Measuring The Night Vol I Evolutionary Astrology And The Keys To The Soul:

Insights into Evolutionary Astrology Rose Marcus, 2010-09-08 Evolutionary astrology holds the key to life's most profound mysteries. Where does the soul come from? How can we grow spiritually? What are our intended life lessons? Shedding new light on these vitally important questions, well-known astrologer Rose Marcus has compiled a collection of illuminating essays by today's foremost evolutionary astrologers. Each contributor offers fascinating perspectives on evolutionary astrology and explores various aspects of Pluto's role in determining the soul's evolving needs and desires. Jeffrey Wolf Green, the world-renowned founder of this specialized field of study, begins the book with an exploration of the four natural evolutionary laws that propel soul growth. Deva Green continues with a discussion of how Pluto drives our evolutionary growth, illustrated with case studies and charts of notable figures such as President Barack Obama. Contributors also explore Pluto's influence on the sexual and relationship characteristics of each zodiacal sign, the fulfillment of human potential, the dynamics between twins, past life regression, the interpretive importance of planetary nodes, and the cultural significance of Pluto entering Capricorn. Features original essays by Jeffrey Wolf Green, Deva Green, Kim Marie Maurice, Fernandez, Kristin Fontana, Patricia L. Walsh, Mark Jones, and Rose Marcus. Praise: If you have ever wondered about the premises of evolutionary astrology, this book is a must-read, covering many dimensions of the subject expounded by highly respected teachers, lecturers, and authors of the system, as well as the founder himself, Jeffrey Wolf Green. It is insightful, inspirational, and even controversial, providing the reader with much to ponder. CHRIS MCRAE, professional astrologer and vice president of the International Society of Astrological Research. *Insights into Evolutionary Astrology* is one of the most insightful and original books on the subject of astrology that is currently in print. The articles are very diverse, well thought out, and presented in an easily and understandable fashion for both the practicing astrologer and interested lay person. LYNN NEESE, former president of both the Seattle Astrologers Association and the Washington Astrologers Association. [Surfing Aquarius](#) Dan Furst, 2011-09-01 A savvy book full of optimism and insight into the new. The Age of Aquarius has arrived. Learn how to thrive in the Age of Aquarius. *Surfing Aquarius* is for people who want to make the best of the years just ahead by making brave, optimistic choices in a spirit of community. Every 2100 years, life on Earth comes under the influence of a different astrological sign, each Great Age bringing its own ruling symbols and patterns of meaning, technical innovations, political and social currents, organizational structures, and key ideas. *Surfing Aquarius* shows how 2012 is the beginning of a spiritual transformation when awakened human beings will create new societies based on Aquarian principles of inventive teamwork and empowered service. The book features the 11 Principles of the Aquarian Age: Revolution, Unity, Friendship, Transparency, Magic, Comedy, Abundance, Electricity, Brilliance, and Freedom. Furst describes what life can be like in an Aquarian age: an economy based on abundance rather than scarcity and a spirituality that celebrates union, friendship, and love. The book is, above all, a practical guide for those who see that the better we understand the opportunities and challenges of our time, and the better

we know which way the wave of change is breaking the better a chance we ll have of getting ourselves and our families safely ashore
