Russell Plays: 1 Willy Russell, 2013-12-17 Breezeblock Park is set on a northern council estate and takes a look at the suffocating effect of possessions and possessiveness Trenchantly observed hilarious upsetting and somewhat seditious Variety Our Day Out is about a school coach trip an exuberant celebration of the joys and agonies of growing up a Dickensian fairytale I have rarely seen a show that combined such warmth and such bleakness The Times Stags and Hens takes place in the gents and Ladies loos of a tacky Liverpool club where Dave and Linda have decided unbeknownst to each other to hold their stag and hen parties a bleakly funny and perceptive study of working class misogyny puritanism and waste Guardian Educating Rita one way of describing Educating Rita would be to say that it was about the meaning of education another would be to say that it was about the meaning of life A third that it is a cross between Pygmalion and Lucky Jim A fourth that it is simply a marvellous play painfully funny and passionately serious a hilarious social documentary a fairy tale with a quizzical half happy ending Sunday Times

The Sad Comedy of El dar Riazanov David MacFadyen, 2003 Russia's funniest and most popular films are the work of El dar Riazanov a director whose light lyrical tales of love lost and found have garnered audiences of over one hundred million Although Western scholars have largely ignored Riazanov's oeuvre in favour of more serious filmmakers no director in Russia has been so loved by both the public openly and politicians covertly His early comedies mapped the relations between society and socialism allowing him to create a radically apolitical art of kindness and kindred spirits David MacFadyen investigates what made Riazanov's films so wildly popular and what if any relationship that popularity had to Soviet policy Using the works of Deleuze Lacan and Kristeva MacFadyen looks at how Riazanov's films relate to society audience demand and Soviet politics In more than twenty love stories that have precious little to do with statecraft Soviet or otherwise Riazanov captures the willful inclusiveness of socialist culture

Miss Dior Justine Picardie, 2025-08-22 Remarkable Hamish Bowles Vogue The overdue restoration of Catherine Dior s extraordinary life from her brother s muse to Holocaust survivor When the French designer Christian Dior presented his first collection in Paris in 1947 he changed fashion forever Dior s New Look created a striking romantic vision of femininity luxury and grace making him and his last name famous overnight One woman informed Dior s vision more than any other his sister Catherine a Resistance fighter concentration camp survivor and cultivator of rose gardens who inspired Dior s most beloved fragrance Miss Dior Yet the story of Catherine s remarkable life so different from her famous brother s has never been told until now

Drawing on the Dior archives and extensive research Justine Picardie's *Miss Dior* is the long overdue restoration of Catherine Dior's life. The siblings' stories are profoundly intertwined in Occupied France as Christian honed his couture skills. Catherine dedicated herself to the Resistance, ultimately being captured by the Gestapo and sent to Ravensbrück, the only Nazi camp solely for women. Seeking to trace Catherine's story as well as her influence on her brother, Picardie traveled to the significant places of Catherine's life, including Les Rhumbs, the Dior family villa with its magnificent gardens, the House of Dior in Paris, and La Colle Noire, Christian's chateau that he bequeathed to his sister. Inventive and captivating, and shaped by Picardie's own journey, *Miss Dior* examines the legacy of Christian Dior, the secrets of postwar France, and the unbreakable bond between two remarkable siblings. Most important, it shines overdue recognition on a previously overlooked life, one that epitomized courage and also embodied the astonishing capacity of the human spirit to remain undimmed even in the darkest circumstances. Includes Black and White Illustrations. **How Sadness Survived** Paul Keedwell, Philip Barker, 2008-01-20

What I am offering is a critical overview of ideas about depression, some new, some old, which fall under the discipline of evolutionary psychology. EP: Do most types of depression represent an adaptation, an evolved mechanism which has improved our survival and reproductive value in our ancestral environment? Has depression been selected? Coulter Depression Ernest Keen, 2002-01-30. Most studies of depression focus on the psychiatric or medical interpretation of the experience. Sadness and guilt are human experiences, Keen argues, not disease symptoms. They involve the intricate layers of enacting a style for others, of coping with moral crises and enduring disappointment. Depression tells us of life and death, good and evil, but not sickness and health. Keen begins with human consciousness in contrast to the non-reflective consciousness of animals. It becomes clear that the social meanings of being depressed complicate and may even obscure the experiences of sadness and guilt that must be lived through and survived in human depression. The uniquely human and moral content is highlighted; the dysfunction of disease is demystified. Of particular interest to practitioners, professors, and students involved with psychology.
