E., booksellers, London, 1923 Sophocles: The Electra (1st ed. 1924) Sophocles, 1907 *Shostakovich in Dialogue* Judith Kuhn, 2017-07-05 A thorough examination of Shostakovich's string quartets is long overdue Although they can justifiably lay claim to being the most significant and frequently performed twentieth century oeuvre for that ensemble there has been no systematic English language study of the entire cycle Judith Kuhn's book begins such a study undertaken with the belief that despite a growing awareness of the universality of Shostakovich's music much remains to be learned from the historical context and an examination of the music's language Much of the controversy about Shostakovich's music has been related to questions of meaning The conflicting interpretations put forth by scholars during the musicological Shostakovich wars have shown the impossibility of fixing a single meaning in the composer's music Commentators have often heard the quartets as political in nature although there have been contradictory views as to whether Shostakovich was a loyal communist or a dissident The works are also often described as vivid narratives perhaps a confessional autobiography or a chronicle of the composer's times The cycle has also been heard to examine major philosophical issues posed by the composer's life and times including war death love the conflict of good and evil the nature of subjectivity the power of creativity and the place of the individual and particularly the artist in society Soviet commentaries on the quartets typically describe the works through the lens of Socialist Realist mythological master narratives Recent Western commentaries see Shostakovich's quartets as expressions of broader twentieth century subjectivity filled with ruptures and uncertainty What musical features enable these diverse interpretations Kuhn examines each quartet in turn looking first at its historical and biographical context and goes on to give special attention to the cultural questions being discussed at the time of its writing Chemistry Super Review - 2nd Ed. Matthias Range, 2016 The first in depth study of the ceremonial and music performed at British royal and state funerals over the past 400 years. British royal and state funerals are among the most elaborate and solemn occasions in European history. This book is the first in depth study of the ceremonial and the music performed at these events over the past 400 years from the funeral of Elizabeth I in 1603. Covering funerals of both royalty and non royalty including Nelson Wellington and Churchill this study goes up to the funerals of Queen Elizabeth The Queen Mother in 2002 and the ceremonial funeral of Baroness Thatcher in 2013. While some of these funerals have received a good deal of attention especially the 1997 funeral of Diana Princess of Wales these extraordinary events have largely not been discussed in their longer historical context. The book examines the liturgical changes in the Anglican funeral rite since the Reformation and also the change from the so called public to private funerals. It includes many new findings on the development of the ceremonial and its intricate peculiarities as well as new insights into the music and its performance. **British Royal and State Funerals** shows that despite a strong emphasis on continuity in the choice of music the ceremonial itself has shown an astonishing flexibility over the last four centuries. Overall the book also contributes to the debate on the monarchy's changing public image over time by paying

particular attention to topics such as tradition and propaganda Drawing on substantial research in principal libraries and archives including those of Westminster Abbey the College of Arms Lambeth Palace and the British Library this book is an exhaustive resource for musicologists musicians and historians alike providing an unprecedented insight into this most sombre of royal and state occasions MATTHIAS RANGE is author of Music and Ceremonial at British Coronations 2012 He is a post doctoral researcher for the Digital Image Archive of Medieval Music and its partner AHRC funded Tudor Partbooks project at the Faculty of Music University of Oxford **AB Bookman's Weekly** ,1993 **The Complete Annotated Gilbert and Sullivan** Ian C.
