Love Not Human:

Love Not Human Gordon R. Dickson, 1988 **Peacemaking and Religious Violence** Roger A. Johnson, 2009-09-01

From its very beginning Christian faith has been engaged with religious violence. The first Christians were persecuted by their co-religionists and then by imperial Rome. Jesus taught them in such circumstances not to retaliate but to be peacemakers to love their enemies and to pray for their persecutors. Jesus's response to religious violence of the first century was often ignored but it was never forgotten. Even during those centuries when the church herself persecuted Christian heretics, Jews, and Muslims, some Christians still struggled to bear witness to the peace mandate of their Lord. In the thirteenth century Thomas Aquinas wrote a theology to help his Dominican brothers persuade Cathar Christians to return to their Catholic faith peacefully. Ramon Lull, a Christian student of Arabic, and the Qur'an sought to help his fellow Christians recognize the elements of belief they shared in common with the Muslims in their midst. In the fifteenth century Nicholas of Cusa, a Church Cardinal and theologian, expanded Lull's project to include the newly discovered religions of Asia. In the seventeenth century Lord Herbert, an English diplomat and lay Christian, began to identify the political union of church and government as a causal factor in the religious warfare of post-Reformation Christendom. One and a half centuries later Thomas Jefferson, a lay theologian of considerable political stature, won a political struggle in the American colonies to disestablish religion first in his home colony of Virginia and then in the new nation he helped to found. All five of these theologians reclaimed the peace mandate of Jesus in their response to the religious violence of their own eras. All of which points us to some intriguing Christian responses to religious violence in our own century as recounted in the epilogue.

What is Justice? Hans Kelsen, 2022-04-29. Through the lens of science, Hans Kelsen proposes a dynamic theory of natural law, examines Platonic and Aristotelian doctrines of justice, and the idea of justice as found in the holy scriptures. Extremist for Love Rufus Burrow, 2014. On June 5, 2002, fourteen-year-old Elizabeth Smart, the daughter of a close-knit Mormon family, was taken from her home in the middle of the night by a religious fanatic. Held captive by him, and his wife Elizabeth, she suffered daily physical and emotional abuse. Rescued nine months later, she rejoined her family. Now, for the first time, Smart tells the story of how she survived and endured and found the strength to pick up the pieces of her life. Bestseller.

Godliness and Greed Skip Worden, 2010-01-01. Skip Worden shows the profound transformation of Christian thought on economics from the beginning of the Commercial Revolution to the fifteenth-century Renaissance. Worden explains how the general antagonism toward the pursuit of wealth before the Commercial Revolution turned into Protestant theologians fighting against the prevailing view of a pro-wealth paradigm during the fifteenth century.

The Johannine World David J. Hawkin,1996-01-01 Argues that the Fourth Gospel has political dimensions which offer both meaning and challenge to contemporary Christians The Existence Theodore Ihejieta,2018-12-21 The Existence By Theodore Ihejieta The Existence is a book of love and life that talks about the world as the existence of human beings and tells human beings to understand that the world is the love and the life It is a book of Planet Earth which the Planet Earth gave to the author because the author asked the Planet Earth for the book of the world The author is a human being who lost faith in God and called on Planet Earth to do work and save human beings from evil and death in the world This is a book of a human being who was challenged by evil and death in the world and the human being called on his existence for help and protection The author did not like to die in the world and told his existence that he did not want to die because the author believed that Planet Earth has the power to save human beings in the world The Existence is the faith the hope and the charity that God challenged human beings to find and tell the mountain of evil and death to move away from human beings

As If God Existed Maurizio Viroli, 2012-09-09 Religion and liberty are often thought to be mutual enemies if religion has a natural ally it is authoritarianism not republicanism or democracy But in this book Maurizio Viroli a leading historian of republican political thought challenges this conventional wisdom He argues that political emancipation and the defense of political liberty have always required the self sacrifice of people with religious sentiments and a religious devotion to liberty This is particularly the case when liberty is threatened by authoritarianism the staunchest defenders of liberty are those who feel a deeply religious commitment to it Viroli makes his case by reconstructing for the first time the history of the Italian religion of liberty covering its entire span but focusing on three key examples of political emancipation the free republics of the late Middle Ages the Risorgimento of the nineteenth century and

the antifascist Resistenza of the twentieth century In each example Viroli shows a religious spirit that regarded moral and political liberty as the highest goods of human life was fundamental to establishing and preserving liberty He also shows that when this religious sentiment has been corrupted or suffocated Italians have lost their liberty This book makes a powerful and provocative contribution to today s debates about the compatibility of religion and republicanism *Ephesians* Ernest Best,2003-07-01 An abbreviated edition in paperback of the commentary in the ICC series For those who lack the linguistic and historical grounding or the time to deal with the ICC volume this Shorter Commentary retains all the important elements of the introduction and commentary but excludes foreign language material technical notes and excursuses *The Law of Love & Its Fabulous Frequency of Freedom* Jasmuheen,2007-08-01 An extensive manual filled with powerful life transforming meditations which also details the Ancient Taoist Masters techniques for Immortality plus Futuristic Science tools of Inter Dimensional Matrix Mechanics for Jasmuheen s Freedom from Human Limitation Agenda This research covers freedom from the need to age or create dis ease freedom from the need to take food or liquid as we learn how to create a self sustaining bio system freedom to express our Divine nature and all its gifts and glories plus tested methods for determining our personal readiness levels for these freedoms **Words of Faith** Byrne, Brendan J., SJ,2023 This work offers over 100 concise discussions of key Pauline words and concepts Its primary focus lies on the seven undisputed letters though material in the remaining letters traditionally attributed to Paul especially Ephesians and Colossians while treated separately is not neglected While accuracy has required reference to the relevant Greek words in each case the use of transliteration renders the work accessible to nonspecialists and students as well to established scholars Each entry is completed with an up to date indication of further reading in the area concerned Compiled from a distinctly theological perspective and the product of over five decades of research and teaching in Pauline studies the vocabulary is an indispensable resource for scholar and student alike *W.h. Williams,2017-09-05 In The Screenwriters Taxonomy award winning screenwriter and educator Eric R Williams offers a new collaborative approach for creative storytellers to recognize discuss and reinvent storytelling paradigms Williams presents seven different aspects of storytelling that can be applied to any fictional narrative film from super genre macrogenre and microgenre to voice and point of view allowing writers to analyze existing films and innovate on these structures in their own

stories Moving beyond film theory Williams describes how this roadmap for creative decision making can relate to classics like *Sunset Boulevard* *The Wizard of Oz* and *Butch Cassidy and the Sundance Kid* as well as such diverse modern favorites like *12 Years a Slave* *Anomalisa* and *Shrek* **Virtue Ethics, Old and New** Stephen Mark Gardiner, 2005 There are grounds for saying that contemporary work in virtue ethics is if not quite in its theoretical infancy at least not far out of diapers And this suggests that we should be gentle and nurturing allowing it time to flourish before coming to any definitive verdict on its merits However it is hard to deny that modern day virtue ethics is part of a long sophisticated and fairly continuous tradition Not only does the approach have origins almost as ancient as philosophy itself but its history also includes extensive work by such philosophical luminaries as at least Socrates Plato Aristotle the Stoics Aquinas and perhaps Hume and Nietzsche And this suggests that we should already be in a good position to assess its appeal from the Introduction In *Virtue Ethics Old and New* ten philosophers seek to enrich the contemporary understanding and development of virtue ethics through a detailed examination of some key contributions from its past Their essays demonstrate the continuing relevance of the history of moral philosophy to contemporary debates
