Marriage Migration, Family and Citizenship in Asia Tuen Yi Chiu, Brenda S.A. Yeoh, 2023-06-06 Amidst the increasing global trend of cross border marriage migration this book offers timely theoretical and empirical insights into contemporary debates about migration and citizenship Extant scholarship on marriage migration and citizenship have concentrated on East West inter cultural marriages and tended to approach citizenship as an individual centred concept linked to the nation state thus fading the family into the background Focusing on cross border marriages within Asia a region where collectivist and familistic values are still prevalent this book points to the importance of going beyond the state individual nexus to conceptualise and foreground the family as a strategic site where citizenship is mediated negotiated and experienced

Through six critical and in depth case studies on cross border marriages between East Southeast and South Asia this book reveals how nation states mobilize patriarchal notions of the family for its citizenship project how formal frameworks of citizenship structure the trajectory and circumstances of cross border families how the repercussions of marriage migrants citizenship are experienced and negotiated across generations and how the tensions between the individual the family and the state are produced along gender class race ethnic religious cultural geographical and generational boundaries Collectively this book calls for a rethinking of citizenship from an individual centred proposition to a family level concept Its wealth of case studies and examples make it an essential resource for students academics and researchers of Sociology Geography Anthropology Politics International Development Studies and Asian Studies The chapters in this book were originally published as a special issue of *Citizenship Studies* Choice of Law and Recognition in Asian Family Law Anselmo Reyes, Wilson Lui, Kazuaki Nishioka, 2023-10-05 This thematic volume in the series *Studies in Private International Law Asia* outlines the general choice of law and recognition rules relating to family matters of 15 Asian jurisdictions Mainland China Hong Kong Taiwan Japan South Korea Singapore Malaysia Vietnam Cambodia Myanmar the Philippines Indonesia Thailand Sri Lanka and India The book examines pressing questions and proposes ways in which their systems may be reformed A concluding chapter considers the extent to which Asian cross border family law systems can and should be harmonised The book provides a comprehensive analysis of cross border family law challenges including child surrogacy child abduction the recognition of same sex unions the recovery of maintenance and the regulation of intercountry adoption These are among the matters now testing Asian institutions of private international law and acting as forces for their modernisation With contributions by leading Asian private international law experts the book proposes necessary reforms for each of the jurisdictions analysed as well as for Asia as a whole *Remaking Families in Contemporary China* Xiaoying Qi, 2021-05-03 From civil war to Japanese occupation and communist revolution to market transition China has undergone and continues to experience enormous economic political and social change In *Remaking Families in Contemporary China* Xiaoying Qi explores a number of emerging family practices in China today that result from these ongoing changes Drawing upon 178 in depth interviews with young adults married adults and grandparents throughout China she finds that ordinary people are transforming their patterns of behavior and expectations in dealing with a changing world and in so doing remaking their families Filling a gap in the current research Qi investigates novel aspects of family life such as the practice of providing a child with its mother's surname rather than its father's in an intriguing exercise of veiled patriarchy She also identifies a new category of floating grandparents which consists of rural and small town grandparents who join their adult children in the massive labor migration that characterizes the modern Chinese workforce in order to provide childcare In addition Qi examines other often overlooked topics including spousal intimacy divorce and remarriage and co habitation in later life Offering new insights and theoretical developments *Remaking Families in Contemporary China* highlights why family related

Walker,1991 **Singapore Women's Charter** Leong Wai Kum,2011 Prof Leong Wai Kum not only demystifies the provisions of the Women s Charter she also situates the Charter in Singapore s political context at the time The author gives a balanced view of the Charter by highlighting the progressive provisions as well as its shortcomings Outstanding is her personal view that the Charter provides a moral view of marriage as being an equal cooperative partnership of different efforts She also holds the view that the Charter elevates the status of women as it gives equal importance to women s unpaid work and men s paid work The Charter enshrines and elevates the institution of marriage At the same time it also gives the reader an impression of the state s approach to familial relationships This is a must read book for those who are interested in gender issues Cheng U Wen Lena Founder Member and 1st President of AWARE The author affirms the primacy of the Women s Charter as a radically progressive legislation ahead of its time in the ideals that guided the drafters and in regulating family law in Singapore It provides thoughtful practical suggestions invaluable insights rationalises the provisions of the Charter comments on its many strengths and some of its shortcomings Perhaps the most valuable and appealing insight that the author highlights is that the Charter offers a moral message that calls on men and women to treat each other as equal partners discharge their obligation jointly and generally behave with consideration towards one another I would encourage all those planning to get married to study The Singapore Women s Charter 50 Questions Constance Singam Writer Social Activist Past President of AWARE The Women s Charter is arguably one of Singapore s most important pieces of legislation as it fundamentally altered the social fabric of the country It also has a very real and direct impact on the lives of many Singaporeans today This book is therefore to be warmly welcomed as it deals with 50 questions that are commonly asked about the Women s Charter Written in a clear succinct and yet scholarly manner by Singapore s leading family law academic the book will be helpful to Singaporeans who either need to understand the Charter better or who have an interest in how the law seeks to regulate the institution of marriage in Singapore Prof Tan Cheng Han Dean of Law Faculty National University of Singapore This book is a clear and concise guide to how the Women s Charter protects women and families in Singapore It looks behind and beyond the word of the law to consider the effect and effectiveness of the statute Undoubtedly the book is a useful tool for understanding how this legislation helps strengthen and preserve the Singapore family Laura Hwang President Singapore Council of Women s Organisations [Encyclopedia of Diasporas](#) Melvin Ember,Carol R. Ember,Ian Skoggard,2004-11-30 Immigration is a topic that is as important among anthropologists as it is the general public Almost every culture has experienced adaptation and assimilation when immigrating to a new country and culture usually leaving for what is perceived as a better life Not only does this diaspora change the country of adoption but also the country of origin Many large nations in the world have absorbed and continue to

absorb large numbers of immigrants The foreseeable future will see a continuation of large scale immigration as many countries experience civil war and secessionist pressures Currently there is no reference work that describes the impact upon the immigrants and the immigrant societies relevant to the world s cultures and provides an overview of important topics in the world s diasporas The encyclopedia consists of two volumes covering three main sections Diaspora Overviews covers over 20 ethnic groups that have experienced voluntary or forced immigration These essays discuss the history behind the social economic and political reasons for leaving the original countries and the cultures in the new places Topics discusses the impact and assimilation that the immigrant cultures experience in their adopted cultures including the arts they bring the struggles they face and some of the cities that are in the forefront of receiving immigrant cultures Diaspora Communities include over 60 portraits of specific diaspora communities Each portrait follows a standard outline to facilitate comparisons The Encyclopedia of Diasporas can be used both to gain a general understanding of immigration and immigrants and to find out about particular cultures topics and communities It will prove of great value to researchers and students curriculum developers teachers and government officials It brings together the disciplines of anthropology social studies political studies international studies and immigrant and immigration studies
