infliction or reception of pain or humiliation and both pain and pleasure can be purely emotional no sexual or physical context necessary Kantor deconstructs sadomasochism to show us how it affects each of us consciously or not He explains the life phases of sadomasochism the role early trauma plays in this self defeating action when it reaches a neurotic level and the damage it does to individuals loved ones and society This ground breaking book will appeal to psychology students and researchers as well as general readers with an interest in psychology Ordinary

Masochisms Jennifer Mitchell, 2020-10-13 Revealing how literary works from the nineteenth and twentieth centuries frequently challenged the prevailing view of masochism as a deviant behavior Jennifer Mitchell shows that characters in these texts achieve self definition and empowerment by pursuing and performing pain defying heteronormative and patriarchal gender dynamics

The Mastery of Submission John K. Noyes, 2018-09-05 Individuals sometimes derive sexual pleasure from submission to cruel discipline While that predilection was noted as early as the sixteenth century masochism was not codified as a concept until 1890 According to John K Noyes its invention reflected a crisis in the liberal understanding of subjectivity and sexuality which continues to inform discussions of masochism today In essence it remains a political concept Viennese physician Richard von Krafft Ebing coined the term masochism based on the work of Leopold von Sacher Masoch Noyes analyzes the social and political problems that inspired the concept suggesting for example that the triumphant expansion of European colonialism was in part animated by an ambivalence in masculine sexuality Noyes documents the evolution of the concept of masochism with scenes in literature from John Cleland s *Fanny Hill* through Sacher Masoch s *Venus in Furs* and Pauline Reage s *Story of O* Analysis of Freud s vastly influential rereading of masochism precedes an exploration of the work of his successors including Wilhem Reich Theodor Reik Helene Deutsch and Karen Horney Noyes suggests that the thematics of feminine masochism emerged only gradually from an exclusively male concept

Queering The Terminator David Greven, 2017-06-15 The Terminator film series is an unlikely site of queer affiliation The entire premise revolves around both heterosexual intercourse and the woman s pregnancy and giving birth It is precisely the Terminator s indifference to both that signifies it as an unimaginably inhuman monstrosity Indeed the films overarching contention that humanity must be saved rooted as it is in a particular story about pregnancy and birth that exclusively focuses on the heterosexual couple and the family would appear to put it at odds with the political stances of contemporary queer theory Yet as this book argues there is considerable queer interest in the Terminator mythos The films provide a framework for interpreting shifting gender codes and the emergence of queer sexuality over the period of three decades Significantly the series emerges in the Reagan 80s which marked a decisive break with the sexual fluidity of the 70s As a franchise and on the individual basis of each film The Terminator series combines both radical and reactionary elements Each film reflects the struggles over gender and sexuality specific to its release At the same time the series foregrounds the intersection of technology and gender that has become a definitive aspect of contemporary experience A narrative organized around a conservative view of female sexuality and the family the Terminator myth is nevertheless a richly suggestive narrative for queer theory and gender studies

Sex Positives? Thomas Foster, Carol Siegel, Ellen E. Berry, 1997 The feminist pornography debates are centered around the opposition between pro censorship factions and the pro sex radicals or sex positives But what exactly is the relationship between these debates and postmodern theories of reading and performativity What happens to these debates when they are placed in the context of colonial or U S racial histories What is the history behind today s sexual radicalism How radical is it In the first section of *Sex Positives* Nicola Pitchford Naomi Morgenstern Victoria L Smith and Gabrielle N Dean focus on the recent sex wars in U S feminism especially within lesbian culture Elissa J Rashkin Gaurav Desai and James Smalls broaden the terms of the sex wars debates in the second section to include sexualized racial and colonial representations from Chicana African and African American perspectives Finally Sander L Gilman Laura Ciolkowski and Laura Frost explore a variety of historical contexts for understanding contemporary forms of sexual representation and the repression of such representations
