The Lost Revolution: Vietnam, 1945-1965. [With an Endpaper Map.] Robert Shaplen, 1966 The Lost Revolution Robert Shaplen, 1966 **Vietnam's Lost Revolution** Geoffrey C. Stewart, 2017-03-24 Vietnam's Lost Revolution employs archival material from Vietnam to examine the First Republic of Vietnam's Civic Action program designed to recast the newly independent state as a modern anticommunist nation This book engages with topics like nationalism post colonialism and development in its examination of events that led to the Vietnam War **Routledge Library Editions: Revolution in Vietnam** Various, 2022-07-30 This 7 volume set of previously out of print titles examines both the war for liberation in Vietnam and its political and economic aftermath The economic reforms that began to transform Vietnam from a planned economy to a partially market one are focused on in particular as are the early days of revolutionary conflict Vietnam 1945 David G. Marr, 2023-09-01 1945 the most significant year in the modern history of Vietnam One thousand years of dynastic politics and monarchist ideology came to an end Eight decades of French rule lay shattered Five years of Japanese military occupation ceased Allied leaders determined that Chinese troops in the north of Indochina and British troops in the South would receive the Japanese surrender Ho Chi Minh proclaimed the Democratic Republic of Vietnam with himself as president Drawing on extensive archival research interviews and an examination of published memoirs and documents David G Marr has written a richly detailed and descriptive analysis of this crucial moment in Vietnamese history He shows how Vietnam became a vortex of intense international and domestic competition for power and how actions in Washington and Paris as well as Saigon Hanoi and Ho Chi Minh's mountain headquarters interacted and clashed often with surprising results Marr's book probes the ways in which war and revolution sustain each other tracing a process that will interest political scientists and sociologists as well as historians and Southeast Asia specialists 1945 the most significant year in the modern history of Vietnam One thousand years of dynastic politics and monarchist ideology came to an end Eight decades of French rule lay shattered Five years of Japanese military occupation ceased Allied leaders *Vietnam's High Ground* J. P. Harris, 2016-09-12 During its struggle for survival from 1954 to 1975 the region known as the Central Highlands was the strategically vital high ground for the South Vietnamese state Successive South Vietnamese governments their American allies and their Communist enemies all realized early on the fundamental importance of this region Paul Harris's new book based on research in American archives and the use of Vietnamese Communist literature on a very large scale examines the struggle for this region from the mid 1950s tracing its evolution from subversion through insurgency and counterinsurgency to the bigger battles of 1965 The rugged mountains high plateaus and dense jungles of the Central Highlands seemed as forbidding to most Vietnamese as it did to most Americans During 1954 to 1965 the great majority of its inhabitants were not ethnic Vietnamese Ngo Dinh Diem's regime initially supported an American counterinsurgency alliance with the Highlanders only to turn dramatically against it As the war progressed however the Central Highlands became increasingly important It

was the area through which most branches of the Ho Chi Minh Trail passed. With its rugged jungle clad terrain it also seemed to the North Vietnamese the best place to destroy the elite of South Vietnam's armed forces and to fight initial battles with the Americans. For many North Vietnamese however the Central Highlands became a living hell of starvation and disease. Even before the arrival of the American 1st Cavalry Division the Communists were generally unable to win the decisive victories they sought in this region. Harris's study culminates with an account of the campaign in Pleiku province in October to November, a campaign that led to dramatic clashes between the Americans and the North Vietnamese in the Ia Drang valley. Harris's analysis overturns many of the accepted accounts about NVA US and ARVN performances. **Empires at**

War Francis Pike, 2011-02-28 Asia with four billion people almost two thirds of the world's population a huge landmass and the fastest growing economies has in the past decade transformed the geopolitical global balance. **Empires at War** gives a dramatic narrative account of how this Modern Asia came into being. Taking the bombing of Hiroshima on 6th August 1945 as its starting point Francis Pike chronicles the modern fortunes of fourteen Asian countries. The iconic figures of post World War II Asia Mao Gandhi Nehru Ho Chi Minh Kim Il Sung General MacArthur and Lord Mountbatten figure prominently but so also do a great many lesser known but pivotal figures. Francis Pike weaves the dramatic events and episodes of the region the great battles between American and Soviet backed forces in Korea and Vietnam but also episodes such as Indian Partition Japan's Lost Decade Indonesia's Year of Living Dangerously and Cambodia's Killing Fields into a coherent whole which forms the essential guide to the history of modern Asia. **The Vietnam War from the Other Side** Cheng Guan Ang, 2013-07-04

Existing studies of the Vietnam War have been written mostly from an American perspective using western sources and viewing the conflict through western eyes. This book based on extensive original research including Vietnamese Chinese and former Soviet sources presents a history of the war from the perspective of the Vietnamese communists. It charts relations with Moscow and Beijing showing how the involvement of the two major communist powers changed over time and how the Vietnamese despite their huge dependence on the Chinese and the Soviets were most definitely in charge of their own decision making. Overall it provides an important corrective to the many one sided studies of the war and presents a very interesting new perspective. The Vietnam Syndrome G. Simons, 1997-10-27 This book focuses on the Vietnam Syndrome

the effects for the United States of the American defeat in the Vietnam War. It argues that a full understanding of the Syndrome requires a proper appreciation of key shaping elements in Vietnamese and American history. Attention is given to the racial genocide that attended the birth of the United States to US imperialism and capitalism and to the Cold War framework. The nature of America as a plutocracy is emphasised followed by profiles of policy options and three specific issues post war Vietnam El Salvador and Iraq. Louise Brown,2021-12-27 This book first published in 1991 attempts to combine a broad understanding of the background to the conflict in Vietnamese and world history with detailed material on US military tactics and the failure of pacification There are chapters on the US presidential administrations of Johnson Kennedy and Nixon religion culture and society in North and South Vietnam and the nature of the People s Revolutionary War **People's War (RLE Modern East and South East Asia)** J.L.S. Girling,2017-09-19 This book first published in 1969 casts a critical eye over the problem of insurgency The

author sees insurgency not just as a matter of technique military tactics or organizational skill nor as the result of force and fraud but as people's war the conditions in which the mass of the people become involved voluntarily or otherwise on either side He quotes Nasution's statement The guerrilla movement is only the result not the cause of the problem People's war brings the peasantry hitherto ignorant apathetic or rejected into the political process For war is the continuation of politics by other means In Asia this was essentially a peasant's war arising when peasant grievances interests or demands cannot be met under the existing legitimate but urban or landowner orientated system of rule It shows little understanding to blame outside intervention when peasant and nationalist unrest leads to revolt The Chinese Communists did not owe success to Soviet aid the Vietminh to Chinese assistance or the Vietcong to North Vietnamese intervention The conclusion applies to governments as to insurgents no amount of outside aid can win the war for them if they themselves are incapable and the people on whom they depend for support have no will to fight This book based on first hand experience of the area and on study of original sources offers 1 an analysis of people's war in China Indochina and Vietnam 2 a critique of US policy in Laos and Vietnam and 3 a comparison with counter measures in Malaya the Philippines and Indonesia It is both original and constructive
