Palestinians And Disputed Territories:

The Palestinians and the Disputed Territories Neil Alger, 2004 The ongoing conflict between the Israelis and the Palestinians has roots that stretch all the way back to biblical times This anthology explores the different causes of this violent conflict and considers some of the potential options for building a lasting peace Disputed Territories and International Criminal Law Simon McKenzie, 2019-11-08 It has been over 50 years since the beginning of the Israeli occupation of the Palestinian Territories It is estimated that there are over 600 000 Israeli settlers living in the West Bank and East Jerusalem and they are supported protected and maintained by the Israeli state This book discusses whether international criminal law could apply to those responsible for allowing and promoting this growth and examines what this application would reveal about the operation of international criminal law It provides a comprehensive analysis of how the Rome Statute of the International Criminal Court could apply to the settlements in the West Bank through a close examination of the potential operation of two relevant Statute crimes first the war crime of transfer of population and second the war crime of unlawful appropriation of property It also addresses the threshold question of whether the law of occupation applies to the West Bank and how the principles of individual criminal responsibility might operate in this context It explores the relevance and coherence of the legal arguments relied on by Israel in defence of the legality of the settlements and considers how these arguments might apply in the context of the Rome Statute The work also has wider aims raising questions about the Rome Statute s capacity to meet its aim of establishing a coherent and legally effective system of international criminal justice **The Humanitarian and Development Situation in the Occupied Palestinian Territories**

Great Britain. Parliament. House of Commons. International Development Committee, 2008 humanitarian and development situation in the Occupied Palestinian Territories Eleventh report of session 2007 08 Vol 2 Oral and written Evidence **The European Union and Occupied Palestinian Territories** Dimitris Bouris, 2014-02-03 This book analyses the present European Union EU approach to state building both in policy and operation It offers a review of the literature on peace building EU state building and conflict resolution before examining in detail the EU s role as a state builder in the case of the Occupied Palestinian Territories following the 1993 Oslo Accords Drawing on extensive fieldwork and over 140 interviews carried out in Brussels London Jerusalem and Ramallah with EU Palestinian and Israeli officials as well as academics members of NGOs and civil society the author evaluates the present approach of state building and offers a framework to test the effectiveness of the EU as a state builder Examining security sector reform judiciary sector reform and the rule of law the book brings the voices from the field to the forefront and measures the contribution of the EU to state building against a backdrop of on going conflict and a polarised social setting This book will be of interest to students and scholars of international relations EU politics Middle Eastern politics conflict resolution and state building **Zionism and Land Tenure in Mandate Palestine** Aida Essaid, 2013-12-04 A fundamental aspect of the conflict between Palestinians and

Israelis is the territorial dispute which began long before the State of Israel was established. Analysing the land tenure system in Palestine under the administration of the British Mandate, this book questions whether and to what extent the land tenure system in Palestine facilitated Zionist land acquisition. The research uses benchmarks elaborated in the guidelines of the United Nations Human Settlements Programme as its analytical starting point and looks at the formation and implementation of the land tenure system in Palestine. It goes on to place the penetration of Zionism into the land tenure system within the theoretical context of a colonial settler framework, employing information from land registry records located at the Jordanian Department of Lands. Providing a political historical analysis of the land tenure system from the end of Ottoman Rule until the end of the British Mandate, this book will be of interest to scholars and students of Middle Eastern History, Imperial and Colonial History, and Middle Eastern Politics.

Israelis and Palestinians

Jonathan Glover, 2023-12-19. Can Israelis and Palestinians end their long conflict? The shocking violence of current events undermines hope, as does the long history of peace deals sabotaged by extremists on both sides. In this compelling and timely book, the eminent moral philosopher Jonathan Glover argues that one vital step towards progress is to better understand the disturbing psychology of the cycle of violence. Glover explores the psychological flaws that entrap both sides: the urge to respond to wounds or humiliation with backlash; political or religious beliefs held with a rigidity that excludes compromise; and people's identity being shaped by the conflict in ways that make it harder to imagine or even desire alternatives. Drawing on the history of comparable conflicts that eased over time, Glover proposes some ways to gradually weaken the grip of this psychology. Completed as casualties mounted in the latest political and humanitarian crisis, *Israelis and Palestinians* is essential reading for anyone concerned by the ongoing violence in the Middle East. Also available as an audiobook.

A History of the Israeli-Palestinian Conflict Mark Tessler, 2009-03-24. Mark Tessler's highly praised comprehensive and balanced history of the Israeli-Palestinian conflict from the earliest times to the present, updated through the first years of the 21st century, provides a constructive framework for understanding recent developments and assessing the prospects for future peace. Drawing upon a wide array of documents and on research by Palestinians, Israelis, and others, Tessler assesses the conflict on both the Israeli and the Palestinian terms. New chapters in this expanded edition elucidate the Oslo peace process, including the reasons for its failure and the political dynamics in Israel, the West Bank, and Gaza at a critical time of transition.

