Discourse Heather Conway,John Stannard,2016-12-15 In his seminal work *Emotional Intelligence* Daniel Goleman suggests that the common view of human intelligence is far too narrow and that emotions play a much greater role in thought decision making and individual success than is commonly acknowledged The importance of emotion to human experience cannot be denied yet the relationship between law and emotion is one that has largely been ignored until recent years However the last two decades have seen a rapidly expanding interest among scholars of all disciplines into the way in which law and the emotions interact including the law s response to emotion and the extent to which emotions pervade the practice of the law In *The Emotional Dynamics of Law and Legal Discourse* a group of leading scholars from both sides of the Atlantic explore these issues across key areas of private law public law criminal justice and dispute resolution illustrating how emotion infuses all areas of legal thought The collection argues for a more positive view of the role of emotion in the context of legal discourse and demonstrates ways in which the law could in the words of Goleman become more emotionally intelligent

From Child to Elder Alan Pope, 2006 From Child to Elder explores the personal growth that can arise when a middle aged adult loses his or her last living parent Based on an empirical phenomenological study this book details the complex ways in which the adult orphan s ongoing relationship to the deceased parents combined with the unique meanings of the loss leads to a deepening of individual autonomy and spiritual awakening Confrontation with mortality and fundamental aloneness promotes among other things an increased sense of existential responsibility toward self and others as the adult orphan psychologically assumes its new role as an elder These and many other themes are structured into an integrated whole and amplified through developmental existential and Jungian perspectives The result is a compelling portrait of the processes by which the death of one s parents can accelerate psychospiritual development

No Time for Tears Judy Heath, Bernie Siegel, 2015-05-01 Facing the loss of a loved one in a death avoidant culture can be excruciating Grievers may be expected to put on a brave face to move on quickly and to seek medication if they are still grief stricken after an acceptable amount of time Psycho therapist Judy Heath draws on extensive experience as a grief specialist in private practice to help those struggling with the anguish of loss Addressing the myths and misinformation about mourning that still abound today Heath gently coaches readers to understand that coping with loss is a natural process that our society tends to avoid and hurry people through often leading to unresolved lasting grief No Time for Tears offers practical advice for both short and long term recovery including how to manage rarely discussed physical and emotional changes feelings of going crazy and inability to focus feeling out of sync with the world exhausted and chilled and crushingly lonely This updated second edition includes new information about medication and discusses various types of loss including that of a parent child spouse friend or pet Helpful not only to griever s but also to those who care about counsel or employ them No Time for Tears is an essential resource for grief management and recovery

In the Presence of Grief Dorothy Stroh Becvar, 2003-08-08 Illuminating the impact of loss and grief on our psychological and emotional lives this book provides vital guidance to ease painful transitions and facilitate healing The author emphasizes that dealing with the death of a loved one involves more than picking up the pieces and moving on rather healing is an ongoing journey on which grief is a

constant companion For those in a supportive role the focus is on helping the bereaved to navigate the grieving process and ultimately to reclaim joy as well as sadness as an integral part of life Filled with personal narratives and examples the book demonstrates effective ways to help survivors cope with commonly experienced issues problems and concerns Clinical psychologists family therapists psychiatrists social workers and counselors working with families physicians and nurses in palliative care settings hospice professionals While written for professionals the book s sensitive coverage of universal themes also makes it suitable for general readers
