Insurrection David Neiwert,2023-06-27 An important book offering the clearest explanation of how dark forces conspired to overthrow our democratically elected government and install a fascist regime in its place And it's a warning that what comes next might be even worse His prose is passionate thoughtful at times blisteringly funny and always deeply morally engaged with the importance of the work The Seattle Times A brisk and searing history It's a disturbing look at how hard extremism is to stamp out Publishers Weekly The strange and terrible tale of the far right's long war on American democracy From a

smattering of ominous right wing compounds in the Pacific Northwest in the 1970s to the shocking January 6 2021 insurrection at the U S Capitol America has seen the culmination of a long building war on democracy being waged by a fundamentally violent and antidemocratic far right movement that unironically calls itself the Patriot movement So how did we get here Award winning journalist David Neiwert who been following the rise of these extremist groups since the late 1970s when he was a young reporter in Idaho explores how the movement was built over decades how it was set aflame by Donald Trump and his cohorts and how it will continue to attack American democracy for the foreseeable future Neiwert especially studies how the Pacific Northwest has long been a breeding ground of extremist violence from the time when neo nazis migrated to the area from southern California in the 1970s through the great battles in Portland and Seattle and neighboring towns over the last decade Laying out how these groups organize their terroristic violence and attacks on democratic institutions at every level including local state and federal targets Neiwert details what their strategies and plans look like for the foreseeable future
