Searching For The Invisible Man Slaves And Plantation Life In Jamaica:

Searching for the Invisible Man Michael Craton, Garry Greenland, 1978 Though centered on a single Jamaican sugar estate Worthy Park and dealing largely with the period of formal slavery this book is firmly placed in far wider contexts of place and time The Invisible Man of the title is found in the end to be not just the formal slave but the ordinary black worker throughout the history of the plantation system Michael Craton uses computer techniques in the first of three main parts of his study to provide a dynamic analysis of the demographic health and socioeconomic characteristics of the Worthy Park slaves as a whole The surprising diversity and complex interrelation of the population are underlined in Part Two consisting of detailed biographies of more than 40 individual members of the plantation's society including whites and mulattoes as well as black slaves This is the most ambitious attempt yet made to overcome the stereotyping ignorance of contemporary white writers and the muteness of the slaves themselves Part Three is perhaps the most original section of the book After tracing the fate of the population between the emancipation of 1838 and the present day through genealogies and oral interviews Craton concludes that the predominant feature of plantation life has not been change but continuity and that the accepted definitions of slavery need considerable modification Searching for the Invisible Man Michael Craton, 1978 Jamaican Ancestry Madeleine E. Mitchell, 2009-05-01 If you think there's not much you can do without traveling to Jamaica you're wrong Many records are available if you know how to access the various sources through libraries and other repositories Here you'll find hints and details on what's available Jamaica in Slavery and Freedom Kathleen E. A. Monteith, Glen Richards, 2002 Jamaica's rich history has been the subject of many books, articles and papers This collection of eighteen original essays considers aspects of Jamaican history not covered in more general histories of the island and illuminates more recent developments in Jamaican and West Indian history Unique in its interdisciplinary approach the collection emphasizes the relevance of history to everyday life and the development of a national identity, culture and economy The essays are organized in three sections: Historiography and Sources, Society, Culture and Heritage, and Economy, Labour and Politics, with contributions from scholars in the Departments of History, Literatures in English and Political Sciences and from the Main Library, University of the West Indies, Mona, Jamaica Book Jacket **The Island Race** Kathleen Wilson, 2014-06-03 Rooted in a period of vigorous exploration and colonialism The Island Race Englishness, empire and gender in the eighteenth century is an innovative study of the issues of nation, gender and identity Wilson bases her analysis on a wide range of case studies drawn both from Britain and across the Atlantic and Pacific worlds Creating a colourful and original colonial landscape she considers topics such as sodomy, theatre, masculinity, the symbolism of Britannia, the role of women in war Wilson shows the far-reaching implications that colonial power and expansion had upon the English people's sense of self and argues that the vaunted singularity of English culture was in fact constituted by the bodies, practices and exchanges of peoples across the globe Theoretically rigorous and highly readable The Island Race will become a seminal text for

understanding the pressing issues that it confronts **White Fury** Christer Petley, 2018-09-26 The sugar planter Simon Taylor who claimed ownership of over 2 248 enslaved people in Jamaica at the point of his death in 1813 was one of the wealthiest slaveholders ever to have lived in the British empire Slavery was central to the eighteenth century empire Between the seventeenth and the nineteenth centuries hundreds of thousands of enslaved people were brought from Africa to the Caribbean to toil and die within the brutal slave regime of the region most of them destined for a life of labour on large sugar plantations Their forced labour provided the basis for the immense fortunes of plantation owners like Taylor it also produced wealth that poured into Britain However a tumultuous period that saw the American French and Haitian Revolutions as well as the rise of the abolitionist movement witnessed new attacks on slavery and challenged the power of a once confident slaveholder elite In **White Fury** Christer Petley uses Taylor's rich and expressive letters to allow us an intimate glimpse into the aspirations and frustrations of a wealthy and powerful British slaveholder during the Age of Revolution The letters provide a fascinating insight into the merciless machinery and unpredictable hazards of the Jamaican plantation world into the ambitions of planters who used the great wealth they extracted from Jamaica to join the ranks of the British elite and into the impact of wars revolutions and fierce political struggles that led eventually to the reform of the exploitative slave system that Taylor had helped build and which he defended right up until the last weak scratches of his pen

