she could not deny the possibility She knew she had to witness it firsthand Emily spent the next few months planning her journey to The Lost World of the Dinosaurs She read every book and article she could find on the subject and contacted paleontologists and dinosaur experts for advice Emily was finally prepared to embark on her expedition She packed her bags with all the essentials including food water camping gear and her extensive collection of dinosaur literature She boarded a small aircraft that would transport her to a nearby island where she would need to board a small boat to reach The Lost World Emily finally arrived on the remote island that was rumored to be the entrance to The Lost World where she encountered a local guide who agreed to take her to the island by boat As they traversed the Pacific Ocean Emily could not help but feel both anxious and exhilarated She was about to embark on a rare expedition and she was uncertain of what to anticipate Emily felt a rush of exhilaration and anticipation as she stepped onto the shore of the island that was said to be The Lost World of the Dinosaurs She was aware that she was about to witness something extraordinary **Dinoworld** Archie Blackwell,2012 The Lost Worlds of Buckstevenson Steven J.