Human Rights, Self-Determination and Political Change in the Occupied Palestinian Territories

Stephen Bowen, 2021-09-27. How can international human rights standards in the civil and political sphere and in respect of economic, social, and cultural rights provide clear guidance for political change? This collection offers the reader an exposition and critical analysis of the agreements between Israel and the Palestinian Liberation Organisation from the perspective of international human rights law. Covered topics include the relevance and influence of international law on the peace-making process, the strengths and weaknesses of the agreements, and the extent to which they lay the foundation for the realization

of Palestinian self determination and the development of a democratic and civil society the status and obligations of both the State of Israel and the emerging Palestinian Authority in respect of the Occupied Territories and the continuing role of international actors and non governmental organisations in promoting respect for human rights during a period of dramatic transition The position of Palestinian women and the operation of international human rights standards as mechanisms for political change receive particular attention Scholars concerned with the Middle East and anyone interested in the promotion and protection of human rights in post conflict situations will appreciate this unique and challenging collection Palestine and the Palestinians Samih K. Farsoun, 2018-05-04 Palestine and the Palestinians is a sweeping social economic ideological and political history of the Palestinian people from antiquity to the Road Map to Peace This second edition is thoroughly revised and updated including entirely new chapters on the most current issues confronting Palestine today including Palestinians in Israel the Oslo Accords and the Second Intifada Palestinian refugees and the right to return Jerusalem the diplomatic peace process and two state single state solutions **The Palestinians** Cheryl Rubenberg, 2003 A forceful penetrating critique of the Oslo Accords and their devastating aftermath **A Guide to Documents on the Arab-Palestinian/Israeli Conflict** M. Cherif Bassiouni, Shlomo Ben Ami, 2009 A Guide to Documents on the Arab Palestinian Israeli Conflicts 1897 2008 is a comprehensive non partisan compilation designed to provide relevant legal and historical source material pertaining to this conflict Each document is summarized for the reader's benefit The compilation contains all United Nations Resolutions and Reports Treaties and Agreements as well as historic documents that are difficult to obtain To put the conflict into perspective a chronology of events is provided followed by an objective analysis of the historical background including discussion of the various phases of the conflict strategic considerations and an analysis of the prospects for peace The 690 documents summarized with official citations are the most extensive compilation covering the period from 1897 through 2008 including some key texts on Jerusalem dating back to earlier times The documents are organized according to the conflict's major topic areas with introductory notes for each part and section M Cherif Bassiouni and Shlomo Ben Ami have had a long history of involvement in the peace process Their combined expertise and personal experiences add a unique dimension to this book that will provide anyone interested in the conflict with a distinct easy to use comprehensive compilation of relevant documents The Israel-Palestine Conflict Neil Caplan, 2011-09-19 The Israel Palestine Conflict Contested Histories provides non specialist readers with an introduction and historical overview of the issues that have characterized and defined 130 years of the still unresolved Israeli Palestinian conflict Provides a fresh attempt to break away from polemical approaches that have undermined academic discussion and political debates Focuses on a series of core arguments that the author considers essentially unwinnable Introduces readers to the major historiographical debates sparked by the dispute Encourages readers to consider more useful ways of explaining and understanding the conflict and to go beyond trying to prove who is right and wrong This volume suggests a fresh and original

interpretation to the history of the Arab Israeli conflict Caplan juggles skillfully and even handedly between the two narratives reflecting the parties own views without embracing the cause of any party Joseph Nevo University of Haifa An impressive and very valuable work One could not ask for a better short history of the conflict Caplan offers readers a study that is extremely well informed resolutely fair minded and filled with thoughtful insights Mark Tessler University of Michigan

Developing the Occupied Territories: The economy ,1993-01-01 As Kyrgyzstan moves toward a market economy it faces population growth rising unemployment and increased poverty The guidelines in this study show how transitional economies can deliver social services to the people who will need them most Recommendations to improve the labor market include ways to retrain workers provide unemployment benefits create a government employment service and deal with mass layoffs The report suggests calculating a specific poverty line so that subsidies may be directed more carefully to those in need and social spending may be reduced This poverty line would be used with other government measures to reform pensions family allowances maternity benefits sick pay and subsidies for food and heating fuel Additional reforms suggest ways to strengthen social services and improve policies for education health care and family planning They survey different ways to monitor poverty allocate budgets and exploit the services of nongovernmental organizations *The Human Right to Water and its Application in the Occupied Palestinian Territories* Amanda Cahill Ripley,2011-04-11 The Human Right to Water and Its Application in the Occupied Palestinian Territories provides an overview and examination of the human right to water as determined under international human rights law This is a highly topical issue with the UN General Assembly having passed a resolution which declares access to clean water and sanitation a human right New York Jul 28 2010 the recent appointment of the UN Independent Expert on the issue of human rights obligations related to access to safe drinking water and sanitation and movement within the NGO community for an international water treaty Amanda Cahill Ripley analyses the current legal status substantive content and obligations correlative to the right and examines the relationship between other economic social and cultural rights related to the right to water The book goes on to look more specifically at the application of the human right to water in the Occupied Palestinian Territories Using innovative methodology Cahill Ripley combines legal analysis with a qualitative social science empirical case study to explore the enjoyment of the right on the ground The wider implications of the case study findings are then considered looking at what can be done to strengthen the right legally in terms of its status and codification and what remedy can be found for violations of the right both specifically in the Occupied Palestinian Territories and in a more general context The book will be of interest to students academics and practitioners within the fields of international human rights law and international humanitarian law as well as those concerned with international relations and conflict resolution within Israel Palestine and the wider Middle East region