The American Crucible Robin Blackburn, 2013-08-06 The American Crucible furnishes a vivid and authoritative history of the rise and fall of slavery in the Americas For over three centuries enslavement promoted the rise of capitalism in the Atlantic world The New World became the crucible for a succession of fateful experiments in colonization silver mining plantation agriculture racial enslavement colonial rebellion slave witness and slave resistance Slave produce raised up empires fostered new cultures of consumption and financed the breakthrough to an industrial order Not until the stirrings of a revolutionary age in the 1780s was there the first public challenge to the peculiar institution An anti slavery alliance then set the scene for great acts of emancipation in Haiti in 1804 Britain in 1833 8 the United States in the 1860s and Cuba and Brazil in the 1880s In **The American Crucible** Robin Blackburn argues that the anti slavery movement forged many of the ideals we live by today The best treatment of slavery in the western hemisphere I know of I think it should establish itself as a permanent pillar of the literature Eric Hobsbawm

Unyielding Spirits Maureen G. Elgersman, 2014-01-21 This comparative study uncovers the differences and similarities in the experiences of Black women enslaved in colonial Canada and Jamaica and demonstrates how differences in the exploitation of women's productive and reproductive labor caused slavery to falter in Canada and excel in the Caribbean The research suggests that while the majority of Black women enslaved in early Canada were domestics the majority of Jamaican women were field laborers often performing some of the most labor intensive work on the sugar plantations While the efforts of the planter class to increase the number of children born to Jamaican women were not completely successful reproduction seems to have been less of a concern in Canada where

many Black women were often sold or freed because there was no use for them The Canadian slave context seems to have allowed a broader range of material comfort as well Despite obvious labor differences Black women in Canada and Jamaica rejected their chattel status and condition and resisted slavery similarly This study is unique in its desire and ability to place Black Canadian slave women at the center of research and then contextualize it with a Caribbean model **Testing the Chains** Michael Craton,2009 Slavery in North Carolina, 1748-1775 Marvin L. Michael Kay,Lorin Lee Cary,2000-11-09 Michael Kay and Lorin Cary illuminate new aspects of slavery in colonial America by focusing on North Carolina which has largely been ignored by scholars in favor of the more mature slave systems in the Chesapeake and South Carolina Kay and Cary demonstrate that North Carolina s fast growing slave population increasingly bound on large plantations included many slaves born in Africa who continued to stress their African pasts to make sense of their new world The authors illustrate this process by analyzing slave languages naming practices family structures religion and patterns of resistance Kay and Cary clearly demonstrate that slaveowners erected a Draconian code of criminal justice for slaves This system played a central role in the masters attempt to achieve legal political and physical hegemony over their slaves but it impeded a coherent attempt at acculturation In fact say Kay and Cary slaveowners often withheld white culture from slaves rather than work to convert them to it As a result slaves retained significant elements of their African heritage and therefore enjoyed a degree of cultural autonomy that freed them from reliance on a worldview and value system determined by whites New Men Thomas A. Foster,2011-01-24 In 1782 J Hector St John de Cr vecoeur wrote What then is the American this new man He is an American who leaving behind him all his ancient prejudices and manners receives new ones from the new mode of life he has embraced In casting aside their European mores these pioneers de Cr vecoeur implied were the very embodiment of a new culture society economy and political system But to what extent did manliness shape early America s character and institutions And what roles did race ethnicity and class play in forming masculinity Thomas A Foster and his contributors grapple with these questions in New Men showcasing how colonial and Revolutionary conditions gave rise to new standards of British American manliness Focusing on Indian African and European masculinities in British America from earliest Jamestown through the Revolutionary era and addressing such topics that range from slavery to philanthropy and from satire to warfare the essays in this anthology collectively demonstrate how the economic political social cultural and religious conditions of early America shaped and were shaped by ideals of masculinity Contributors Susan Abram Tyler Boulware Kathleen Brown Trevor Burnard Toby L Ditz Carolyn Eastman Benjamin Irvin Janet Moore Lindman John Gilbert McCurdy Mary Beth Norton Ann Marie Plane Jessica Choppin Roney and Natalie A Zacek **Gendered Realities** Patricia Mohammed,2002 This reader presents an understanding of Caribbean feminist scholarship The essays deal with diverse topics including the role of women in Caribbean art the development of women s history and gendered history the representation of masculinity in Caribbean feminist thought and more **Gender and Kinship** Jane Fishburne
